GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue, dated 31st August 1885, Mis. No. 8061 :—

Read—the following letter from H. R. FARMER, Esq., Acting Collector of Trichinopoly, to the Secretary to the Board of Revenue, dated Trichinopoly, 22nd August 1885, No. 3240 :—

The construction of a new taluk cutcherry building at Perambalúr, on the standard plan, sanctioned in G.O., Mis. No. 1755, dated 19th July 1878, Revenue Department, communicated with Board's Proceedings, No. 7644, dated 30th July 1878, having been completed, the Tahsildar's office has been removed to the new building. The District Board request that the old building may be handed over to them for the purpose of converting a portion of it into a school and a dispensary. At present the school is held in a mantapam quite unsuited for the purpose, and it is in contemplation to start a new dispensary when funds are available.

2. A portion of the building will still continue to be used, as it has hitherto been, as a police station-house, which, according to G.O., No. 1506 W., dated 29th June 1885, Public, should be located in the middle of the town. The remaining portion is considered sufficient both for the school which has to be removed at once and for the intended dispensary.

3. I have therefore the honor to request that sanction of Government may be obtained for handing over, to the District Board, that portion of the old taluk cutcherry building which has been vacated by the removal of the Tahsildar's office and which is not required for the police station-house, as the enclosed copy of a letter from the Superintendent of Police will show.

Enclosure.

Letter from Lieutenant-Colonel H. S. COURT, Superintendent of Police, Trichinopoly, to the Collector of Trichinopoly, dated 6th August 1885, No. 756.

With reference to your letter, No. 2634, dated 23rd July 1885, I have the honor to inform you that the sub-jail adjoining the old taluk cutcherry, together with the room now occupied by the police in that building, will suffice for the purposes of the police station; an opening can be made in the wall in the sub-jail yard which will serve as a separate entrance, and the remainder of the building can be shut off for any other purpose for which it may be required.

Copy of Superintending Engineer's letter, No. 188, dated 8th July 1885, received with the above reference, is herewith returned.

Resolution—dated 31st August 1885, Mis. No. 8061.

Submitted for the sanction of Government.

2. The Board consider that it should be made a condition of the transfer that the building is to be used for the purposes indicated, and when no longer required for such purposes that it be delivered back to Government.

(True Extract.)

(Signed) E. GIBSON,
Secretary.

a quantity of building material available from alterations sanctioned by me to an old building in the Jail enclosure, called the "Old Court House" and if he is permitted to utilise this material, he will be able to construct a kitchen under his own supervision with Convict labour at an outlay of Rupees 350 only. He also proposes to put a Verandah to the Store room at a cost of R. 149-8-. and to extend a Workshed at a cost of R. 375 and that if these works are sanctioned, they will make the Jail Complete.

2. As I am of Opinion that these alterations and additions are desirable and as there will be a considerable saving to Government if the Superintendent is permitted to carry them out, I have the honor to request that the sanction already accorded in the Order of Government quoted, may be cancelled and that the sum of Rs 874-8-. may be sanctioned for the undermentioned works, viz:-

A New kitchen	R. 350-.-.
Extended Workshed	375-.-.
Verandah to Store room	149-8-.
Total Rs	874-8-.

3. This amount can be met from the Budget allotment for petty works of construction and repair

Sir,

I have the honor to bring to your notice, that the discontinuance of the services of the following Temporary Establishment in the Sangam Project Division was sanctioned in G. O. No. 1522W. of 30th June 1885, from 30th of this month.

1 Superintendent of Plant on Rs 200

1 Clerk ——————— " Rs 15

2. The Executive Engineer, Sangam Project Division now informs me, that an Iron aqueduct 32' in length has been put in hand which cannot be completed within this month besides other iron work: the services of the above Establishment are therefore requested to be retained till the end of October 1885.

P.W.D.

3. I have therefore the honor to request you will please obtain the sanction of Government to the retention of the Establishment in question for a month more i.e. till the end of October 1885.

I have the honor to be,
Sir,
Your most Obdt. Servant.

SEPTEMBER.

Civil Engineering College.

Approving of the Director's suggestion to lay down a direction respecting class marks and the maximum number of marks for each subject at each examination to the Board of Examiners with reference to G.O., No. 443 of 1885, regarding the reorganization of the —.

1st September 1885, No. 523, Educational.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper :—

From H. B. GRIGG, Esq., Director of Public Instruction, to the Chief Engineer, Public Works department, dated Ootacamund, 19th August 1885, No. O.-108.

With reference to the omission of the word "not" in article V (1) (*d*) and (2) (*d*) in the notification sanctioned by Government in their order, dated 16th July 1885, No. 443, Educational, and our conversation on the subject of not allowing class marks to count in the final examinations, I have the honor to state that I consider the objects which I had in view, viz., securing to the Board of Examiners absolute powers in passing students and also preventing such class marks from obtaining excessive weight in the final examinations, may be sufficiently met by laying down the following direction to the Board of Examiners, thus avoiding any amendment of the notification. This arrangement will also provide for another point which is not touched on in the notification, but which, I think, it might be well to settle at the same time—the power of the Board to fix the maximum marks for each subject in all examinations :—

With reference to article II of the notification the Board of Examiners will, on appointment, be informed that they have entire power to fix the maximum number of marks which shall be assigned to each subject in each examination, and further, as regards rules (1) (*d*) and (2) (*d*) of article V, to fix the proportion of the total marks for all subjects which shall be assigned to marks for class and field work under these rules.

No. 493 E.

Forwarded to the Educational department for disposal.

2. The undersigned recommends the adoption of the Director's suggestion.

Ootacamund,
21*st August* 1885.

Lieut. Col. J. L. L. Morant R.E.

Members

G. D. Wybrow Esquire } Executive Engineers
W. C. De Morgan Esquire }

The Committee examined both these gentlemen on the constructive details of Canals, Locks, Shutters with screw lifting gear, and Roofs, obtaining from them figured sketches of the manner in which they would design works to suit given circumstances, and they find that both these gentlemen are practically acquainted with the necessary details, and are able to prepare satisfactory designs.

They were also questioned as to the duty of water for irrigation and the principles
