Superintending Engineer's Office,
2nd Circle, Camp Madras.
31st July 1885.

From

The Superintending Engineer,
2nd Circle.

To

The Chief Engineer,
Public Works Department,
Madras.

Sir,

I have the honor to bring to your notice, that the continued employment of a Fitter on Rs 40 per mensem in the Lagoon Project Division has been sanctioned for 7 months during the current year in G.O. No. 922W of the 18th April 1885. This post was, however, proposed to be abolished on the expiration of the sanctioned period, viz, 30th September ¹⁸⁸⁵ next, and this proposal was sanctioned in G.O. No. 1522W of the 30th June ¹⁸⁸⁵ last. The Executive Engineer, Lagoon Project Division now considers that, as the services of the Superintendent of Plant will be dispensed with on the 30th September next, a man acquainted with machinery

and who is personally a good workman, is
required at Langam as long as the Engines
and Cranes are in use on the works. In
this opinion I concur, and therefore request
you will please obtain the sanction of
Government to the retention of the Fitter
to the end of the Current official year.

One Fitter on Rs 40 for 5 months from }
1st October 1885 to 28th February 1886 } Rs 200.

I have the honor to be,

Sir,

Your most obed^t Servant.

John Morant.
