READ—the following letter from Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 20th July 1885, No. 2291 A:—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate, plans, &c., below-mentioned, which have been approved by the Commander-in-Chief. The plans and estimate have been countersigned:—

Estimate, amounting to Rs. 1,978, for constructing V-shaped drains and cisterns, &c., for the improvement of the drainage of the Royal Artillery and European infantry barracks at Bellary, with specification and three plans.

2. An estimate for this work, amounting to Rs. 1,500, was sanctioned by Government in G.O., No. 2390, of 19th May 1884 (Public Works No. 1125 of 6th idem); but as, in carrying out the project, certain extra work was necessitated, as explained by the Superintending Engineer in his letter attached to the estimate, the Commander-in-Chief recommends that the [excess of Rs. 478, which the present estimate provides for, be sanctioned.

No. 3968, Military.

Approved and transferred to the Public Works Department for disposal.

Sir,

Enclosures.

With reference to your letter No. 734
dated 27th June 1885, I have the honor
to transmit the revised Estimate of Rs. 1978
for constructing Cisterns for the improve-
ment of the drainage of the European Infan-
try and Royal Artillery Barracks.

2. The Estimate first sent from this Office
provided for constructing only one Cistern,
as an experimental one, at a cost of Rs. 500.

but apparently, by some misunderstanding
sanction was conveyed in G.O. No. 1125 W of 6th
May 1884 for Rs. 1500 for building 3 Cisterns.

3. However it was subsequently found
that only 2 Cisterns were necessary with
the extension of the V shaped drains at
certain points. viz one Cistern to receive

Reg. 72/7 Recd 4/8/85

the wash house drainage from the European
Infantry Barracks on the South side, and the
other for receiving the foul water from the
Royal Artillery Barracks and the Western
Blocks of the European Infantry Barracks.

4. The Estimate has been revised to provide
for the additional work necessitated by the
above arrangement; and with a view to reduce
the excess, as far as possible, the value of
2 water carts, proposed to be transferred
to roads, and the value of 2 Pumps not yet
purchased have been deducted from the
Estimate. The excess requiring sanction now
amounts to Rs. 478.

I have the honor to be
Sir

Your most obedt. servant.

Yes - a clear report ought to have been attached to the estimate. In this report it appears to me that the Military Division is very slack. However S.E.'s letter sufficiently explains the case, the misunderstanding alluded to arose from the way original estimate was submitted.

NOTE OF REMARKS.

1. The accompanying plans and revised estimate provide for constructing cisterns and improving the drainage of the Royal Artillery and European Infantry Barracks at Bellary. The revised estimate amounts to Rs. 1978 - being Rs. 478 in excess of the original estimate, Rs. 1500, sanctioned in G.O. No. 1125 W. of the 8th May/84.
2. The amount of the revised estimate is not large, but, subject to approval, circumstances appear to call particularly for a clear report in this instance which however has not been submitted. The comparative statement also is not one of the papers received.

V

In this case perhaps the comparative statement might be dispensed with had the report been submitted.

3. The abstract of the revised estimate is thus divided:-

1 shaped drains - Rs. 1020;
2 cisterns - Rs. 470; Machinery - Rs. 320; and tools and plans - Rs. 162.

4. The plans and revised estimate have been countersigned by the General Commanding the Ceded Districts, and "for" the G. M. General. They have been approved in the Military Department.
