READ—the following letter from W. S. FOSTER, Esq., Government Agent, Godavari District, to the Chief Secretary to Government, dated Cocanada, 1st October 1884, No. 25 :—

I have the honor to state that several breaches have been caused in the road from Bhadrachalam to Dummagudem by the late heavy floods in the Godavari. The Executive Engineer, Godavari Eastern division, has sent in the enclosed estimate of Rs. 2,150 for repairing the damages. At two large breaches, the earth to fill them with will have to be brought from about 30 to 40 yards, and the lift is considerable, being about five yards. An enhanced rate is therefore allowed to cover the cost. I request that Government will be pleased to sanction the estimate from Provincial funds. As the work is of an emergent nature owing to the necessity to restore communication and traffic, I have asked the Executive Engineer to commence the work in anticipation of sanction.

READ—the following letter from Lieutenant-Colonel P. MONTGOMERIE, R.E.,
Superintending Engineer, I Circle, to the Chief Engineer, Public Works
Department, dated Dowlaishweram, 5th November 1884, No. 1964 G.D. :—

I have the honor to submit, herewith, for sanction and provision of funds, an
estimate, amounting to Rs. 560, for quarters for the hospital assistant attached to the
Public Works Department establishment at Dowlaishweram.

2. The hospital assistant represents that he could not get a house to live in,
notwithstanding he offered a reasonable rent. Dowlaishweram is but a small village,
and the statement of the hospital assistant I believe to be quite true.

3. The building now estimated for will be constructed in the vicinity of the
hospital on the piece of ground which it is proposed to take up for the safety of the
head works, &c. See my letter, No. 1574 G.D., dated the 20th September 1884, to
the Chief Engineer for Irrigation.

4. Rent according to the code rules will be charged for the building, and any
hospital assistant will, I suppose, gladly pay it for such a residence.

5. The amount of the estimate could not be reduced to any less sum, as the
accommodation provided in it is essentially necessary for the habitation of a family man.

ORDER—dated 1st December 1884, No. 2955 W., Public Works.

The estimate, amounting to Rs. 560, for constructing quarters for the hospital
assistant attached to the Public Works establishment at Dowlaishweram, is
sanctioned, and the amount is appropriated from the Provincial reserve with Govern-
ment, as an addition to the Minor Works grant to the Godavari Eastern division.

2. This sanction has been registered as Provincial No. 208 W. of 1884-85, and
classified as Civil Buildings, Original Works.

2. The Executive Engineer in his letter, No. 575, dated 9th September 1884, to
the Superintendent of Police (a copy of which is attached), states that he is able to
proceed with the work immediately, utilising for the purpose funds from the grant of
