18TH APRIL 1885, No. 922 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Masulipatam, 10th February 1885, No. 372 G.L.—Through the Examiner, Public Works Accounts.

I have the honor to forward, herewith, for your approval and sanction of Government, a statement of temporary establishment required for general and water regulation purposes of the department in the five divisions of this circle during 1885-86 in form No. M. 184.

2. From the accompanying statement it will be seen that the establishment required for 1885-86 amounts to Rs. 28,467, while that sanctioned for 1884-85 amounts to Rs. 29,818; thus showing a decrease of Rs. 1,351. The differences will be apparent from the figures given in the statement. The only points requiring notice are the following:—

- (1) Establishment for the Vegur channel head-sluice, in the Nellore division, will not be required, as this channel will be merged in the Sangam anicut system after the present season.
- (2) An additional lascar, instead of a superintendent, is provided for the Channur channel head-sluice in the Nellore division.
- (3) The provision of pay for superintendent of plant and his establishment in the Sangam Project division for only seven months in the year, instead of for the whole year as hitherto, as it is intended to dispense with this establishment from October next.
- (4) The provision for the continued employment of certain overseers, &c., sanctioned for 1884-85, and the omission of the surveyor in the Gudivada division and others sanctioned for only certain months during this year.

3. In this connection, I beg to bring to your notice that the sanctioned scale of upper subordinates for this circle is 26 permanent (please see G.O., No. 780 W., of the 22nd March 1884) and three temporary for the Gudivada division (vide your memorandum, No. 289 C., of the 29th January 1883) and the existing number of upper subordinates is divided as follows:—

- 21 Permanent excluding Conductor T. B. Smith recently transferred to No. I Tank division.
- 8 Temporary.

29 Vide distribution return of officers and subordinates for the quarter ending 31st December 1884. Provision has been made in the accompanying statement for the eight temporary overseers that are now in the circle. I am not certain if it is right to include all the temporary overseers in this list, which is, I believe, intended only to provide for any men required in addition to the permanent establishment. The number of

upper subordinates for this circle having been fixed at 26, I think that provision for only three overseers should be retained in the statement, and that the other five should be omitted, as they are sent to this circle in place of permanent overseers who are doing duty elsewhere. If this view is correct, please only provide in the statement for the two overseers in the Gudiváda division and one in the Kistna Western division, and omit the others. I thought it better to enter *all* temporary overseers as they might not be lost sight of.

4. The following is the abstract of the temporary establishment applied for for 1885-86:—

Divisions.	General.	Water Regu- lation.	Total.
	RS.	RS.	RS.
Kistna Eastern	4,512	102	4,614
Do. Western	2,100	492	2,592
Gudiváda	8,172	114	8,286
Nellore	180	1,134	1,314
Sangam Project	11,661	...	11,661
Total	26,625	1,842	28,467

ENCLOSURE.

STATEMENT of temporary establishment required for general and water regulation purposes of the department in the several divisions of the II Circle during the official year 1885-86.

MASULIPATAM,
9th February 1885.

4. As the establishment sanctioned for the current year has to be continued during the next, I request that the sanction of Government may be communicated to me by wire before the end of the current month.

No. 913 S.E., 2nd.

Forwarded to the Chief Engineer, Public Works Department, with the column "Present scale" of the proposition statement duly checked.

2. Attention is drawn to this office note No. 952, dated 23rd March 1885. If a definite scale of temporary upper subordinate establishment is to be sanctioned for the current year separately, the provision for temporary upper subordinates for the Buckingham canal division made in the present statement will not be necessary.

25th March 1885.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

ORDER—dated 18th April 1885, No. 922 W., Public Works.

As a definite scale of temporary upper subordinate establishment for all circles will be sanctioned separately, the provision for overseers contained in the tabular statement of temporary establishment required for the II Circle during 1885-86 has been struck out; and the statement, as corrected, is sanctioned against the provision for temporary establishment in the current year's Provincial budget. The net decrease per annum is Rs. 1,973.

2. This sanction has been registered as Provincial No. 4 W. of 1885-86, and classified as Establishment, Temporary.

To,

The Secretary to Government,
Public Works Department,
Cotacamund.

Sir,

With reference to para 2 of G.O. No. 1147 W of the 15th Instant, I have the honor to append a copy of the Telegram just dispatched to you which supersedes the one ^{the latter} sent to you on the 7th Instant, as it was based on the grants entered in the Preliminary Issue of the Provincial Budget.

2. I have also to state, that the State-ment of demands on account of uncommenced Provincial Minor works, prepared with reference to Para 3 of the above order, has this day been sent to you for sanction of Government.

3. As regards temporary Establishment

Superintending Engineer, 2nd Circle

I can at once give a Temporary
Overseer from the District Eastern, the Gu-
-divada, and the Sangam Project, Divi-
-sions, and I can probably make a
further reduction later on in the year after
the Sangam Working season is over.

4. I would like to keep the Tempo-
-rary Overseer in Sangam to the end of
August, as there is a great deal of Field
work, and the Executive Engineer has not
been able to obtain the Surveyor whose inter-
-tainment was sanctioned. I shall, if the
temporary Overseer is retained for another
3 months, be able to surrender money from
this sanction.

I have the honor to be,

Sir,

Your most obedient servant,

J. W. Russell
Superintending Engineer,
2nd Div. Secy.

Copy of the Telegram of 20th May 1885.
