READ—the following letter from Lieutenant-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 1st September 1885, No. 1123 :—

I have the honor to request that the following reappropriations may be sanctioned under Provincial, Original Works and Repairs :—

<i>Bellary Division.</i>		
<i>From</i>	<i>To</i>	
Amount surrendered.	Amount required.	
	Collector's printing office at Bellary— G.O., No. 767 W., dated 30th March 1885	Rs. 1,622
	Compound wall to the Collector's out- cherry at Bellary—G.O., No. 1134 W., dated 6th April 1884, and G.O., No. 507 W., dated 6th March 1885.	1,700
Residence for the Collector at Anan- tapur—Budget item No. 16 ...		Rs. 3,322

<i>Cuddapah Division.</i>		
Sub-Registrar's office at Proddutur— Item No. 10 in the statement B appended to G.O., No. 1533 W., dated 1st July 1885	Repairs— (Lump sum)	Rs. 977

2. As the residence for the Collector at Anantapur cannot possibly be commenced before December 1885, there is no probability of the allotment for that work being fully expended. The Collector will not probably move into the residence now being built for the Superintendent of Police immediately after its completion. The works for which appropriations are applied for are much needed, and if commenced at an early date can be completed within the official year.

3. The Executive Engineer, Cuddapah, does not anticipate an expenditure of more than Rs. 1,000 on the Sub-Registrar's office at Proddutur out of the allotment of Rs. 1,977 granted for it.

4. The reappropriation of Rs. 977 from this work is necessarily required for repairs to the Divisional office, Nandalur Munsif's court and Madanapalle taluk cutcherry, which are really emergent.

ORDER—dated 7th September 1885, No. 2080 W., Public Works.

The following reappropriations of funds are sanctioned:—

G.O., dated 18th December 1883, Mis. No. 5079, Revenue.

Read—the following proceedings of the Board of Revenue, dated 30th November 1883, No. 3646 :—

Read—the following letter from Major S. C. CLARKE, R.E., Officiating Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 1st November 1883, No. 2163 :—

I have the honor now to submit, for the approval of Government, the accompanying estimate (with tracing of design) for adding two wings to the present Collector's cutcherry at Bellary and for altering the general façade of the same.

- 1 Plan.
- 1 Site plan
- 1 Abstract estimate in duplicate.

2. The pressing necessity for increasing the accommodation of the existing cutcherry was mooted many years ago, viz., as far back as 1871, and was again brought to my notice by Mr. H. P. Gordon, Collector of Bellary, in April last. When talking over the subject with that officer, it was finally decided to add two wings and to improve the general appearance of the cutcherry in preference to constructing an entire new building, since I calculated that the former arrangement could be carried out at a much less cost, and because Mr. Gordon considered that no better site could be selected for the cutcherry. The original intention was to endeavour to sell the existing building and to meet partly the cost of an entire new building by the proceeds of the sale. It is a very doubtful matter whether the existing building would be required by any one with sufficient capital, so that there is the possibility that it would have to be sold by auction at a nominal value, and at a considerable loss to Government.

3. Its proximity to the telegraph office, railway terminus and other Government offices makes the site the best that can be found for the Collector's cutcherry.

4. In March 1871, Mr. Chisholm, Consulting Architect to Government (*vide* G.O., No. 899, of 22nd May 1871), submitted a design with estimate for the cutcherry, amounting to Rs. 1,30,000; this being considered too costly, the same officer submitted, later on, a modified design to cost from Rs. 80,000 to Rs. 98,000 (*vide* G.O., No. 2926 of December 1872); but no further action seems to have been taken in the matter.

5. Both Mr. H. P. Gordon and the present acting Collector, Mr. H. Goodrich, state that their office-rooms are overcrowded, and that it is of imperative necessity that the accommodation should be, in some measure, increased. The Revenue Board have now, I am given to understand, sanctioned a separate bungalow being rented to afford the requisite increased office space until the existing building is enlarged.

6. The design now submitted has been approved of by the acting Collector, as well as by his predecessor, Mr. H. P. Gordon, and as the estimate is comparatively speaking a low one, it is hoped that the Government will approve of its being entered in the coming year's budget for early execution.

7. The existing building will accommodate the following offices :—

	Section.	Area.
Upper Story.	Magistrate's Court	1,202.5
	Deputy Collector of Treasury	593.
Lower Story.	Treasury and lock-up rooms	1,214.75
	Offices for shroffs and treasury clerks	264.
	Police guard	556.5
Right Wing.	Collector's office	357.
Upper Story.	Assistant Collector's office	850.
Lower Story.	Collector's and Assistant Collector's English correspondence office clerks	160.
	Sheristadar's office	546.
Left Wing.	Town Sub-Magistrate's office	367.5
Upper Story.	Forest Assistant Superintendent's office	850.
and Lower Story.	Office clerks	

8. There is a detached building in rear (*vide* ground plan) which now accommodates the printing establishment, office records and a large proportion of the office clerks. It is intended to leave the printing establishment and records in their present position and to accommodate some of the clerks (possibly of the vernacular department) in the rooms now occupied by the English department.

9. The existing site will have to be enlarged by a portion of the adjoining property, on the south-west side, being purchased; but it is understood that the Collector will have no difficulty in acquiring it.

10. The estimate includes the cost of substituting a stone-wall for the existing mud one, which is in a deplorable state of disrepair and practically of little use as an enclosure wall.

Resolution—dated 30th November 1883, No. 3646.

The Board approve of the amended design for the extension of the Collector's cutcherry at Bellary. The arrangement proposed has been approved of by both Mr. Gordon and Mr. Goodrich, and the accommodation to be provided appears ample. The Board recommend that the work may be sanctioned and funds provided for its execution as early as possible.

Forwarded to the Consulting Architect to Government, who will frame a suitable design for the proposed improvements and additions, on the same general lines and at the same approximate cost; or adapt a better façade to the old central building and Major Clarke's new wings.

Chief Engineer, P.W.D.

28th January 1884.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepák, 14th February 1884, No. 1524.

In reply to your memorandum, No. 201 C., dated 28th November (erroneously entered for 28th January 1884), I have the honor to submit a design for the proposed improvements and additions to the Collector's cutcherry at Bellary and to return the papers received with the above reference.

1 Proceedings of Government, Revenue Department.

2 Original estimates.

1 Tracing original design.

1 Do. site plan.

1 Do. revised design.

1 Revised estimate.

2. The new design is on the same general lines and at the same approximate cost as Major Clarke's design.

3. I enclose an approximate detailed estimate of the cost of the new design, which will not come to more than Rs. 44,000.

4. The clear-story windows and the parapet terminals might be modified, or the latter even omitted, if thought desirable, without affecting the general character of the design. The whole of the architectural features have been purposely designed in a plain and simple manner.

5. I have omitted one of the two staircases in each of the wings (as two staircases to give access to two rooms seem superfluous and one is in the way of the passage) and have lengthened the main rooms in each wing by 5 feet. In all other respects the old plan has been retained, as it seems to have been carefully considered and to have been approved of by the gentlemen who are to occupy the building.

From Lieutenant-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Camp, Ramandroog, 12th April 1884, No. 73.

With reference to your memorandum, No. 438 C., dated 22nd February 1884, I have the honor to submit the plan and estimate for the proposed improvements and extensions to the Collector's cutcherry at Bellary, with necessary alterations in rates.

1 Letter from the Consulting Architect.

1 G.O., No. 5079, in the Revenue Department.

1 Original plan.

1 Revised plan.

1 Site plan.

1 Original abstract estimate.

1 Do. do. framed by Consulting Architect.

1 Duplicate do. do.

2. The depth of the foundations has been increased to 6 feet and the breadth has also been increased proportionately. The thickness of the tower has been increased to 2½ feet on the lower story.

3. The rates for the following items have been raised as shown below as the increased rates are necessary to ensure first-class work being turned out:—

	RS.	A.	P.	
Hammer-dressed stone-work, upper story ...	20	0	0	per 100 cubic feet.
Cornice work dentals ...	1	4	0	" cubic foot.
Teakwood, wrought, &c. ...	4	8	0	" "
Venteak ...	3	4	0	" "
Doors, half venetioned and half panelled ...	1	5	0	" square foot.

4. An expenditure of Rs. 2,580 on account of stone terminals would appear to be unnecessary, since the terminals might, with advantage, be of much smaller dimensions and could be designed after a more picturesque pattern. If the terminals are to be of stone they would be of great weight.

ORDER—dated 6th May 1884, No. 1134 W., Public Works.

The estimate, amounting to Rs. 47,540, for additions and improvements to the Collector's cutcherry at Bellary, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 18 W. of 1884-85, and classified as Civil Buildings, Original Works.

Proceedings of the Board of Revenue, dated 10th March 1885, Mis. No. 2294.

Read—the following letter from C. A. GALTON, Esq., Acting Collector of Bellary,
to the Secretary to the Board of Revenue, dated 12th February 1885,
No. 500:—

With reference to Board's Mis. No. 1156, dated the 6th instant, I have the honor
to state that the work of enlarging my printing office was not intended for execution
by the Revenue Department. Out of the current year's grant to this district, for petty
construction and repairs of civil buildings, only about Rs. 250 are available. I request
therefore that Government may be moved to pass orders for provision of funds in the
budget of the Public Works Department, as I am of opinion that the work should be
executed by that department.

2. The enclosures of the proceedings under reference are resubmitted.

Resolution—dated 10th March 1885, Mis. No. 2294.

Submitted to Government, with the recommendation that funds may be allotted
in the Public Works budget for 1885-86.

ORDER—dated 1st July 1885, No. 1533 W., Public Works.

The statements printed with these proceedings exhibit the demands made by Superintending Engineers for Provincial minor and incomplete works, repairs, and tools and plant.

2. The demands under Repairs are as follows :—

	RS.
Civil Buildings...	82,054
Communications	49,100
Miscellaneous Public Improvements	7,421
Total ...	1,38,575

3. The total allotments, as shown in statement A, are :—

	RS.
Civil Buildings ...	85,360
Communications	72,640
Miscellaneous Public Improvements	6,730
Total ...	1,64,730

4. The Superintending Engineer, IV Circle, made no demands in his statement under Repairs and Tools and Plant; but he has since explained that the grants made to his circle under those heads at pages 18 and 47 of the final issue of the Provincial budget for 1885-86 are not susceptible of reduction. The allotments made to the I and V Circles are less than the demands; and, if the grants are hereafter found to be inadequate, endeavours will be made to supplement them. Expenditure should, however, be restricted to absolutely necessary requirements.

5. The budget provision under Repairs amounts to Rs. 2,24,175; and the difference, Rs. 59,445, between that sum and the allotment now made is transferred to the reserve under Civil Buildings.

6. The total demands under Tools and Plant aggregate Rs. 22,100; and the total allotments, after providing for the requirements of the IV Circle, amount to Rs. 29,600. The provision in the budget for expenditure in India under this head is Rs. 51,115; and the difference, Rs. 21,515, between that sum and the allotment now made is transferred to the reserve under Civil Buildings.

7. The amount reserved in the budget for incomplete and minor works was Rs. 1,18,930, but subsequent modifications have reduced the sum to Rs. 1,07,123. The total amount available for distribution is therefore:—

	RS.
Reserve with Government ...	1,07,123
Transferred from Repairs ...	59,445
Do. from Tools and Plant...	21,515
Total ...	1,88,083

8. The demands received are as follows:—

Incomplete minor works ...	4,931
Do. major works ...	1,74,287
Do. Registration works ...	24,141
Do. Police works...	19,423

Total incomplete works ... 2,22,782

New minor works...	5,192
Do. major works...	2,000
Do. Registration works...	2,455
Do. Police works	8,153

Total new works ... 17,800

Lump sum grants for minor works	8,425
---------------------------------	-------

Total demand ... 2,49,007

9. The allotments granted are shown below:—

Incomplete minor works ...	3,241
Do. major works...	1,20,025
Do. Registration works...	23,407
Do. Police works...	18,534

Total incomplete works ... 1,65,207

New minor works...	2,150
Do. major works	8,700
Do. Police works	1,725

Total new works ... 12,575

Lump sum grants for minor works as per statement A	8,425
--	-------

Total allotments ... 1,86,207

10. In the case of several works entered in the list, demands are made for grants in addition to allotments already provided in the budget. The demands in such cases have not been complied with under existing financial pressure; but, if necessary, endeavours will be made to provide additional funds later in the year.

11. Grants have been provided for only two minor new works, viz., "Furnishing clerks' quarters at Ootacamund" (Rs. 2,150, a completed work), and "Constructing police huts at Perumallur" (Rs. 1,725, in progress). The action of the Executive Engineer, North Arcot division, in commencing the latter work in anticipation of an allotment of funds, was irregular.

12. Under Major New Works Rs. 2,000 have been allotted for improvements to the family quarters attached to the civil engineering college at Madras, a work commenced by the Consulting Architect to Government in anticipation of sanction. The

irregularity has been noticed in separate proceedings. A sum of Rs. 6,700 has also been provided for improvements in the Negapatam taluk cutcherry, a work urgently needed. The Superintending Engineer, VI Circle, will have it put in hand at once, and completed within the official year.

13. The statements printed at pages 18 and 47 of the final issue of the Provincial budget for 1885-86 are superseded by these proceedings.

SIR,

Enclosures.

I have the honor to request
that the following reappropriations
may be sanctioned under Provincial
Original Works & Repairs.

Bellary Division

From

Residence for the
Collector at Bellary
Budget Item No. 16 — Rs 3322-00

Amount
surrendered

Collector's Printing
Office at Bellary —
G.O. No. 767 of 30 March/85 — Rs 1622-00

Compensation to the
Collector's cutcherry at
Bellary — G.O. No. 1134 of 5th
6th April/85 & G.O. No. 507 of
6th March 1885 — Rs 1700-00
Rs 3322-00

Suddapah Division

Sub Registrar's office at
Proddatur — Item No. 10 in
the statement B appended
to G.O. No. 1533 of 1st July/85 — Rs 977-00

Repairs
(Lumpsum) — 977-00

2. As the Residence for the Collector at

Anantapur cannot possibly be com-
menced before December/85, there is
no probability of the allotment for
that work being fully expended. The
Collector will not probably move into
the Residence now being built for the
Superintendent of Police immediately
after its completion. The works for
which appropriations are applied for,
are much needed, and if commenced
at an early date, can be completed
within the official year.

3. The Executive Engineer Suddapah,
does not anticipate an expenditure of
more than 1000 on the Sub Registrar's
Office at Proddatur out of the allotment
of Rs 1977 granted for it.

4. The reappropriation of Rs 977 from
this work is necessarily required for
repairs to the Divisional Office, Nuni-
dalore Munsiff's Court and Madanapally
Taluk Suburb which are really emergent.

I have the honor to be

Sir
Your most obedient servant
