Just before Major Bowen left I brought to his notice that memo No: 2157. D. d 2.12.84, had not been answered by the P. C. E. College, & expressed a fear that none of the models had been commenced as further instructions as to their size were promised in para 6 of G.O. No: 2889. W. d 19.11.84. Major B. said that he knew the models were being proceeded with but signed a reminder to Capt Jone; who has now submitted a statement of scales recomded. However, S. E. 1 C. has informed us that the models are in progress and will be ready end of next month.

On 15th inst a d. m. was despatched to S. E. 1 C. to report progress on the model of a staff

boat being made at the Dowlaishweram Workshops. On the 16th (next day) an Estimate for the model came in, and S.E. has not replied to our telegram. I take it therefore that he awaits sanction to the Estimate before commencing work. I send the papers on to you, as funds have not yet been given us out of the 20,000/. (I saw note to B). I w^d. suggest a telegram from Ooty telling S.E. to proceed with the work, and report when it will be completed.

I have drawn up a statement of the models under preparation with remarks as to latest information available regarding them. I am also preparing ~~a statement~~ regarding the photos which I will send to you.
