Read—again G.Os., dated 12th and 23rd February 1885, Mis. Nos. 754 and 914, Revenue.

Read—also Board's Proceedings, dated 4th June 1885, Mis. No. 5188.

Read—the following letter from W. S. FOSTER, Esq., Collector of Godávari, to the Secretary to the Board of Revenue, dated Cocanada, 23rd May 1885, No. 247.

In reply to Board's Proceedings, Mis. Nos. 1786 and 1901, dated 24th and 27th February last, respectively, I have the honor to inform you that the revision of the estimates for the construction of third-class cutcherries at Tuni and Pithápuram was necessary, because the original estimates were on the old standard plan and the revised estimates were ordered by the Chief Engineer in his memorandum, No. 1086 C., dated 3rd June 1884, copy of which is enclosed.

2. The present estimates conform strictly to the standard designs and estimates of quantities approved in G.O., Public Works Department, dated 7th March 1879, No. 786.

3. The site plans of the buildings are herewith sent.

Resolution—dated 4th June 1885, Mis. No. 5188.

Submitted for the information of Government with reference to G.Os., dated 12th and 23rd February 1885, Mis. Nos. 754 and 914, respectively.

Ag. Secretary to Government.

From the Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 24th July 1885, No. 158 G.L.

I have the honor to return the original documents received with your endorsement, No. 1143 C., dated 4th July 1885, and to state that, in my opinion, one latrine will be sufficient for each office under the circumstances.

Telegram from the Superintending Engineer, I Circle, Rajahmundry, to the Secretary to Government, Public Works Department, dated 6th August 1885.

Your telegram 3rd August. Jail latrine should be struck out of estimates.

ORDER—dated 20th August 1885, No. 1928 W., Public Works.

The undermentioned revised estimates are sanctioned, in supersession of the sanctions conveyed in G.O., No. 1314, dated 8th May 1875, and classified as Civil Buildings, Original Works:—

EAD—the following papers :—

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Camp, Bezváda, 5th August 1882, No. 440 N.L.

I have the honor to forward herewith a revised estimate for the Kandukúr sub-jail, amounting to Rs. 12,325, together with a comparative statement and explanatory memorandum by the Executive Engineer and two reports.

1 Estimate.
1 Abstract Estimate.
1 Comparative Statement.
1 Explanatory memorandum.
2 Reports.

2. If the Executive Engineer's proposition be accepted, and the unfinished latrine be converted into a ryots' shed, only Rs. 350 more than the present sanction will be required to complete the building.

3. As far as my experience goes numerous latrines have been constructed throughout the Presidency in connection with these Cutcherries which are never used, nor can they be used unless an establishment is maintained to keep them clean. There are still many Cutcherries on the standard plan to be built in various districts, and I would suggest district officers being called on to report whether it is necessary to continue building latrines which are never used.

No. 608 E.

Referred to the Judicial Department for approval, and for consideration whether the ryots' shed may be omitted as suggested; the latrine being finished off to serve as such.

READ—the following Proceedings of the Board of Revenue, dated 2nd September 1882, Miscellaneous No. 6818 :—

Read—Office memorandum from the Acting Under Secretary to Government, Judicial Department, dated 25th August 1882, No. 810.

Resolution—dated 2nd September 1882, Mis. No. 6818.

The Board agree with the Superintending Engineer. The construction of latrines is generally unnecessary considering the small number of prisoners usually confined in sub-jails, and it is believed that such buildings are but rarely used for the purpose for which they are intended.

(Signed) E. GIBSON,
Acting Secretary.

Order—dated 8th September 1882, No. 892, Judicial.

Approved and transferred to the Public Works Department, with reference to endorsement in that Department dated 21st August 1882, No. 608 (returned).

(By Order.)

(Signed) G. S. FORBES,
Acting Under Secretary.

No. 150.

Order—dated 20th September 1882, No. 2440 W., Public Works.

The proposal to finish off the partly built latrine at the Kandukúr sub-jail, Nellore District, to serve as a ryots' shed, having been approved in the Judicial Department, the building provided for in the estimate for the latter purpose need not be constructed. The excess over the original estimate, sanctioned in G.O., Judicial Department, No. 1488, dated 11th August 1874, will thus be only Rs. 350, and this can be dealt with by the Superintending Engineer under paragraph 293, clause (*e*) of the Public Works Code.

2. The Proceedings of the Board of Revenue, communicated with the foregoing endorsement from the Judicial Department, will be communicated to all Superintending Engineers for information and guidance.

NOTE OF REMARKS.

1. In obedience to E.W.'s Memo No. 1086C of the 3rd June/84 the following two estimates with site plans are submitted:-

(a.) A revised estimate for constructing a third class talug cutcherry at Tuni – Rs. 9,980.

(b.) A revised estimate for constructing a third class talug cutcherry at Pittapur – Rs. 9,500. – The revised estimates, if approved, are to be adopted in super-session of those estimates for cutcherries at Tuni and Pittapur, amounting respectively to Rs. 7,500 and Rs. 7,040, sanctioned in G.O. No. 1314 of the 8th May/75.

has E.W.'s circular No. 1834C of the [illegible]th Nov./84 been attended to in either case.

3. In (a) the estimate of the main building strictly accords with the standard estimate sanctioned in G.O. No. 786 of the 7th March/77; and those for the cook room, public latrine, jail latrine, 'gate and pillars' and boundary wall accord [illegible] their respective standards sanctioned in G.O. No. 1314 of the 20th April/74 — with the comparatively trifling exception caused by the mission of the item 'pointing' — Why omitted is not stated. — Rs.40 are allowed for 'arm racks'; Rs.300 for a well; and Rs.170 as 'compensation for land.'

4. In (b) the estimates for the main and out buildings may be said to be in exact accordance with their respective standards — the standard estimate for

the main building [illegible] that sanctioned in G.O. No. [illegible] of the 7th March/77; and the standard estimates for the out buildings are those sanctioned in G.O. No. 1314 of the 20th April/74. — Rs. 40 are allowed for arm racks; and Rs. 400 as 'compensation for land.'

5. It must be noticed that while provision is made for latrines in both (a) and (b), two latrines in each case, no explanation is offered as to the grounds, should such exist, of the necessity of their construction, notwithstanding the instructions conveyed in G.O. No. 2440W. of the 20th Sept./82.

6. Both the revised estimates (a) and (b), but not the site plans, have been countersigned by the Collector of the Godavari district. — S.E.I. has not apparently countersigned

the site plans by an oversight.—

Read Proceedings of the Board of Revenue dated 13th February 1885. Mis. No. 1417, submitting for sanction, estimate for Rs. 9,500, for the construction of a 3rd Class Taluk Cutcherry at Pittapur, Godavari District.

Order thereon 23rd February 1885 No. 914

This estimate also requires the explanation called for in G.O. dated 12th instant Mis. No. 754 with regard to the taluk Cutcherry at Tuni. It is observed that the estimate now sent up for the Pittapur Cutcherry exceeds the original estimate which was Rs. 7040.
