Superintending Engineer's Office
2nd Circle, Camp Bellon
17th August 1900

From

The Superintending Engineer,
2nd Circle.

Sr

The Chief Engineer,
Public Works Department,
Madras.

Sir,

In consequence of the paucity of Sub-ordinates in the Guduvada Division of this Circle it has been considered advisable to place V. Gangiah Sastri the two Delta Superintendents named in the margin K. Ramadas Naidu in charge of the duties of Overseers.

2. Under the rules of the Department, these men are not entitled to any travelling allowance, but as they will now have to be constantly on the move, and carry about their records, it will be unjust to expect them to meet this extra expense from their Salaries. I have the honor therefore to request you will be so good as to authorise the Examiner to pass the actual expenses incurred by these two Delta Superintendents for the carriages of

their office records. (say to the extent of Rs 8
each monthly) this amount being included
in the Contingent Bill of the Division.

3. Such charges seem admissible under
para 997 of the Public Works Code, and under
the circumstances stated may I think be allowed
to these two subordinates.

I have the honor to be,
Sir,

Establishment.

READ—the following letter from A. B. SAMPSON, Esq, Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 5th January 1885, No. 24 G. :—

I am directed to request that you will, with the consent of His Excellency the Governor, give the Government of India detailed information as to the present system of officering sub-divisions in the Public Works Department in Madras.

2. The information might conveniently be arranged in columns—

1. Name of division.
2. Names of sub-divisions included in each division.
3. Approximate estimate of expenditure in sub-division during current year.
4. The class of officer by whom the sub-division is actually held.
5. An opinion as to the classes of officers by whom it might appropriately be held.
6. Any other remarks that may be called for.

ORDER—dated 17th January 1885, No. 152 W., Public Works.

Communicated to Superintending Engineers and the Consulting Architect to Government, who will supply, as soon as possible, the information required by the Government of India, which should be sent up in tabular form.

2. Reports from the I and II Circles should be especially expedited so as to allow for distance.
