Submits Plan & estimates for  
the thorough repairs of the Triplicane  
Lewger Khana and requests sanction  
to use by this Charity a plot of  
waste ground South of the building  
& the coconut trees growing on it.

With Endorsement

To be made for the inmates.

2. The dirty water is run into the Chepāk grounds where it stagnates in a horrid pool and hence the need for the drain; the whole of the building requires to be thoroughly repaired, no repairs of any consequence were made since its occupation in May 1872 -

3. I have had two estimates prepared, one for cementing the ground floor of the two inmate wards and constructing the masonry drain from the well to the compound wall, the Municipal President having been good enough to undertake its extension from the wall across Bell's Road to the public drain at the expense of the Municipality; and the other for the thorough repair of the whole building excepting the inmate pauper wards and submit them herewith that the Government may be pleased to sanction one or both as it may be deemed expedient by them, the cost on the whole of both the works does not exceed Rupees 527-15-6 -

4 - I would avail myself of this opportunity to request that His Excellency the

the Governor in Council will have the goodness to sanction the use by this charity of the plot of ground lying waste to the South of the building as shown in the accompanying sketch as a place of recreation for the inmate paupers, but chiefly for the cultivation of country vegetables which are now purchased in the market for the consumption of more than 150 paupers daily receiving cooked food, and also to let the institution have the charge and use of 34 cocoanut trees growing in that plot and in the Lingurkhana Compound itself which the Superintendent of the Chepāk Park now leases out at a monthly rental of Rupees 3, and thereby add a trifle to the monthly grant already accorded to this very useful charity, the existing lease expires on or about the 23<sup>rd</sup> November next.

I have the honor to be  
Sir

Your most obedient servant  
J. C. Pittier  
Commissioner of Police.
