NOTE OF REMARKS.

1. The accompanying plan and estimate provide for reconstructing the combined quarters for two apothecaries near the station hospital at Bellary. — The amount of the estimate is Rs. 6222.

2. The estimate has not been submitted in correct form. — The report, which circumstances render of special importance in this instance, is wanting; and the instructions conveyed in E.W.'s circular No. 1834C of the 10th Nov./84 have not been obeyed. — The plan and detailed estimate (both unnecessary under para. 1108 of the P.W. Code) are of little value. — The plan

does not distinguish between "old" and "new" work either by a simple dark coat, or by different colors — no distinction of any kind is shown; and the detailed estimate is not clear. — Subject to approval a satisfactory examination appears impossible in this case without a Report.

3. The positions of two beams are not well chosen. — The scantlings of the various timbers are correct.

4. The plan and estimate have been countersigned by the Qr. Mr. General, and have been approved in the Mily. Dept.

There is a very small (i.e. Rs 150) reserve available under Military — provision can therefore be made for the work only by applying to Govt of India as a special case — the existing grants for works being limited.

Quite so — but we had better first ask S.E. whether he can find funds by re-allotment (or if he has sufficient to justify this inquiry), & whether he can house the apothecaries elsewhere for a length of time pending provision of funds.

NOTE OF REMARKS.

In compliance with E.W.'s Memo. No 1108C of the 25th June '85 the report called for in connection with the estimate for the "Double Apothecarys Quarters at Bellary" has been submitted.

2. The report states that as the existing quarters were found to be in a "dangerous condition" — "The accompanying estimate provides for rebuilding the Double Quarters from the Basement upwards and for certain extensions of the side rooms. Further provision has also been made for a Servants Room for each quarters" —

3. The estimate amounts to Rs 8,222 — thus divided. —

Main building – Rs. 5,183; two cook rooms – Rs. 241; two privies for servants – Rs. 122; four servants rooms – Rs. 632; and a dividing wall – Rs. 44. The masonry of the main building is to be stone-in-mortar; of the out-offices stone-in-mud. —

The materials obtained from the existing building both wood and stone, are to be utilised as far as possible in erecting the proposed new quarters.

4. As before noted the plan and estimate have been countersigned by the Qr. Mr. General, and have been approved in the Military Department.
