Sir,

With reference to your endorsement No 127 of 20th February 1885, I have the honor to report that the purchase of Pearl Bungalow and out houses at Kella-cottah, with a view of converting them into a Police station and huts, has been completed and possession handed over to the Department -

2. I accordingly request that provision of funds to the extent of the Estimate viz Rs 5,322 as promised

promised in para 2 of G.O. No.
394 W of 17th February 1885, may
now be made, with a view to
the completion of the work during
the current official year.

3. Of the amount now applied
for Rs. 2,500 have been paid by
the Civil Department as Com-
pensation to the owners of the
property and will require to
be adjusted in the accounts
of the Current Official year.

Note.

The S. E. IV Circle was ordered in para 2 of G. O. No: 394 W of 17th February 1885, in which the estimate for the purchase of the Pearl Bungalow at Nellacottah was sanctioned, to apply for requisite funds when required; and subsequently when he desired to commence work during 1884-85 in order to avail the advantages of the working season and pay for work done after 1st April 1885, he was permitted to do so and assured of funds after 1st April 1885.

The S. E. did not till now either submit a special application for funds required or include the work in his statement of demands in which case funds would have been provided for this work in preference to other demands.

The S. E. now applies for funds for the first time and as funds are not available he is asked to propose re-appropriation.

Sir,

With reference to G. O. N^o 1754 W of 29th Ultimo, I have the honor to request you will be good enough to transfer the grant (Rs 2190) for the Police huts at Gudalur, item N^o 62 of the Provincial Budget, to meet in part the amount required (Rs 5,322) for the purchase of Pearl Bungalow and Out Houses at Nellacotta, and for converting them into a Police Station and Police huts; as sanctioned in G. O. N^o 394 W of 17th February 1885.

2. Provision will be made for the balance of the estimate in the Statement of Surrenders and demands to be submitted in October.

3. The paragraph of the Public Works Code (1852) quoted in para 3 of the G.O. under reply does not seem to be applicable to the case in point.

+ It has reference to advances to subordinates in cash?

4. G.O. No 394 W of 17th February 1885 directed that funds were to be applied for when required, after the land had been acquired; and in his letter No 1066 of 16th Ultimo. the Division Officer reported that possession had been obtained.

This is the reason that the allotment for this work was not included in the Statement submitted 16th May 1885.

Yes - the S.E. should certainly have included this item in his statement of demands. In fact it was virtually an incomplete work of last year. He should have made special application for the money 3 months ago. -

READ—the following papers:—

From Lieutenant-Colonel J. L. L. MORANT, R.E., Officiating Consulting
Architect to Government, to the Chief Engineer, Public Works Department,
dated Chepâk, 18th April 1885, No. 77:—

With reference to your memorandum, No. 479 C., dated 9th March 1885, I have
the honor to submit, for sanction and provision of funds, an estimate, amounting to
Rs. 18,878, for opening a new public road through the Chepâk and Government House
parks, and for effecting the other improvements detailed in your memorandum and
pointed out to me by yourself personally.

2. The estimate has been carefully prepared and the work is in active progress, to
be completed by the end of September at latest.

3. The report attached to the estimate gives full particulars.

From the Consulting Architect to Government, dated 2nd May 1885, No. 145.

ORDER—dated 8th May 1885, No. 1075 W., Public Works.

The estimate, amounting to Rs. 18,878, for opening a new public road and other
improvements in the Chepâk park, is sanctioned for execution by the Consulting
Architect.

2. Funds will be provided on application for the exact sum required during the
current official year.

3. This sanction has been registered as Provincial No. 27 W. of 1885-86, and
classified as "Miscellaneous Public Improvements, Original Works."

In (C) can you explain what $\frac{1}{2}$ inch means under metalling? $\frac{1}{2}$ inch of metalling is absurd & could not possibly cost Rs. 2.4 a square. Does it mean $4\frac{1}{2}$ inches.

It evidently is intended that the metalling in (b) should be of the same thickness as that in (a) as the same rate per square is allowed.
