Read—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Ootacamund, 7th August 1885, No. 0/24 :—

In continuation of my letter, No. 3059, of the 28th April, recorded in G.O., dated 11th May 1885, Mis. No. 325, Educational, I have the honor to submit, duly countersigned, a plan and estimate, amounting to Rs. 3,155, for rebuilding the dissecting house belonging to the Medical College, Madras. The work was commenced as emergent at my special request in May last in anticipation of sanction, and it is expected to be completed about the 15th instant. I beg to request that the plan and estimate be approved and transferred to the Public Works Department for sanction.

Civil Works.

Read—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 5th April 1884, No. 2194 :—

I have the honor to submit, for the very favorable consideration and orders of Government, the accompanying letter from the Consulting Architect to Government, forwarding with reference to G.Os., dated 5th January and 20th April 1883, Nos. 2 and 230, Educational, respectively, plans and estimates for additions and improvements to the Medical College buildings. The estimate consists of the following items, aggregating Rs. 75,326 :—

	RS.
(1) Dissecting house	36,830
(2) Improving light and ventilation of and adding galleries to the three lower rooms of north wing	9,026
(3) Improving lighting and ventilation of present anatomical theatre	196
(4) Erecting galleries, &c., in library	5,425
(5) Adding an upper-story to the north wing	13,999
(6) Completing verandah round front and sides of building	8,775
(7) Improving out-house rooms	1,075
Total ...	75,326

2. The Surgeon-General with the Government of Madras agrees with the Principal of the Medical College in considering that all the improvements noted above should be carried out in the year, and that when they are completed, no further additions will be necessary for many years to come. The work should be provided for in the Public Works Budget.

Enclosure.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Director of Public Instruction, dated Madras, 30th January 1884, No. 1447.

With reference to Educational G.Os., No. 2, dated 5th January 1883 and No. 230, dated 20th April 1883, I have the honor to forward, herewith, detailed plans in four sheets and estimates for additions to, and improvements in, the Medical College buildings at Madras.

2. The plans have been prepared, with, first, in communication with each individual medical officer concerned; secondly, in consultation with the college principal; thirdly, by being laid before the college council, and, fourthly, they have been approved of generally by the Surgeon-General, Indian Medical Department.

3. The plans and estimates, which in all amount to Rs 75,326, have been signed by the Principal of the Medical College on behalf of the college council.

4. The additions and improvements consist of the following details :—

(1) A new dissecting house containing a dissecting room for male and female students, a preparation room, a lecture theatre for 130 students with gallery for prepared anatomical specimens, an anatomical museum, a small office room for the professor, and a lavatory.

(2) In the present pathological museum room and in the room temporarily occupied by the Chemical Examiner, it is proposed to erect galleries on iron pillars approached by circular stairs, to improve their light and ventilation, and to re-arrange the cases end on to the walls, increasing their number and height. In this way the museum of pathology, hygiene and botany can all be accommodated in the three rooms forming the lower-story of this north wing.

(3) To improve the lighting and ventilation of the present anatomical theatre.
(4) To erect galleries and improve the lighting and ventilation of the college library room.
(5) To erect an upper-story on the north wing of the college thus providing for a histological theatre, a room for the professor of ophthalmic medicine, surgery, and physiology, and an office for the principal's clerk, who is now (most inconveniently) in the same room with the principal.
(6) To take advantage of the platform and parapet now running round the front and sides of the college building and to erect over it a terraced roof on iron pillars thus forming a verandah.
(7) To improve the small out-house rooms now used by lady students and others, by adding a small bracketted verandah and clear-story windows for light and ventilation.

5. The cost of these proposals will be as follows:—

	RS.
(1) Dissecting house	36,830
(2) Improving light and ventilation of and adding galleries to the three lower rooms of north wing	9,026
(3) Improving lighting and ventilation of present anatomical theatre.	196
(4) Erecting galleries, &c., in library	5,425
(5) Adding an upper-story to the north wing	13,999
(6) Completing verandah round front and sides of building... ...	8,775
(7) Improving out-house rooms	1,075
Total ...	75,326

6. The completion of the verandah round the building is made necessary because the provision of galleries to the large rooms of the college necessitates more light in these rooms, and from the want of the verandah the lower doors of these rooms cannot be now opened, for they admit too much direct sunlight and rain. There are also other college rooms which are now very dark for the same reason.

Account.

Read—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 27th August 1884, No. 890.

I have the honor to request that funds may be allotted to the following works :—

	RS.
(1) Improving roads in Chepâk park and maintaining trees	1,400
(2) Widening promenade between Napier's bridge and Triplicane creek and other improvements at Chepâk	7,843
(3) Constructing a bridge over Buckingham canal near Senate House.	9,455
(4) Additions to Public Works offices, Chepâk	4,126
(5) Erecting a tomb over the grave of the Right Hon. W. P. Adam (Ootacamund)	418
(6) Provincial Minor Original Works, Civil Buildings	2,200

(1) A sum of Rs. 10,550 was allotted to this work in the Provincial budget and G.O., No. 1581 W., dated 24th June 1884, and the difference was ordered to be applied for later in the year (*vide* G.O., No. 1819 W., dated 28th July 1884). But as the works forming the project must be completed before or during monsoon, I beg that a further sum of Rs. 1,400 (the balance of the estimate) may now be granted.

(2) to (5) These works will be completed before the close of the official year and funds for completing them are necessary.

(6) Under this head there are now about four works (sanctioned and under execution), amounting to Rs. 4,200, but as only Rs. 2,000 have been allotted in G.O., No. 1581 W., dated 24th June 1884, I have to request that the difference may now be granted.

2. May I also request that you will be good enough to grant funds (Rs. 10,000) to go on with the "additions and improvements to the Madras medical college," sanctioned in G.O., No. 1252 W., dated 17th May 1884. Copy of a letter from the Principal, Madras Medical College, enclosed.

Enclosure.

From Surgeon-Major J. KEES, M.D., M.R.C.P.L., Principal, Medical College, Madras, to the Consulting Architect to Government, dated Madras, 25th August 1884.

With reference to the order of Government, No. 1252 W., Public Works, dated 17th May 1884, sanctioning certain additions and alterations to the college building, may I ask the favor of your kindly undertaking, as early as practicable, the construction of the new anatomical lecture and dissecting rooms, &c., as these are very urgently required.

4. Owing to the large number in our classes, the present thatched dissecting room will, this year, be more than ever unsuited for the purpose as such.

From Surgeon-Major J. KEES, M.D., M.R.C.P.L., Principal, Medical College, Madras, to the Director of Public Instruction, dated Madras, 29th August 1884, No. 285.

I have the honor to forward a communication received from the Consulting Architect to Government, dated 27th instant, in respect to the necessity for the early completion of the new anatomical theatre and dissecting room, which recently received the sanction of Government,* and to request that you will be good enough to

move the authorities to provide this officer with the necessary funds to enable him to commence the work at an early date, as the existing thatched sheds do not afford sufficient accommodation for the larger number of students engaged in dissection during the winter session.

ENCLOSURE.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Principal, Medical College, Madras, dated Chepâk, 27th August 1884, No. 881.

With reference to your letter, No. 277, dated 25th instant, I have the honor to state that I have applied for Rs. 10,000 to be spent on the dissecting house during the current official year, but I cannot say whether the amount will be allotted or not. It would, I think, very much help matters if you were to kindly address Government on the urgency of the work, and request an allotment of funds.

Letter from the Director of Public Instruction, dated 28th April 1885, No. 3059.

I have the honor to submit for the information of Government, copy of a letter from the Principal, Medical College, reporting that the temporary sheds used as dissecting rooms were destroyed by fire at noon on Friday last. In anticipation of the Sanction of the Estimate I have requested the Superintending Engineer to take the work on hand immediately.

(Enclosure) Letter from the Principal, Medical College, to the Director of Public Instruction, dated 27th April 1885, No. 38.

3. As there is no place now in which the operative surgery class

class can meet, and as some time will elapse before any building can be got ready for it, I request that you will be good enough to ask the Inspector General of Ordnance that two large condemned tents from the Camp Equipage depot be supplied to the college for use until the end of the session in June next (a requisition for these is enclosed). In the meantime it would be necessary to obtain the sanction of Government to repair the sheds, roofing them with tile, instead of straw and bamboo matting, and to make such furniture as may be necessary in the rooms to replace what has been destroyed. The cost of the furniture will most probably be Rs 500. The roofing &c can be undertaken by the Department, Public Works, in connection with the extension of the rooms, necessity for which

SIR,

In returning your Endorsement No. 941 C, dated 19th Instant, I have the honor to report that an Estimate of Rupees 3,165 has been made providing for a tiled roof &c. to the temporary Sheds at the Medical College which were totally destroyed last month by fire. Work was commenced thereon, on emergency, on the 16th May and it is expected to be completed by the 15th August 1885.

The Superintending Engineer ordered the Executive Engineer to to commence it without I believe being aware Government had recently sanctioned an estimate for an entirely new building.

The Chief Secretary to Government
Fort St George

Also B. No 1297 W of 3/6/85

SIR,

In continuation of my letter No 3059 of the 28th April, recorded in G. O. dated 11th May 1885 No 325 (mis) Educational, I have the honor to submit, duly countersigned, a plan and estimate amounting to Rupees 3,155 for rebuilding the dissecting house belonging to the Medical College, Madras. The work was commenced as emergent at my special request in May last in anticipation of sanction and it is expected to be completed about the 15th Instant. I beg to request that the plan and estimate be approved and transferred to the Public Works Department for sanction.

NOTE OF REMARKS.

The accompanying plan and estimate provide for rebuilding the dissecting house at the Medical College at Madras. The estimate amounts to Rs. 3155.

2. It is stated that:– "The present plan provides all the required accommodation as well as more light than was obtained in the old ones, by having 3 windows in each gable, and having the verandah pillars higher and the fencing 8 feet from the verandah in place of quite close to it as before." – The building measures on the outside 953 ft. × 41 ft. – At the west end a room, 20 ft. × 20 ft., is provided for lady students except at two small corner

rooms a verandah 6 ft wide runs round the building. The roof is pent with gable ends. Nine trusses are provided the span being 20 ft. King post and tie rod are of wrought iron; the struts and principal rafters are of teak-wood. — The other roofing timbers are casuarina. The tiles are ordinary pan tiles, and rest on palmyrah reepers.

3. In his letter No. C/24 of the 7th August/85 the D. P. I. writes:- "The work was commenced as emergent at my special request in May last in anticipation of sanction, and it is expected to be completed about the 15th Instant." — The plan and estimate have been countersigned by the D. P. I., and have been approved in the Educational Dept.
