SUPERINTENDING ENGINEER'S OFFICE,

The proposal may stand over as suggested, — but the decision as to the alignment of the proposed Cuddalore-Bellary Railway will necessarily affect the proposal.

H. M. Vibart - R.E.
TENDING ENGINEER,
III CIRCLE,

If the line is taken (as at present seems probable) through Voilpād — not through Madnapalli — the question will arise as to the proper location of the Sub-Division head quarters.

reference to para 2 of my letter to April 1884, I have submit for sanction of Plan and Estimate amount for constructing a Residence for the Sub Divisional Officer at Madnapully.

Office quarters for Sub-Divisional Officer at Madnapully.

no suitable accommodation present for the Sub Divisional Officer is our European frequently put to great inconvenience. It would be desirable to have an European in that as the climate is suitable accommodation for the Sub Divisional Office and Stores is also much

The ruling in case of proposal to provide residences in Madnapully for Sub-Divisional Officers must be applied to this proposal also.

W.

With reference to S.E. III's proposal to build a Residence & Office for the Subdivision Officer at Madhanapally, I think f.O. No 960 W. of 23rd April, 1885, on the question of proposed residences in the Tanjore District should apply. —

S.E. thinks Madhanapally may be treated as a special case, but if this is admitted it will be easy to make special cases of other stations too. No doubt it may be very inconvenient for the European Subordinate not to have a house provided for him, & it is an advantage to have our Subordinates comfortably located, but I don't shudder in this case an official residence is a necessity.

If 2nd appears however of the proposal, the matter will have to go up to India in which case a stronger argument than that given must be adduced.

The Madhanapally Office was recently pulled down. S.E. has not stated how the Subdivision Office has hitherto been accommodated.

C.S.

2.9.85

W. The proposal of the S.E. IV Circle to construct a residence & Office for the Sub Division Officer at Poluramund was ordered to lie over until receipt of further orders promised by India relative to the provision of quarters for subordinates &c. This file might similarly be O. if approved.

S.W.

Submitted for orders. The present orders are against the erection of residences for civil officers of the State without India's previous sanction. Revised orders on the subject have been promised.

Perhaps the first thing to be done will be to have the estimate scrutinised in T section.

S.E. should have referred to India's recent orders on the subject when submitting the estimate.

Supervisor

With reference to para 2 of my letter No. 20 dated 14th April 1884, I have the honor to submit for sanction of Government a Plan and Estimate amounting to Rs. 3666 for constructing a Residence and Office for the Sub Divisional Officer at Madhanapally.

- There is no suitable accommodation available at present for the Sub Divisional Officer at Madhanapally. The Sub Divisional Officer is an European and is consequently put to great inconvenience. It would be desirable always to have an European in that Sub Division as the climate is suitable.
- Accommodation for the Sub Divisional Office and Stores is also much

wanted.

4 Under these circumstances I request
that the work may be sanctioned as a
special case.

I have the honor to be
Sir
Your most obedt servant.
