Proceedings, 28*th July* 1885, *No.* 2197.

No. 1977 Wdf. 25th Augt 1885

Submitting, for information of Government, with remarks, report on *Public Works* executed by the Revenue Department in the district of Ganjam during the year 1884-85.

20. *Minor Irrigation Works.*—The amount allotted for minor irrigation works during the year was Rs. 17,400 and the expenditure Rs. 17,255, against a grant of Rs. 22,000 and an outlay of Rs. 20,620 of the preceding year, as shown hereunder :—

Taluks.	Allotment for 1884-85.	Expenditure in 1884-85.			Percentage of Columns 2 and 5.
		On Works.	On Establishment.	Total.	
	Rs.	Rs.	Rs.	Rs.	Rs.
Berhampore	6,694	5,795	832	6,627	98·99
Goomsur	8,400	7,759	573	8,332	99·19
Chicacole	2,306	1,989	317	2,306	100
Total ..	17,400	15,543	1,722	17,265	99·22

21. It will be seen from the above that nearly the full allotment was utilised during the year, with the exception of a small sum of Rs. 135. This balance appertains to the pay of the irrigation establishment for March 1885, which could not be disbursed before the expiry of the month.

22. The works were executed under the supervision of the irrigation maistries, and afterwards inspected by the Tahsildars and Revenue Inspectors.

23. The new masonry works executed during the year were very few. They were executed on estimates countersigned by the Executive Engineer in charge of the division.

24. The works selected were according to the nature of emergency. The expenditure on several works for which provision was made in the budget exceeded the amount entered therein, as the original estimate was only approximate, and works not entered in the budget, which were subsequently found necessary, were sanctioned and the fact intimated to the Board from time to time. A detailed list of works on which expenditure was incurred during the year has already been forwarded to the Board with the monthly progress report for March 1885.

RESOLUTION—dated 28th July 1885, No. 2197.

Submitted for the information of Government.

2. Out of a total allotment of Rs. 2,200 (Rs. 1,950 for Land Revenue and Rs. 250 for Customs), Rs. 1,771, or 80·5 per cent., were expended on public works in charge of civil officers as specified below :—

Items.	Budget Allotment.	Expenditure.	Percentage of Expenditure to Allotment.	Balance unexpended.
	Rs.	Rs.	Rs.	Rs.
Land Revenue ...	1,950	1,596	81·8	354
Customs	250	175	70·0	75
Total ...	2,200	1,771	80·5	429

3. The expenditure on minor irrigation works was very satisfactory, over 99 per cent. of the allotment having been expended during the year.

4. Besides the works above referred to, some repairs to churches and cemeteries were also carried out by the Civil Department at a cost of Rs. 161, and Rs. 3,750 were expended in the construction of works of public utility by private individuals.

5. The Board beg to invite the attention of Government to the inquiry made in paragraph 2 of their Proceedings, dated 9th July 1880, No. 928. They continue of opinion that these reports can ordinarily be best disposed of by submission in original for perusal.

7. The excess expenditure in Item, No. 3, over the allotment was met by a transfer of the provision made in the budget for repairs to the Sub-jail at Suradá.

9. The expenditure on Items, Nos. 7, 8, 13, 14 and 17, for which there were no allotments, and the excess expenditure on Items, Nos. 21 and 25, was met from the balance of the allotment for the Collector's office building.

10. The allotment for repairs to the Deputy Tahsildar's office at Aska was transferred to repairs to the Sub-jail at that station; the latter work was not anticipated at the time when the budget was prepared, and the former work was subsequently considered unnecessary.

11. The allotment for repairs to the Sub-jail at Suradá having been transferred to the work of digging a well in the compound of Deputy Tahsildar's office at Aska (*vide* paragraph 7 above), the expenditure incurred on account of repairs subsequently found necessary for the Sub-jail at Suradá was met from the balance of allotment for repairs to the Deputy Tahsildar's office at that station.

12. No portion of the allotment made for the Collector's house and the Sub-jail at Chicacole was spent, because in the case of the former, the Department of Public Works executed necessary repairs and it was proposed to demolish the building and build a new one, and in the case of the latter, it was considered that no repairs were necessary during the year.

13. The short expenditure in Items, Nos. 1, 4 and 9, is due to the fact that the allotments were only the estimated maintenance grant.

3. It will be observed from the above table that there was a decrease in the allotment and expenditure, compared with last year; the percentage of the amount spent to the amount sanctioned was, however, higher than in last year. The amount of expenditure entered in this tallies with the figure in the Treasury account.

4. It should, however, be stated that of the amount drawn from the Treasury—viz., Rs. 1,771—Rs. 180 are still to be spent. An allotment of Rs. 330 was sanctioned for the construction of a latrine to the Sub-jail at Ganjam. The Deputy Tahsildar drew the full amount, but only spent Rs. 150 within the year and retained the balance, Rs. 180, for the work which is yet to be done. He ought to have refunded the balance at the end of the year, and re-drawn in the current year. The amount will be spent in the current year.

4. It should, however, be stated that of the amount drawn from the Treasury—viz., Rs. 1,771—Rs. 180 are still to be spent. An allotment of Rs. 330 was sanctioned for the construction of a latrine to the Sub-jail at Ganjam. The Deputy Tahsildar drew the full amount, but only spent Rs. 150 within the year and retained the balance, Rs. 180, for the work which is yet to be done. He ought to have refunded the balance at the end of the year, and re-drawn in the current year. The amount will be spent in the current year.

20. *Minor Irrigation Works.*—The amount allotted for minor irrigation works during the year was Rs. 17,400 and the expenditure Rs. 17,255, against a grant of Rs. 22,000 and an outlay of Rs. 20,620 of the preceding year, as shown hereunder :—

Taluks.	Allotment for 1884-85.	Expenditure in 1884-85.			Percentage of Columns 2 and 5.
		On Works.	On Establishment.	Total.	
	Rs.	Rs.	Rs.	Rs.	Rs.

Total ..	17,400	15,543	1,722	17,265	99·22

21. It will be seen from the above that nearly the full allotment was utilised during the year, with the exception of a small sum of Rs. 135. This balance appertains to the pay of the irrigation establishment for March 1885, which could not be disbursed before the expiry of the month.

22. The works were executed under the supervision of the irrigation maistries, and afterwards inspected by the Tahsildars and Revenue Inspectors.

23. The new masonry works executed during the year were very few. They were executed on estimates countersigned by the Executive Engineer in charge of the division.

24. The works selected were according to the nature of emergency. The expenditure on several works for which provision was made in the budget exceeded the amount entered therein, as the original estimate was only approximate, and works not entered in the budget, which were subsequently found necessary, were sanctioned and the fact intimated to the Board from time to time. A detailed list of works on which expenditure was incurred during the year has already been forwarded to the Board with the monthly progress report for March 1885.

RESOLUTION—dated 28th July 1885, No. 2197.

Submitted for the information of Government.

2. Out of a total allotment of Rs. 2,200 (Rs. 1,950 for Land Revenue and Rs. 250 for Customs), Rs. 1,771, or 80·5 per cent., were expended on public works in charge of civil officers as specified below :—

6. The amount shown as expended on Item, No. 2, includes an unexpended balance of Rs. 180 : *vide* paragraph 4 above.

7. The excess expenditure in Item, No. 3, over the allotment was met by a transfer of the provision made in the budget for repairs to the Sub-jail at Suradá.

9. The expenditure on Items, Nos. 7, 8, 13, 14 and 17, for which there were no allotments, and the excess expenditure on Items, Nos. 21 and 25, was met from the balance of the allotment for the Collector's office building.

10. The allotment for repairs to the Deputy Tahsildar's office at Aska was transferred to repairs to the Sub-jail at that station; the latter work was not anticipated at the time when the budget was prepared, and the former work was subsequently considered unnecessary.

11. The allotment for repairs to the Sub-jail at Suradá having been transferred to the work of digging a well in the compound of Deputy Tahsildar's office at Aska (*vide* paragraph 7 above), the expenditure incurred on account of repairs subsequently found necessary for the Sub-jail at Suradá was met from the balance of allotment for repairs to the Deputy Tahsildar's office at that station.

12. No portion of the allotment made for the Collector's house and the Sub-jail at Chicacole was spent, because in the case of the former, the Department of Public Works executed necessary repairs and it was proposed to demolish the building and build a new one, and in the case of the latter, it was considered that no repairs were necessary during the year.

13. The short expenditure in Items, Nos. 1, 4 and 9, is due to the fact that the allotments were only the estimated maintenance grant.

14. *Sea Customs—New Works.*—No new works were executed during the year.

15. *Repairs.*—The following works were repaired during the year :—
