MARINE DEPARTMENT.

READ—the following papers :—

Proceedings of the Board of Revenue, dated 22nd June 1885, Mis. No. 5785.

Read—the following letter from the Collector of Sea Customs, Madras, to the Secretary to the Board of Revenue, dated 19th June 1885, Reference on No. 552-G of 1885 :—

With reference to the enclosed copy of letter from the Master Attendant to the Chief Secretary to Government, dated 13th March 1884, No. 2433, Administrative department, and the order of Government thereon, dated 24th idem, Mis. No. 127, which was not communicated to this department, I have the honor to request that you will be good enough to obtain the orders of Government as to whether the sanction conveyed in the Government order above referred to may be considered as a general one. The notification of the Marine department, published at page 809 of part I of the *Fort St. George Gazette*, dated 2nd December 1879, requiring timber to be landed only north of the northern Harbour works groyne—between that groyne and the northern boundary pillar of the port of Madras and not elsewhere within the said port—is not as yet cancelled, but I quite agree with Captain Taylor. All the native craft importing timber now have to discharge at Cassimode beyond Ráyapuram, from want of space nearer north of harbour.

2. Applications are now being frequently received from steamer agents for discharging timber south of the southern groyne as well as opposite to the lighthouse, so early orders are solicited.

3. When the new petroleum shed is erected south of the southern arm, precautions must be taken to see that timber is not stored in too close proximity to it.

Resolution—dated 22nd June 1885, Mis. No. 5785.

From J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Madras, to the Chief Secretary to Government, dated 13th July 1885, No. 5831.

Administrative department.

With reference to Marine reference (herewith returned), No. 1244, dated 7th July 1885, I have the honor to state that the permission to land timber opposite the lighthouse granted in G.O., Marine, Mis. No. 127, dated 24th March last, has been largely availed of by steamers bringing consignments of timber, and that rent is paid for the ground occupied on the beach for storing timber. I would, therefore, recommend that the beach south of the southern groyne up to a line drawn from the water's edge to the municipal drain column, or what is known as Kelly's column at the north-east angle of the Fort glacis, be declared as a landing-place for timber, in addition to the present space assigned north of the northern groyne, to which timber-laden native vessels resort.

ORDER—dated 27th July 1885, No. 310, Marine.

The proposals of the Master Attendant are approved. A notification should be framed accordingly for publication in the *Fort St. George Gazette*, under the provisions of Act I of 1877. It is presumed that rent will be charged for storage space occupied.

Read—the following letter from E. GIBSON, Esq., Secretary to the Board of Revenue, to the Secretary to Government, Revenue Department, dated Madras, 21st July 1885, Mis. No. 6639 :—

I am directed to enclose, for the information of Government, copy of judgment passed on the 4th instant by the Presidency Magistrate, Colonel Weldon, on the trial* of one M. G. Manickasawmi Mudali, a despatching clerk of this office. The accused was convicted on three charges of cheating and sentenced to rigorous imprisonment for three years; and the Board recommend that the usual notification declaring him to be disqualified for further employment under Government may be published in the *Fort St. George Gazette.*

2. In connection with this case a muchi in the office named Govindarajulu has been dismissed, and the cash-keeper has been required to make good the loss proved to have been sustained by Government, over and above the amount recovered from the convict.

3. Had proper supervision been exercised over the expenditure incurred by the despatching clerk, it is certain that these frauds could not have been committed with so much ease, and probably would not have been committed at all. The perpetrator of them was, however, a man of 14 years' service, who drew a salary of Rs. 40 a-month, so that there was some excuse, though no justification, for the confidence reposed in him. Copies of two office orders are enclosed passed, one in regard to the conduct of the muchi and the other regarding that of the cash-keeper. Had it not been for the previous good character borne by the latter, and to the absence of any suspicion that he was interested in the frauds, his conduct would have been very severely noticed. He should retire shortly on the completion of his 55th year.
