Irrigation.
Account.

Read—the following paper:—

No. 224 T.J.

Note by Superintending Engineer on estimate for fitting Sharangolam Dam across the Pamanyaur with screw shutters, &c., and providing the same with an apron, Rs. 6,650.

The work is across the Pamanyaur, a branch from the Vennár river, and it is proposed to lower the dam and provide it with movable shutters; this will reduce the F.W.L. and enable, when necessary, a supply to be passed down for the extensive irrigation below the dam.

1 Plan of Dam.
1 Detail of Shutters.
1 Estimate.
1 Abstract for Examiner.

The cross section shows the necessity for the estimated extension of apron.

With regard to the shutters, they will have to be worked by the villagers or by an establishment. It is proposed on this work to make a trial of two sorts of experimental shutters, viz., a revolving shutter and self-falling shutters; these shutters are much cheaper than the ordinary screw-gearing shutter, and it is thought they are well worth a trial, as without one it is hopeless to expect a good cheap movable shutter to be found.

Neither of these shutters are supposed to be self-acting. Theoretically they ought to be, but practically it is believed they will not be found to be so. There will be, however, in either of them no difficulty by means of the chains in giving them the necessary start to open or shut them. Should they fail, there will be no delay in substituting the ordinary screw-gearing shutter for them, and it is considered that the experiment that can be fairly carried out on this work for about Rs. 500 should be tried as soon as possible.

The estimate, amounting to Rs. 6,650, is recommended for sanction.

(Signed) H. R. MEAD, Lieut.-Colonel, R.E.,
Superintending Engineer, Sixth Circle.

Trichinopoly,
28th April 1883.

No. 60 I.

Submitted to Government with a recommendation that the estimate, amounting to Rs. 6,650, may be sanctioned.

(Signed) J. O. HASTED, Colonel, R.E.,
Ag. Chief Engineer for Irrigation.

Ootacamund,
29th May 1883.

To the Acting Joint Secretary to Government,
Public Works Department, Irrigation Branch.

ORDER—dated 4th June 1883, No. 441 I., Public Works.

The estimate, amounting to Rs. 6,650, for fitting Sharangolam Dam across the Pamanyaur with screw shutters, &c., and providing the same with an apron, is sanctioned as follows:—

G. Expenditure on Productive Public Works.
Revenue Account.
39. Irrigation and Navigation.
(Working Expenses.)
Extensions and Improvements.
Cauvery Delta System.
Vennár Section.
(2.) Main Canals and Branches.
Pamanyaur.
D. Regulators.

	RS.
Providing screw shutters to the Sharangolam Dam, Estimate ...	6,650

2. This sanction has been registered as No. 29 I. of 1883-84.

3. The Superintending Engineer, Sixth Circle, will report the amount required for expenditure on the work during the current year, and suggest a transfer of funds from the allotment for Minor Extensions and Improvements.

P. W. DEPARTMENT

No. 580 C dated 11th. March 1884

CIRCULAR.

The attention of officers of the Department is called to the necessity for adhering to the prescribed Code Form (No. 184* M revised) when submitting proposals for alterations in sanctioned Establishments, - whether permanent or temporary.

* Vide Standing Order 325 of 1883

The form provides for a comparison being made between existing and proposed arrangements, and should be accompanied by explanations as to the necessity for the changes proposed. Unless proposals are thus sent up for sanction, they will in future be returned for revision.

Chief Engr. for Irrign.
Examiner P.W. Accounts.

No 580 Cd 11.

Note by the Chief Engineer for Irrigation

2172/6

No. 76 EW.

Under the orders of the Supg Engineer, Sixth Circle, and in anticipation of sanction, the following temporary establishment was entertained from July 1884 for the Pamanyar Serangolam dam the improvements sanctioned in P. W. G. No. 441 I dated 4 June 1883 having been completed during the year 1884.

1	Superintendent	12	Rs per mensem
1	Head Lascar	5	do
3	Lascars at 4 Rs each	12	do
	Total	29	

The Supg Engineer intended to have applied for sanction to a revised scheme for the whole of the conservancy establishment employed in the Cauvery Delta, but as the working out of this scheme is likely to occupy some time more, it is recommended that the Examiner of P. W. Accounts be authorized to pass the expenditure incurred on the establishment during the past official year and that the sanction be accorded to the continuance

of

of this establishment as well as that sanctioned in P. M. G. No. 2546 W dated 16th October 1884 throughout the current year, the expenditure being met from the provision for temporary Establishment.
