READ—the following paper :—

Proceedings of the Board of Revenue, dated 16th July 1885, Mis. No. 6484.

Read—the following letter from J. STURROCK, Esq., Collector of South Canara, to the Secretary to the Board of Revenue, dated Mangalore, 26th June 1885, No. 1510:—

I have the honor to submit, for sanction and provision of funds, an estimate, amounting to Rs. 595, together with its accompaniments as per margin, furnished by the Superintending Engineer, IV Circle, for carrying out certain alterations to the taluk cutcherry at Mangalore.

2. These alterations are necessary in order to adapt the room marked IV on the plan, and measuring $21\frac{1}{2}'$ by $10\frac{1}{2}'$, as a treasury-room, the one at present used as such and marked I on the plan being inconveniently situated as well as incommodious.

3. The latter room has not, moreover, been certified by the Public Works Department to be a "strong-room," and I have ascertained that the cost of providing it either with iron safes or a strong-room of wrought-iron exceeds the amount of the present estimate, the alterations contemplated in which will, the Superintending Engineer states, meet the requirements of the Government of India resolution, No. 4028, of 4th November 1881, and obviate the necessity for fixing iron safes for the treasury.

4. The work is to be executed by the Public Works Department.

Resolution—dated 16th July 1885, Mis. No. 6484.

The estimate is approved and submitted to Government for provision of funds in the Public Works Department.

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for effecting certain alterations to the Tahsildar's office at Managaloor in the South Kanara district. The estimate amounts to Rs. 595.

2. The proposed work is to render one of the rooms of the office, marked IV on the plan, suitable for a treasury room as it is stated that the one at present used as such is "inconveniently situated as well as inconvenient and modious." The proposed new treasury room, which measures 21½ ft. x 10½ ft., is to receive a terraced roof in addition to the existing pent for purposes of strength. The flooring is to be renewed. The

present floor is to be tarred
up when the new floor,
consisting of concrete & made
thick plastered over with
cement, is to be laid on
it. - The item "fixed iron
gratings (6'x8') costs Rs. 108, but
the price, though high, has
been accepted by S.E.IV.
The plan and estimate
have been countersigned
by the collector of the district
and have been approved
by the Revenue Department.
