Madras Engineer Establishment

Letter from the Government of India promising that in increasing the strength of the — by transfer from other lists or otherwise care will be taken to safeguard the interests of officers already on that establishment, recorded with remarks.

7TH JULY 1884, No. 1690 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 21st June 1884, No. 743 G. :—

I am directed to acknowledge your letter, No. 1375 W., dated 2nd instant, pointing out that it is important, when increasing the Madras Engineer establishment by transfers from elsewhere, that the measure should be carried out in such a way that the interests of those officers already on the Madras list are not allowed to suffer. In reply, I am directed to state that, as a present arrangement, the plan will be followed of keeping officers so transferred on their own list for promotion, and this has been done in the cases of Messrs. Lobb and Span, lately transferred from local administrations. But it will be necessary in this case for the Government of Madras to submit to the Government of India the half-yearly promotion rolls prescribed in paragraph 67, chapter I of the Public Works Code for officers on the local administration list, and to send recommendations to local Governments for officers who were on their lists previous to transfer.

2. I am to add that if the Secretary of State sanctions further changes in the organization of the Public Works Department, care will be taken to protect the interests of the officers serving under the local Governments to which transfers have been made.

ORDER—dated 7th July 1884, No. 1690 W., Public Works.

Recorded.

2. The orders of the Government of India in respect to half-yearly promotion rolls in the case of officers transferred from foreign lists should be kept in view; Madras Form No. 185 being submitted by officers concerned, as prescribed in paragraph 60 of the Public Works Code.
