NOTE OF REMARKS.

1. The accompanying estimate
provides for repairing the
Tahsildar's cutcherry at Negahat
- Tam, Sarguja District.
The estimate amounts to
Rs. 6,700.

2. In his 'Report', No. 995 T. J.
of the 29th Sept. /84, S.E. VI. states
that part of the roof of
the upper story of the
cutcherry fell in, and that,
on examination, E.E. con-
demned the whole roof.
The roof was of palm-leaf
couplets and tiles over
a span of 20 feet. -
It is now proposed to
construct a new roof to
rest on teakwood trusses
which will support
common, or similar, tiles.

of palmirals with cepe-
flat and pan tiles.

3. The walls of the upper
story are to be repaired
where cracked, and even
rebuilt where necessary.

4. Though 'Repair' is the
main head of the estimate
'Orig. work' has been also
provided - New teak wood
doors and windows are
to be supplied, and an
additional room is to
be constructed for the
Sheristadar.

5. Allusion is made in
the specification to a
plan which, however,
has not been received
in this office.

6. As the cutcherry is
valued at Rs. 12,000, and
the estimate amounts to
Rs. 6,700, the proposed work
is classed as 'original'.
