GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From Lieutenant-Colonel P. MONTGOMERIE, R.E., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Waltair, 26th May 1885, No. 53 C.

With reference to paragraph 4 of G.O., No. 1147 W., dated 15th May 1885, I have the honor to report that the reductions which can be effected in the existing temporary establishment of this circle will depend on the amounts by which the grants for the works are reduced.

2. Should it be determined to make material reductions in the grants, the two temporary divisions for the Rushikulya project and the Central delta of the Godávari might be provisionally absorbed into the Ganjam division and the Godávari Eastern delta division, respectively, the works being carried on by one or two sub-divisions in each case according to requirements.

3. In any case the Rushikulya project division might be amalgamated with the Ganjam division, as the limited supply of labor available in the Ganjam district precludes the possibility of the project works being vigorously pushed on with, except to the detriment of the rest of the district.

4. Should it be necessary to temporarily absorb the Central delta division into the Eastern delta division, Godávari, the necessity for a separate sub-division for the Dowlaishweram quarries would cease and the lately sanctioned southern sub-division of the Eastern delta division might also be provisionally abolished.

5. The establishment of this circle is at present four upper subordinates below the sanctioned strength, although there are two temporary Assistant Engineers more than the authorized number. These latter unless they are natives who have had a good practical training in the department are generally a very doubtful acquisition.

6. The services of the following members of the temporary establishment may be dispensed with according to the necessities of the case :—

Mr. Lowry, Temporary Assistant Engineer.
,, O'Flaherty, do. do. do.
,, deClosets, do. do. do.
,, Mathews, do. do. do.

The number of the temporary subordinates cannot be reduced unless it is determined to discontinue the works altogether.

From the Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 10th June 1885, No. 543 G.D.

With reference to your memorandum, No. 801 C., dated the 16th April 1885, I have the honor to submit herewith for sanction two statements, one showing the actual amounts of salary provisionally audited by the Examiner of Public Works Accounts in 1884-85, and another showing the temporary establishment required for 1885-86 in the Godávari Eastern division.

From the Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 4th August 1885, No. 967 G.D.

With reference to your memorandum, No. 12 G., dated 19th June 1885, I have the honor to inform you that, as already stated in this office No. 560 G.D., dated 11th ultimo, the verification of the plans sent to the Executive Engineer, Eastern division, Godávari, has been delayed for want of draftsmen, for whom provision has been made in the statement of temporary establishment required for 1885-86, which was submitted to the Chief Engineer, Public Works Department, with this office letter, No. 543 G.D., dated 10th June 1885, for the sanction of Government.

No. 77 E.W.

Forwarded to the Chief Engineer, Public Works Department, in continuation of this office No. 63 E.W., dated 22nd June 1885.

(Signed) A. W. SMART, Captain, R.E.,
for Chief Engineer for Irrigation.

Order—dated 5th September 1885, No. 2072 W., Public Works.

In the statement of temporary establishment required for the Godávari Eastern division during 1885-86, the provision made for additional office establishment to be employed in the quarry sub-division has been struck out, as in existing circumstances sanction cannot be given to any addition to the temporary establishment already employed. The provision for an Assistant Engineer has also been struck out, as the item has been separately provided for. The comparative statement A, as corrected, is sanctioned.

2. The Examiner of Public Works Accounts is authorised to admit in the accounts for 1884-85 the cost of establishment detailed in statement B.

3. The Superintending Engineer will submit, through the Chief Engineer for Irrigation, a proposition statement in the prescribed form for the number of draftsmen actually required for verification of plans in the Godávari Eastern division. In the meanwhile he is authorised to employ the men.

4. In his letter, dated 26th May 1885, No. 53 C., the Superintending Engineer proposes to amalgamate the Rushikulya and the Ganjam divisions. The permanent

amalgamation of these divisions having been already ordered in G.O., No. 907 W., dated 16th April 1885, such proposals as may be necessary for carrying out the same should be submitted for approval.

5. The sanction accorded in paragraph 1 of these proceedings has been registered as Provincial No. 36 W. of 1885-86, and classified as Establishment, Temporary.

Sir

With reference to para 4 of G. O. No. 1147 W dated 15th May 1885, I have the honor to report that the reductions, which can be effected in the existing temporary establishment of this Circle will depend on the amounts by which the grants for the works are reduced

2 Should it be determined to make material reductions in the grants, the two temporary Divisions for the Rushikulya Project and the Central Delta of the Godavari might be provisionally absorbed into the Ganjam Division and the Godavari Eastern Delta Division

respectively, the works being carried on by one or two Sub Divisions in each Case according to requirements

3. In any Case the Rushikulya Project Division might be amalgamated with the Ganjam Division, as the limited supply of labour available in the Ganjam District precludes the possibility of the Project Works being vigorously pushed on with, except to the detriment of the rest of the district.

Amalgamation ordered vide G.O. No d/16 Ap

4. Should it be necessary to temporarily absorb the Central Delta Division into the Eastern Delta Division Godavari, the necessity for a separate Subdivision for the Dowlaishweram Quarries would cease and the lately sanctioned Southern Sub Division of the Eastern Delta Division might also be provisionally abolished.

5 The establishment of this Circle is at present 4 upper subordinates below the Sanctioned Strength, altho there are two temporary Assistant Engineers more than the authorized number. These latter unless they are natives who have had a good practical training in the Department are generally a very doubtful acquisition.
