13. The auditor of the press accounts for the year 1883-84 (G.O., 10th March 1885, No. 610, Public), having stated it as his opinion, in paragraph 20 of his letter, that the charge of interest at 6 per cent. per annum on the value of plant, which he considers an excess debit, should not appear in the profit and loss statement, it has accordingly been omitted from this year's accounts. It is believed that this is in accordance with the wishes of Government, who, in the order above quoted, have expressed their concurrence in the proposals made by the auditor.

Order—dated 21st July 1885, No. 1717, Public.

The report on the working of the Government Press for the year 1884-85, submitted by the Superintendent, shows that the value of work done in all its branches was Rs. 3,39,750 and the expenditure Rs. 2,49,681 against Rupees 3,18,448 and Rs. 2,37,119 respectively in the previous year. The increase in both cases is nominal and is due to the inclusion in the accounts of the year of the value of paper issued from the Press stores as directed in G.O., No. 1739, dated 6th August 1884. This should have been also included in the accounts of the previous year, since the figures of that year are shown in contrast with those of the year under review. Excluding this item, however, there was a decrease of Rs. 3,074 in the value of work turned out and of Rs. 11,813 in the expenditure. The profit to Government was larger than in 1883-84.

Assuming that the above period is admitted by Government, and assuming also that the several periods during which Mr. Laskey is entered as having been absent without leave are committed into leave without allowances under

GOVERNMENT OF MADRAS.

ECCLESIASTICAL DEPARTMENT.

Read—the following paper:—

Notification from the Government of India, Home department (Ecclesiastical), dated Simla, 20th June 1885, No. 103.

The following revised rules (1) for the care and use of Government cemeteries throughout India, except those in the presidency town of the Diocese of Calcutta; (2) for the levy and expenditure of fees on graves and monuments in cemeteries and churches throughout India; (3) for the levy of other ecclesiastical fees; and (4) for regulating grants for the building of churches, compensation for accommodation for soldiers in chapels neither belonging to, nor rented by, Government, and for the supply of church furniture are published for general information and guidance:—

I.

Rules for the care and use of Government Cemeteries throughout India except those in the Presidency Town of the Diocese of Calcutta.

CHARGE OF THE CEMETERY.

Rule I.—(1) The Resident Chaplain of a station has charge of the general cemetery and frames an estimate of the expenditure connected therewith in accordance with the directions contained in paragraph 1, Home department* resolution No. 6—370-382, dated 9th November 1876.

* Appendix A.

(2) The term "Resident Chaplain" includes a Clergyman of the Additional Clergy Society so far as concerns the stations to which he stands appointed, or other clergyman of the Church of England placed in charge by the Bishop.

(3) During the temporary absence of the chaplain, and at stations where there is no Resident Chaplain, the charge of the cemetery belongs to the chief Magistrate on the spot, or the senior military officer if the cemetery is attached to a military cantonment.

(4) At out-stations where there is a Church Committee, the charge of the cemetery will belong to the senior member of committee, and where there is no such committee, to any subordinate officer nominated by the Magistrate or Deputy Commissioner of the district.

Rule II.—Each cemetery is allowed a mali-chowkidar or chowkidars in accordance with the scale prescribed in paragraph 2, Home department resolution † No. 6—370-382, dated 9th November 1876. These chowkidars are paid by Government through the Resident Chaplain by whom they are appointed and dismissed. In stations where there is no Resident Chaplain, the chowkidars are paid, appointed, and dismissed by the other officers named in rule I.

† Appendix A.

Rule III.—Every reasonable effort should be made by the Resident Chaplain or other officer in charge under rule I, not only to keep the cemetery in decent order, but to preserve its character as the resting-place of the remains of departed friends by providing for the necessary repairs and by planting the ground with suitable trees.

Note.—To meet the expenditure under this rule, see rule I and paragraph 1 of Home department resolution ‡ No. 6—370-382, dated 9th November 1876.

‡ Appendix A.

Rule IV.—The chowkidar will keep the key of the cemetery under the direction of the officer in charge.

Rule V.—The officer who has charge of the cemetery under the operation of rule I will perform all the duties assigned to the Chaplain by rules VII, VIII, IX, X, and XI, with the exception of the approval of the inscriptions in that part of the cemetery reserved for the Church of England. These are to be forwarded to the visiting Chaplain, or, if there be none, to the Archdeacon, and not cut till his sanction be obtained. Should an inscription be disapproved, it may be referred, if those interested desire this, to the Government for decision.

INTERMENTS BY WHOM TO BE CONDUCTED.

RULE VI.—(1) The Chaplain will bury Christians of all denominations whose friends desire his services as laid down in the orders of the Government of India in the Home department * No. 159, dated the 6th June 1877, using always the service of the Church of England, and the consecrated portion of the cemetery.

* Appendix B.

(2) A portion of every cemetery will be set apart by the orders of Government for the use of Roman Catholic congregations, and another portion will be appropriated for the joint use of other Christians whose friends desire that they should be interred otherwise than according to the ritual of either the Church of England or of the Church of Rome, or who cannot legally be so interred.

(3) The unconsecrated portions thus set apart are not to be fenced or walled off from the rest of the cemetery, but simply divided off by a pathway, and they must be added to the existing cemetery or reserved from it. If the existing cemetery be large enough for the wants of the whole Christian community, such portions will be reserved without reference to the fact that the whole enclosure has or has not been consecrated according to the rites of the Church of England. If the cemetery be only large enough for the wants of Christians desiring to be buried with the service of the Church of England, such portions will be added. The whole cemetery thus divided is to be surrounded by a wall, to have but one gate of entrance, and to be under the care of the officer specified in rule I.

RULE VII.—(1) Ministers of all denominations have a right to conduct the service of burial over the body of any deceased member of their respective congregations who may be buried in any fitting portion of the ground set apart for the denomination to which the deceased belonged. At least six hours' previous notice of the burial should be given to the Chaplain in charge of the burial ground, or, in the absence of the Chaplain, to the officer who may be in actual charge. The period herein prescribed may, for special reasons, be shortened with the permission of the Chaplain or officer in charge of the cemetery. Such Chaplain or officer will, if he thinks the circumstances of the case demand it, bring the facts to the notice of the local Magisterial authorities in time to admit of an order stopping the burial being passed if necessary.

(2) A certificate of burial, drawn up according to the required form, must be sent to the Chaplain or to the Registrar of births, marriages, and deaths, to be entered in the register kept up by him.

RULE VIII.—(1) No burial can, as a general rule, take place in that part of a Government cemetery which has been set apart for the use of members of the Church of England, unless the service prescribed by that church is read by the Chaplain, if there be one, or, in his absence, by the layman who officiates at the funeral. But a person may be interred in the other portions of a Government cemetery with or without the use of any services of religion.

(2) Where in that part of a Government cemetery which has been set apart for the use of members of the Church of England there is a family vault or grave, or a reserved plot of ground purchased by a member of the family, or a masonry grave prepared in immediate contiguity to such family vault or grave, or reserved plot, any deceased member of a family may, if the relative, friend, or legal representative having charge of the funeral arrangements shall so desire, be interred in such family vault, grave, or reserved plot without the performance of the service for the burial of the dead according to the rites of the Church of England.

(3) The burial may take place at the option of the person having charge of the same either without any religious service or with such Christian and orderly religious service at the grave as such person shall think fit; and any person or persons who shall be thereunto invited, or be authorised by the person having charge of such burial, may conduct such service or take part in any religious act thereat.

(4) Notice of any burial which it is intended to conduct under the provisions of clauses (2) and (3) shall be given to the Chaplain or other officer in charge of the burial-ground in the manner prescribed by rule VII.

ARRANGEMENTS FOR BURYING.

RULE IX.—The arrangements for making the necessary preparations for digging graves, preparing coffins, and the like, will rest in military stations upon the senior military officer, and in civil stations upon the chief local Magistrate. These officers are authorised to direct any local Public Works officer to supply all that is necessary. The local Public Works officer would usually be the Executive Engineer of military works in military stations and the Civil Executive Engineer in other stations. The expenditure incurred by the Executive Engineer will be held in his miscellaneous advance account until repaid by the officer authorising the expenditure. But in cases of necessity or emergency, either officer may be called upon to do what is required.

RULE X.—The officer in charge of the cemetery shall keep a plan of the entire cemetery to be provided by the Public Works department, with references written upon it, in a book, in which the names of parties interred are recorded; this plan and book being kept with the church registers.

NOTE.—The Executive Engineer prepares a plan of the cemetery showing on it all the existing graves and the spaces allotted for future graves, and giving them all consecutive numbers.

RULE X A.—The officer in charge of the cemetery may reserve grave space, as limited by rule XI below, on the application of near relatives of persons already buried in the cemetery and for the burial of the persons named in the application. A double ground fee shall be levied in advance before granting any such application, and each grant shall be registered in a book to be kept for the purpose and indicated on the plan. The ground will then be reserved for 10 years. Before the expiry of that period, a fresh application should be made and a further double fee paid; failing which the ground will be resumed.

RULE XI.—The size of each grave, whether of masonry or not, is limited to 9′ × 4′, and the area of ground to be enclosed must not exceed 11′ × 7′ by external measurement.

RULE XII.—(1) All graves must be at least 6 feet in depth.

(2) No body shall be buried in any vault or masonry grave which it is intended at any after-time within 14 years to reopen unless the coffin be separately entombed in an air-tight manner by properly cemented stone or brick work, which shall never be disturbed.

(3) One body only shall be buried in a grave at one time, unless the bodies be those of members of the same family.

(4) No non-masonry grave or masonry grave unprovided with the separate air-tight compartment prescribed in clause (2) shall be reopened within 14 years after the burial of a person above 12 years of age, or within 8 years after the burial of a child under 12 years of age, unless to bury another member of the same family, in which case a layer of earth not less than one foot thick shall be left undisturbed over the previously buried coffin. If on reopening the grave any soil is found to be offensive, such soil shall be left undisturbed.

(5) There shall never be less than 3 feet of earth between the topmost coffin in a grave and the surface of the ground.

ERECTION AND REPAIR OF MONUMENTS.

RULE XIII.—Monuments may be erected by any interested person. The inscription before being cut and the design, when the monument is other than a simple headstone, must be first approved of as laid down in rule V.

RULE XIV.—When a grave is not of masonry throughout, the only monument ordinarily allowed over it is a simple cross or headstone on an adequate masonry foundation, not exceeding 3′ × 2′; and the whole structure must not stand higher than 3′ 6″ from the ground-level. But with the permission of the officer in charge of the cemetery a monument, such as may be erected over a masonry grave, may be placed over a non-masonry grave when adequate masonry foundations are provided on which the monument may rest.

RULE XV.—No monument, of whatever material constructed, shall exceed 8′ × 4′ at the base without the previous sanction of the local Government.

RULE XVI.—No monument of *masonry* shall stand higher than 3 feet from the ground-level

RULE XVII.—No cenotaph shall be more than 6 feet square at the base.

RULE XVIII.—The enclosure of ground round a grave must be by a metal railing, or by chains or bars of metal supported on masonry or metal pillars. Wooden or masonry enclosures are not permitted. The previous sanction of the Archdeacon, or, in his absence, of the Bishop, is necessary to the enclosure of a non-masonry grave: and no such sanction will be given unless the same fees are paid as for the construction of a masonry grave.

RULE XIX.—When a monument needs repairing, the officer in charge of the cemetery should communicate with the friends of the deceased or, when such communication is not possible, advertise three times in the *Gazette of India* and the Gazette of the province; and if it falls into a ruinous condition, and no person will undertake to restore it, the ruined monument shall be made level with the ground during the next repairs, and any slab it contained will be placed over the grave in simple masonry, or be inserted in the wall of the cemetery.

NOTES.—(1) This rule does not apply to monuments of historical or archæological interest. Lists of such tombs should be obtained by local Governments and Administrations, and as many of them as may be properly preserved at the public expense should be looked after by the local Public Works department.

(2) The cost of the advertisements in the Gazette is met by the Government.

(3) In the Bombay Presidency a person, other than a British soldier or a non-commissioned officer, desiring to erect a monument over a grave is required to pay into the treasury a sufficient sum of money to be invested in Government securities, so that the interest on it will be sufficient to cover the cost of repairs annually. A British soldier or a non-commissioned officer is not compelled to make a deposit; but in the event of money for repairs not being forthcoming, rule XIX is held to apply.

RULE XX.—All work connected with monuments must, as far as possible, be carried on outside the cemetery, and any undertaker not removing the debris of his work immediately upon its completion is liable to a fine of Rs. 5.

INSPECTION.

Rule XXI.—The cemetery should be inspected once in a half-year by the Chaplain in company with the Executive Engineer, the plan and book kept under rule X being also examined, and a report made to the Archdeacon, and recorded in the Ecclesiastical record-book of the station, and also in the Engineer's office.

Rule XXII.—(1) Commissioners of divisions should inspect cemeteries, whether closed or in use, within their respective jurisdictions, in the course of their annual tours, and should bring to the notice of the local Government any instances of cemeteries which are negligently kept, or which the officers in charge may have allowed to fall into a state of bad repair or disorder. All cemeteries are equally subject to the visitation and supervision of the Bishop and Archdeacon.

(2) Sanitary officers in cantonments are invited to inspect cemeteries within their respective cantonments, and to report to local Governments any matter calling for notice.

MISCELLANEOUS.

Rule XXIII.—It is desirable that officers commanding regiments or detachments should be instructed to cause a report to be made to the nearest civil officer of graves dug for soldiers on march, that measures may be taken for their effectual protection and preservation. These graves and all scattered Christian graves throughout the district are under the care of the local civil authorities.

Rule XXIV.—The above rules do not apply to presidency cemeteries which are regulated by special rules.

II.

Rules regarding fees in Cemeteries and Churches throughout India.

Rule I.—The following are the rates of fee chargeable :—

	Rs.	A.	P.
(1) For every square foot of ground occupied by a grave ...	0	8	0
Note.—This fee is independent of the actual charge for making a grave.			
(2) For a masonry monument, per square foot	1	0	0
(3) For a cut-stone or marble monument, per square foot ...	0	8	0
Provided that no fee under (2) or (3) shall be less than ...	5	0	0
(4) Additional fee when a cut-stone or marble monument stands higher than 3 feet from the ground-level	16	0	0
(5) For a headstone or cross over a non-masonry grave	5	0	0
(6) For a faculty for the erection of a monument in a church ...	75	0	0

Notes.—(1) A tablet on the wall of a cemetery shall be regarded as a monument.
(2) The term "stone or marble" does not include "slate."
(3) The fee of Rs. 75 levied on a faculty is in all cases to be spent in charity.

(7) For a cenotaph, in addition to the ground fee, a special fee of	50	0	0

Rule II.—Fees are leviable over the whole cemetery, including those portions which are used by Roman Catholics and Non-Conformists.

Notes.—(1) The same rules in regard to fees apply to all graves, whether of Roman Catholics, of Non-Conformists, or members of the Established Church.

(2) Where a parcel of ground used for burial by a Christian community of any particular denomination other than the Established Church of England forms no part of the general cemetery but is separate from it, or where, although not so separate, it is clearly distinguishable and was not originally acquired, and has not been kept up at the expense of the State, then, if the community by which the ground is used so desire, the Government will give up all claim to fees, on the distinct understanding that it is divested of all responsibility for the maintenance of the cemetery in proper order. On the other hand, where such parcels of ground form part of a cemetery of the Established Church or the general Christian community, provided and maintained by the Government, no distinction can be made as to keeping up any one part of the cemetery, nor should any exemption from fees be permitted.

EXEMPTION FROM FEES IN GOVERNMENT CEMETERIES.

Rule III.—British soldiers, ~~and~~ non-commissioned officers and regimental warrant officers are exempted, with retrospective effect, from the payment of any fee for the construction of graves, or for the erection of monuments in burial-grounds to the memory of their comrades, wives, or children; but not from the fees prescribed under rule I (6) and (7). The widows and children of British soldiers, ~~and~~ non-commissioned officers and regimental warrant officers are also exempted from payment of the former class of fees in the case of their deceased husbands and parents. No monument, either regimental or private, shall exceed the dimensions prescribed in part I of these rules.

Notes.—(1) This rule is applicable to British soldiers and non-commissioned officers whether in military or civil employ.

(2) Monuments erected under this rule subscribed for partly by non-commissioned officers and men, and partly by officers, are likewise exempted from the prescribed fee.

(3) Warrant officers and volunteers are not exempted from payment of ecclesiastica fees.

Department

Rule IV.—The Chunar pensioners being more or less under military control come under the category of soldiers, and are therefore entitled to the same exemptions as soldiers. But this ruling does not apply to other pensioners who are not similarly under military control.

Rule V.—The Chaplain may at his discretion reduce, or in cases of extreme poverty altogether remit, the fee leviable on the construction of graves, but not for the erection of monuments.

Note.—The Bishop on special occasions may sanction a reduction or remission of fees for the erection of monuments.

FEES BY WHOM TO BE COLLECTED.

Rule VI.—In those stations in which a mason has been appointed, who alone is allowed to work within the cemetery, he is required, in exchange for the monopoly, to collect the fees on monuments and masonry graves and pay them to the Chaplain: and any person ordering the construction of a masonry grave or monument by a mason or undertaker other than the person appointed by the Chaplain must pay the fees in advance.

Note.—Fees on masonry graves and monuments constructed by the appointed mason or undertaker need not be paid in advance, but in case of failure of payment, their recovery must be entrusted by the Chaplain to the Magistrate or Deputy Commissioner as the case may be.

FEES TO WHOM TO BE PAID.

Rule VII.—The fees prescribed in rule I should be paid to the Chaplain or, in the absence of the Chaplain, to the officer in charge of the cemetery and remitted at once to the civil treasury, except fees for monuments in churches which should be paid over by the Chaplain to the charitable objects to which the Bishop assigns them when his faculty is issued.

CEMETERY RECEIPTS AND CHARGES.

Rule VIII.—All cemetery receipts and charges are to be regulated as laid down in paragraph 4 of Home department resolution * No. 6—370-382, dated the 9th November 1876.

* Appendix A.

MISCELLANEOUS.

Rule IX.[1]—(1) A person may not purchase a portion of a Government cemetery as a burial place for himself and his family so as to have a right to fence it with a rail or fence, and thus

[1] From Mr. James Sutherland, to the Officiating Secretary to the Government of India, dated 10, Clive Row, Calcutta, the 20th December 1877.

A Mr. Joseph Gill came out to this country with letters of introduction to me, and died very suddenly at the General Hospital, Calcutta. On a reference from the hospital authorities I had his body interred in the Catholic portion of the military burial ground at Bhowanipur. His widow, now resident in Paris, writes to me to have his body exhumed and buried in a family vault in the Roman Catholic church at Dhurrumtolla: but I am advised that the Garrison Chaplain, under whose care the burial ground is, requires the sanction of Government (Home department) before permitting this to be carried out; and I would be much obliged if you would be good enough to give me the necessary sanction.

As the body will be interred in another grave without loss of time, I would also be obliged if you would dispense with the necessity of a zinc coffin, which, from its imperishable nature, is likely to form a serious obstruction in a family vault.

From F. C. Daukes, Esq., Under Secretary to the Government of India, to the Secretary to the Government of Bengal, dated Fort William, the 3rd January 1878, No. 1.

I am directed to forward the accompanying letter, dated the 20th ultimo, from Mr. James Sutherland, asking for permission to remove the body of one Joseph Gill from the military burial ground at Bhowanipur for reinterment in a family vault in the Dhurrumtolla Roman Catholic church, and to inquire what is the rule or practice in such cases and whether there is any objection to permission being granted to remove the body for reinterment.

From H. H. Risley, Esq., Under Secretary to the Government of Bengal, General department, to the Officiating Secretary to the Government of India, dated Calcutta, the 25th January 1878, No. 377.

With reference to your office letter No. 1 of the 3rd instant, and its enclosure, on the subject of the removal of the body of Joseph Gill from the military burial ground at Bhowanipur for reinterment in a family vault in the Dhurrumtolla Roman Catholic church, I am directed to submit herewith a copy of a letter (*a*) from the Venerable the Archdeacon of Calcutta, and to say that, under the conditions specified therein, the Lieutenant-Governor thinks that permission to remove the body may unobjectionably be granted.

(*a*) No. 702, dated 18th January 1878.

From the Venerable J. Baly, Archdeacon, Calcutta, to the Secretary to the Government of Bengal, dated Mozufferpore, the 18th January 1878, No. 702.

With reference to your note No. 122 of 8th January 1878, forwarding copy of letters relating to the removal of a body from the Bhowanipur cemetery to the Roman Catholic church in Dhurrumtolla, I have the honor to say that there is no Government order bearing exactly on such a case, but that there is a regulation recently passed that no cutcha grave should be opened for the purpose of converting it into masonry grave or vault without previous reference to the Archdeacon and the certificate of the principal medical officer that no risk would be incurred thereby to the public health.

If this is certified with respect to the removal of the body referred to, and the Roman Catholic authorities make no objection to its reinterment in the Dhurrumtolla church, I see no particular reason why the removal should not be sanctioned. I think, however, that the coffin should certainly be cased with a zinc covering while it is being removed, which could be taken away, if necessary, when the coffin is finally deposited in the vault.

make it the private property of himself and family. But when such rights already exist, they are not without reason to be interfered with, and special cases as they arise may require exceptional treatment. In such special cases the Archdeacon may exercise his discretion with the sanction of the local Government.

(2) All private rights must, however, cease if, for sanitary or other public reasons, the cemetery is closed against burials, or even that portion of it in which the private ground is situated; but in special cases the Archdeacon may exercise his discretion of giving permission to open a vault or masonry grave.

(3) No cutcha grave can be opened in any cemetery for the purpose of converting it into a masonry grave without application to the Archdeacon, which must be accompanied by a certificate from the principal medical officer that this may be done without risk to public health.

RULE X.—(1) When a piece of ground is granted by Government as a cemetery to a Railway Company for the interment of its own servants, which afterwards keeps it in repair and provides the necessary establishment, so that beyond the original grant of ground Government is at no expense, the collection and application of fees accruing are left to the decision of the Railway Company which maintains the cemetery in good order and repair.

(2) The Commissioner or District or Judicial officer, and in military stations the officer commanding, should inspect such cemeteries and report to Government if they find them negligently kept.

III.

Other Ecclesiastical fees.

RULE I.—No fees are charged for the performance of the rite of baptism or burial, or for the registration of the performance of these offices.

RULE II.—In addition to the fee for the Surrogate's license, a fee of Rs. 10 shall be charged on all marriages by license, except the marriages of officers and others in the Military or Naval service of Her Majesty.

RULE III.—The fee for a Surrogate's license shall be Rs. 50 both at the presidency towns and in the interior. No fee shall be charged on marriages by banns.

RULE IV.[1]—When registers are searched and a copy of any entry given, a fee of one rupee shall be charged for the first year,* and four annas for every additional year over which the search may extend; as well as a fee of one rupee for the certificate. Soldiers, sailors, and non-commissioned and petty officers are exempted from payment.

* The first year shall be taken to mean any one year indicated by the applicant.

NOTES.—(1) The amount of fees payable for marriages performed, and for searching registers kept in accordance with the provisions of Act XV of 1872 (The Indian Christian Marriage Act), is fixed by each local Government.

(2) The Chaplain may at his discretion reduce or altogether remit in cases of extreme poverty the fee for searching registers.

From J. O'KINEALY, Esq., Officiating Secretary to the Government of India, to MR. JAMES SUTHERLAND, 10, Clive Row, Calcutta, dated Fort William, the 31st January 1878, No. 44.

In reply to your letter dated the 20th ultimo, I am directed to say that the Governor-General in Council is pleased to grant permission for the removal of the body of Joseph Gill from military burial-ground at Bhowanipur for reinterment in a family vault in the Dhurrumtolla Roman Catholic church on the following conditions:

(1) that you obtain a certificate from the principal medical officer at the presidency that no risk to the public health will be incurred by the removal of the body;
(2) that the Roman Catholic authorities have no objection to the reinterment of the body in the Dhurrumtolla church; and
(3) that the coffin be encased in a zinc covering while it is being removed, which covering may be taken off when the coffin is finally deposited in the vault.

[1] Government of India, Finance department, Notification No. 1603, dated the 9th June 1882.

In exercise of the powers conferred by section 8 of the Indian Stamp Act (I of 1879), the Governor-General in Council is pleased to remit the stamp duty (if any) chargeable on copies of, or extracts from, baptismal, marriage, or burial registers certified by Government Chaplains, subsidised or unsubsidised Clergymen, or Diocesan Registrars and granted to—

(1) soldiers, sailors, or non-commissioned or petty officers;
(2) or persons in needy circumstances, in whose favor Chaplains may exercise the discretionary power vested in them by rule IX (*a*) of the Ecclesiastical Fee Rules published on the 29th September 1869, and may grant exemption from the payment of fees under rule IV (*b*) of those rules.

(*a*) Rule IV, note (2), above.
(*b*) Same as rule IV above.

IV.

Rules for regulating grants for the building of Churches; compensation for accommodation for soldiers in Chapels neither belonging to, nor rented by, Government; and for the supply of Church furniture.

RULE I.—All State charges for churches are provided from Public Works funds.

In civil or military stations, such charges are to be dealt with under the general head "Civil buildings." In the case of churches in stations where there are military cantonments and the military works are under the charge of the Inspector-General, and in the case of churches in provinces to which the Provincial service arrangements do not apply, the necessary funds should be provided from the ordinary grant for Imperial works under "Civil Buildings, Roads, and Services." In other cases the funds should be provided for from the allotment for Provincial services.

For churches at, or appertaining to, State railway stations, the necessary funds should be provided from the capital of the railway concerned.

RULE II.—The provision of churches from Public Works funds is authorised under the limitations given in the following rules.

MILITARY STATIONS.

RULE III.—At all permanent military stations, churches will be provided by the Government for its Protestant and Roman Catholic European British-born soldiers on the scale laid down in rule VI.

NOTE.—The term "Protestant" includes members of the Church of England and of the Established Church of Scotland, Presbyterians, Wesleyans, and such other denominations of Christians as may from time to time be included by the Government of India.

RULE IV.—The amount of the Government grant for a Protestant church will in no case exceed such a sum as will suffice to provide a plain substantial building of the simplest ecclesiastical design, together with such plain furniture as is essentially necessary for the proper performance of the service according to the ritual of the Church of England. It will rest with private individuals to furnish the means of imparting architectural decorations to the building, should they desire to do so, and also of supplying additional furniture, including apparatus for lighting, of a more costly description.

RULE V.—The same principles will regulate the grant for Roman Catholic churches.

Government of India, Finance department, Notification No. 2036, dated the 30th June 1882.

Whereas copies or extracts certified to be true copies or extracts of baptismal, marriage, and burial certificates, granted by Ministers and Marriage Registrars, are generally furnished on printed forms for which impressed sheets of stamp paper cannot be used without inconvenience; therefore in exercise of the powers conferred by section 9 of the Indian Stamp Act, 1879, the Governor-General in Council is pleased to make the following rule:—

The stamp duty payable under article 22 of schedule I of the Indian Stamp Act, 1879, on copies or extracts certified to be true copies or extracts of baptismal, marriage, and burial certificates shall be denoted by means of adhesive court-fee labels.

RESOLUTION.—In connection with the orders contained in the abovementioned notification issued by the department of Finance and Commerce, the following questions have now been raised by the Officiating Senior Chaplain of the Church of Scotland:—

(1) In what way the adhesive court-fee labels prescribed by the notification, dated the 30th June last, should be defaced; and
(2) whether in a case of a certificate granted to a person belonging to any of the classes exempted by the notification, dated the 9th June last, anything should be written on the certificate to show why it has been granted without the payment of stamp duty.

2. As regards the first question, the Governor-General in Council is pleased to direct that the officer issuing the certificate shall cancel the adhesive court-fee label affixed thereto by writing his name across it; and with regard to the second question, His Excellency in Council considers it desirable that a statement signed by the officer issuing the certificate should be made thereon, showing the grounds on which such certificate is issued without the payment of stamp duty.
