Order—dated 21st August 1885, No. 1939 W., Public Works.

The estimate received from the Superintending Engineer, V Circle, for constructing a Sub-Magistrate's office and sub-jail with outhouses at Arkónam, in the North Arcot district, has been reduced to Rs. 14,245, wire-fencing having been substituted for the compound wall originally proposed, and sanction is accorded to the estimate as reduced. No funds are immediately available for the work.

2. The attention of the Superintending Engineer is drawn to the suggestion in the Chief Engineer's note above recorded.

3. This sanction has been registered as Provincial No. 109 W. of 1885-86, and classified as Civil Buildings, Original Works.

## PROCEEDINGS OF THE BOARD OF REVENUE.

Read—the following letter from A. J. STUART, Esq., Collector of North Arcot, to the Secretary to the Board of Revenue, dated Vellore, 25th October 1882, No. 443 :—

I have the honor to submit the following matter.

There is no Sub-Magistrate's Cutcherry or Court at Arkónam, and he has to hold his office in two of the prisoners' wards of the Subsidiary Jail which is situated on the other side of the Madras and South Indian Railways from the town.

2. Access by a short cut through the stations and compounds of these Companies has up to now been permitted as a matter of favor; but the way has lately been barred by a wire fence put up purposely to stop access, the consequence, unless some arrangement is made with the Companies, will be that the Sub-Magistrate and all attending his office will have to go round about one and-a-half mile, making the complete circuit of stations and Railway compounds, Engineers' houses and compounds, &c., and approaching by the back of all these.

3. The Railway Engineers do not appear to approve of access being allowed through their stations and compounds; and I think myself it is objectionable that Sub-Magistrate and all clerks and parties should pass to and fro to office along the platform of the stations and across the lines of both Companies as well as through their compounds at least twice daily.

4. Moreover it does not seem quite right that the Sub-Magistrate should have no other office but two of the wards of a Jail with iron barred doors, &c., just as fitted to receive convicts, who, in fact, occupy the remaining and similar wards of the same building.

5. Lastly, there is to be considered the inconvenience to the people of Arkónam, a rising place, the junction of three lines of Railway, of having the Sub-Magistrate so far from the town and so completely separated by the Railway premises.

6. I think that a Cutcherry for the Sub-Magistrate in the town is necessary, and although there will be some inconvenience from having the Sub-Jail a long way from the Cutcherry, still, unless some other use can be found for the Sub-Jail, which is a substantial and a roomy building and in good repair, I think it better to have separate and distinct buildings than to continue the present arrangement.

I may explain that the Sub-Jail alluded to was built at a time when it was intended to move the Head Assistant Collector to Arkónam, and was intended to form part of his Cutcherry buildings.

7. The best arrangement of all would, of course, be to build both Sub-Magistrate's Cutcherry and Sub-Jail new in Arkónam town, and to abandon the present Sub-Jail, or make it over to the Local Funds to be used as a Traveller's Bungalow, for which purpose it would often be found useful.

Reference on the above, dated 10th November 1882, G.R. No. 6248.

To the north of the Railway station and near the town there is a tolerably large block of Government land, which would afford a suitable site for the Sub-Magistrate's Cutcherry. The Collector is requested to submit a rough sketch plan of the locality, showing the site referred to, the Railway station and the building now occupied by the Sub-Magistrate.

(Signed) E. GIBSON,
Acting Secretary.

READ—the following letter from A. J. STUART, Esq., Collector of North Arcot, to the Secretary to the Board of Revenue, dated Chittoor, 28th November 1882, No. 487 :—

Adverting to Board's reference on G.R. No. 6248, dated 10th instant, I have the honor to forward herewith a rough sketch plan showing the site selected for the construction of the Sub-Magistrate's office, the Railway station and the building now occupied by the Sub-Magistrate at Arkónam, the means by which it was approached until the way was stopped by the Railway Company, and the circuitous route by which persons have now to go to it.

ENCLOSURE No. 1.—Plan.

---

RESOLUTION—dated 8th December 1882, No. 3055.

Submitted for the orders of Government.

2. At the town of Arkónam there is no Cutcherry for the Sub-Magistrate, who has to hold his office in two wards of the Sub-Jail. This building was erected about twelve years ago on the standard plan on the south side of the Railway line, and at a considerable distance from the town, at a time when there was some idea of transferring the head-quarters of the Head Assistant Collector from Ranipet to Arkónam. The only public road by which access can be obtained from the town to the Cutcherry is by the inconvenient and circuitous route marked *bbb* on the accompanying sketch plan. Until recently a foot-path marked *aaa* on the plan was always used, but this path crosses the lands of the South-west and Southern India Railway Companies, who now object to the practice and have closed the pathway. Great inconvenience is consequently felt by parties who have business at the Cutcherry, and the arrangement under which the Sub-Magistrate holds his office in two wards of the Sub-Jail is extremely undesirable.

3. On the north side of the South-west Line, and in close proximity to the Railway station and town, there is an open block of land, the property of Government, marked O on the plan, which (with the addition of a narrow strip of land adjoining it on the east, marked D, which can be purchased for a trifling sum) will make an excellent site for a Cutcherry and Sub-Jail. This land for the purchase of which many applications have been made from time to time has been reserved by the Collector as it is the only vacant piece of Government land at Arkónam suitable for public offices, and the Board strongly recommend that a Sub-Magistrate's Cutcherry and a new Sub-Jail be erected thereon as early as possible.

4. The Board believe that there will be no difficulty in disposing of the present Sub-Jail, as there is now great demand for land in the vicinity of Arkónam.

NOTE OF REMARKS.

1. The accompanying plans and estimate provide for constructing a sub-magistrate's cutcherry and sub-jail with outhouses at Arkonam in the North Arcot district — The estimate, if wire fencing be adopted in place of masonry to mark the compound boundary, amounts to Rs. 14,245.

2. The plans and estimates of main and outbuildings fairly accord with the standard plans and estimates sanctioned for such buildings in G.O. No. 642 of the 13th March/76 — The scantlings of roof timbers are but very slightly in excess of those allowed in the standard in such instances where

any difference exists.—It may be noted that an additional truss has been provided for the roof of the court room. By this introduction of a second truss the trusses are necessarily somewhat ill placed. Subject to approval, relieving arches over the four doors in the length of the court room would be, at least, very desirable under the new arrangement of trusses.

3. The estimate provides a well at a cost of Rs. 350.—Rs. 120 are allotted as "compensation for land."

4. In obedience to E.W.'s memo No. 1639C of the 4th Octr./84 S.E.V. submits two estimates for means to enclose the cutcherry grounds.—One estimate provides wire fencing at a cost of Rs. 760; the other, a masonry wall at Rs. 1,940.

5. The plans and estimate as originally submitted are countersigned by the "Collector."

Approving and transferring plans and estimates for constructing a Sub-Magistrate's Cutcherry at Arkonam —

## Memorandum.

In forwarding the accompanying plans and estimate for constructing a Sub-Magistrate's Cutcherry at Arkonam, the undersigned has the honour to inquire whether a good wire fencing could not be substituted for the proposed Compound wall, which is estimated to cost Rs. 2725, [illegible] more than one fourth the cost of the main building. If so, the estimate should at once be revised accordingly.

Even if a wall be a necessity, it is thought that some:thing cheaper than the one designed would be suitable

## PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 21st August /85

READ the following

Proceedings of Govt. Revenue Deptt. H. E. No: 3991 d/10th September 1884.
From the Supdg. Engr. V Circle - H. E. No: 1608 d/17th July 1885
Note by the Ch. Engr P.W.D. dated 17th August 1885

The estimate received from the Superintending Engineer V Circle, for constructing a sub-magistrate's ~~cutcherry~~ office and sub-jail with out-houses at Arkonam in the North Arcot District, has been reduced to Rs. 14,245, wire fencing having been substituted for the compound wall originally proposed, and sanction is accorded to the estimate as reduced. No funds are immediately available for the work.

~~2. In the opinion of the Chief Engineer, the relieving arches should be turned over the door openings below the trusses in the court room~~

2. The attention of the Supdg. Engr. is drawn to the suggestion in the Chief Engr's note above recorded

3. This sanction has been registered as Provincial No: 109 W of 1885-86, and classified

as

as Civil Buildings, Original Works.
