2. The increased rate of pay and promotions consequent upon the recent re-organization of the engineering staff of the department do not seem to have been taken into account in preparing the details in part III of the budget estimates relating to Bombay, Madras, Assam and Central Provinces. In the final issue of the budget estimates for these provinces, the figures should be recast so as to include the necessary alterations on the above account.

3. In the case of Assam, the alterations will probably result in an addition of Rs. 600 to "Direction" on account of the Assistant to the Superintending Engineer, and an addition of Rs. 17,000 under "Construction." The latter amount includes Rs. 1,200 on account of the extra rate of pay to a Superintendent of Works, which has been recommended for sanction to the Secretary of State.

4. In the Central Provinces, the charges for "Direction" should be increased by Rs. 2,900 owing to the substitution of a 2nd for a 3rd class Chief Engineer, and a further sum of Rs. 1,800 should be added on account of increased pay and promotion to his Assistant. Under "Construction" the increased rates of pay and promotion result in an addition of Rs. 14,350 to the charges for engineering establishment, the allowance to the Superintendent of Works being taken at Rs. 100, instead of Rs. 150 as shown in the budget estimate.

5. The reduction of Rs. 60,000 intimated under Provincial Services in the revised estimate of the current year in Madras Government telegram of the 7th March 1885 could not be carried out in consequence of the telegram having been received too late.

*Order*—

Ordered that the foregoing be forwarded to the Local Governments and Administrations noted in the margin, for information and guidance, with the request that 35* printed copies of the budget estimates for Provincial Services and Incorporated Local Funds, prepared for the precise amounts adopted by the Government of India, may be forwarded so as to reach the Government of India not later than the 1st May 1885.
