14TH SEPTEMBER 1885, No. 2137 W., PUBLIC WORKS.

2137/1

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 15th August 1885, No. 2114.

I have the honor to forward a copy of letter* from the Executive Engineer of the Presidency Division, asking for a further grant of Rs. 26,000 for military repairs. The surrender that has been made has not left money enough for necessary works, and there appears to me to be no other course but to withdraw grants for new works.

* No. 2357, dated 11th August 1885.

2. I have already in my letter, No. 2031, of the 10th instant, recommended that the allotment of Rs. 14,000 for Native Cavalry buildings at Bangalore should be otherwise utilised, and should provide Rs. 5,000 absolutely needed for repairs in the Chingleput division. Now to meet the demand in the Presidency division, I would ask that I may expend on repairs the grants for—

	RS.
Additions to Military Prison, Bangalore	8,325
Converting the racket court in Fort St. George into a covered gymnasium (estimate Rs. 11,570)	9,570
Draw bridge and gate in the Fort of Vellore	6,450
Total ...	24,345

3. Sanction was given in G.O., No. 1595 W., dated 10th July 1885, for these works being carried on, as well as the Native Cavalry buildings at Bangalore, though these latter have subsequently† been postponed. The provision of the covered gymnasium has been urged by His Excellency the Commander-in-Chief, but the demand is for an entirely new work, and when there is a pressing demand for money, this as well as the other works must, I think, be again postponed.

† G.O., No. 1833 W., dated 8th August 1885.

From the same officer, dated Chepâk, 21st August 1885, No. 2188.

I have the honor to request that, in paragraph 2 of my letter, No. 2114, dated the 15th instant, the sum of Rs. 11,400 may be altered to Rs. 9,570 and the total in that paragraph to Rs. 24,345. From the Executive Engineer's subsequent representation, I find that the liabilities on the gymnasium work may come to about Rs. 2,000 against the estimate of Rs. 11,570.

No. 536 E.

Referred, through the Military Department, for the Provincial Commander-in-Chief's opinion, with respect to the transfers of funds proposed by the Superintending Engineer, V Circle.

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Govt., P.W.D.

29th August 1885.

No. 4769, Military.

Forwarded with reference to the Quartermaster-General's letter, No. 2025 B., dated 26th August 1885.

(By Order.)

Ootacamund, 29th August 1885. (Signed) A. R. KENNEY-HERBERT, Lieut.-Col., Offg. Secretary to Government.

Telegram from the Superintending Engineer, V Circle, dated 28th August 1885.
Letter from the Superintending Engineer, V Circle, dated 31st August 1885, No. 2308.

From Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Public Works Department (through the Military Department), dated Ootacamund, 4th September 1885, No. 2863 A.

In returning the papers received under your No. 536 E., of 29th August 1885 (M.D. No. 4769 of 29th idem), respecting an alienation of funds from certain original major works towards expenditure on ordinary repairs, I have the honor, by order, to state that, in deference to the wishes of Government, the Provincial Commander-in-Chief is prepared to relinquish the funds for the works referred to.

2. I am, however, instructed to express General Rowlands' regret that it should be found imperative to require the excessive sacrifice of original works which this demand involves, for all are works of importance, the urgency of which has been repeatedly brought to notice, and one is, moreover, a work of defence, the postponement of which the original orders of the Government of India requiring surrender of funds did not contemplate.

3. The accumulation of really urgent works being now so great, I am to solicit that the Government of Madras will be pleased to make an urgent representation to the Government of India for a specially liberal grant for military works (original) in this presidency in the next budget, so that none of the many important works hitherto held in abeyance may be allowed to stand over any longer; the necessity for a special grant to meet repairs being at the same time put forward if it exists, in order that no alienation of funds for these purposes may be demanded later in the year.

4. The Provincial Commander-in-Chief would take this opportunity of observing that the amount which it is usually found possible to allot for minor works out of the grant is never adequate to meet demands, and that consequently the accumulation of these works, which have been sanctioned for execution, but for which no funds are allotted, is very serious; those for works estimated to cost less than Rs. 500, which general officers are supposed to have an allotment for, being especially numerous.

No. 4868, Military.

Forwarded.

Ootacamund, 5th September 1885. (Signed) A. R. KENNEY-HERBERT, Lieut.-Col., Offg. Secretary to Government.

From Lieut.-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 31st August 1885, No. 1109.

With reference to G.O., No. 1844 W., dated 8th August 1885, sanctioning the revised estimate for improving the drainage of the Royal Artillery and European Infantry barracks at Bellary, I have the honor to request that Rs. 1,393, being the unexpended balance of the estimate, may be transferred from the repair grant to original works, to admit of the work being completed this year.

Order—dated 14th September 1885, No. 2137 W., Public Works.

2137/2

The following transfers of funds are sanctioned :—

Imperial Military.

Original Works.

From		*To*	
Additions to the Military Prison at Bangalore	Rs. 1,393	Improving the drainage of the Royal Artillery and European Infantry barracks at Bellary	Rs. 1,393

Imperial Military.

Repairs.

From		*To*	
Bellary division	Rs. 1,393	Presidency division	Rs. 1,393

2. The other transfers of funds proposed by the Superintending Engineer, V Circle, will be submitted for the approval of the Government of India.

3. The remarks in paragraphs 3 and 4 of the Quartermaster-General's letter will be kept in view, and the facts will be represented to the Government of India in forwarding the schedule of demands on account of military works for 1886-87.

2137/3

These papers explain the stoppage of work on the Covered gymnasium Fort St George, which the Dr Mr Genl reported on 26.8.85.

All the ~~x~~ works from which it is proposed to divert funds were put forward by Sir F. Roberts as urgent.

Money is however urgently wanted for repairs, & must apparently be provided somehow.

Draft reference to Mily: Dept. submitted for approval.

The reappropriation statement for India might be kept back pending receipt of the Provincial Commr in Chief's views.

2137/14

Bangalore 11th Augt 1886

From

The Executive Engineer
Presidency Division

To

The Superintending Engineer
Vth Circle

Sir,

With reference to your memo No 1960 dated 6th August 1886, I have the honor to state that I shall be unable to meet the outlay of the Barrack Master's Repairs in Bangalore and Madras, compensation for quarters and house rent, over which items I have no control at all (they spend what they like as they are not under my control). Ordinary repairs in the Division are not being executed but only such works which, if postponed, will cause greater expenditure hereafter, or work which is demanded on Sanitary grounds

grounds.

The following will show you present State of funds for Imperial Military Repairs.

✓

Government Grant.	Rs 65,000.
Amount Appropriated up to date for Ordinary repairs, Municipal tax, Barrack Master's Repairs, Compensation for quarters & house rent.	48,105
Balance Rs.	16,895

From this balance must be met.

Barrack Master's Repairs probably	6,200	
Municipal tax certainly	12,300	
Compensation for quarters probably	9,200.	
		27,700
Deficit Rs		10,805.

To which should now be added at least Rs 2500 per mensem for 6 Months to meet ordinary repairs, so that probably total deficit will be about Rs 26,000. With an extra grant of Rs 26,000 the saving due to restriction of expenditure will be Rupees 76,000 Viz 1/2 the Ordinary grant of former Years.

When reporting, as Superintending Engineer, the probable expenditure on Military Repairs, I was in hopes of keeping the expenditure down to Rs 66,000 but now I see it is impossible to do so.

2137/15

I have &c.

This is what I wanted —
Will not the proper course now be not to go up to G. of I. with one proposal for reappropriation from Original works to Repairs, & a second one for re-appropriation from Repairs to original works, but to allot to S.E. III's original works portion of amounts taken from S.E. V's original works, & to give to latter's repairs what S.E. III proposed to resign from his repairs grant?

Revised draft order is submitted for approval the facts will be

9/ 2137/22

W.

My object in proposing accompanying draft G.O. in supersession of that passed by you on 5th inst. is to avoid a double application to India for re-appropriation of grants.

After you had passed the order 2088 W. of 7th, letter No 1109 of 31st Augt. from S.E. III came in, in which he asks for a transfer of Rs. 1393 from the Repair grant to Original works to admit of the completion of drainage of barracks at Bellary. As I presume this request shd. be complied with, we would have, supposing your order to hold good, an application to India for a transfer of funds from Original works to Repairs followed a few days after by an application for a transfer from Repairs to Original works.

The course I now propose will obviate this.
