CIRCULAR.

The Chief Engineer desires to call the attention of Officers of the department to the necessity for adverting fully to the previous history of works when submitting Estimates for sanction. This may be most conveniently done on the wrapper or outer sheet of the estimate form, under the head "References", where the entries should show whether the work has been included in any schedule of demands, has been brought forward in budgets for allotment of funds, or has been specially noticed in any Proceedings of Government.

2. Attention to these instructions will insure proper consideration to any claims which works may possess to early provision of funds.

NOTE OF REMARKS.

1. In obedience to G. O. No. 1135 W. of the 11th Aug/85 the accompanying plan and estimate are submitted for constructing a kitchen for the District Jail at Bellary. – The estimate amounts to Rs. 2,190.

2. A report has not been submitted. – The 'standard plan' from which the present design has been traced cannot be determined. The "End Elevation" has been incorrectly drawn.

3. The foundation of the building is to be of stone in mortar. The masonry of the superstructure of the main walls and all the pillars is to be hammer dressed [illegible]

The masonry of the inner walls of the raggy grinding room and rear room is to be stone in mud. — Bengal terracing has been adopted for the roofing. The flooring is to be of stone slabs, 1½ feet square, laid on concrete. The plan and estimate have been countersigned by the Inspr. Genl. of Jails, and have been approved in the Judicial Dept. —

In the case of the 1840 accompanying estimate, the S.E. has failed to attach a "Wrapper or Outer sheet", vide Form No. M 203 in the Volume of Forms. On this outer sheet should be given the "Report", vide S.W.'s Circular No. 1834 C of 10.11.84 & Code paras 1077 & 1108.

The Technical Branch has pointed out certain defects, but D.W. has marked the estimate "Sanction" without any remark, evidently because under Code para 258, the S.E. is responsible for details.
