READ—the following letter from H. R. GRIMES, Esq., Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 10th September 1885, No. 244:—

I have the honor to forward an estimate for repairs to the Central jail at Vellore, amounting to Rs. 3,800, and to request that the Government will be pleased to allot funds for these repairs, which I have satisfied myself from a recent inspection of the Vellore jail are immediately and urgently required.

2. The report of the Executive Engineer, which is attached to the estimate, enters fully into the necessity of these repairs. The coverings and lifts to the wells are in a most dangerous state; it has been found necessary to discontinue drawing water from two of them on this account, and no repairs to any of them have been made during the last sixteen years.

3. I have deferred submitting this estimate for some months owing to the orders of Government to restrict expenditure as much as possible; but, as I have already remarked, I have satisfied myself that it is necessary all the items entered in the estimate should be attended to immediately.

4. I beg to report that funds are not available for these works from the budget allotment of this department.

NOTE OF REMARKS.

1. The accompanying is an estimate
for the repair (special) of the
present jail at Vellore in the
North-West district, and amounting
to Rs. 3000.
2. It is proposed to rebuild the
Bengal terrace over the veran-
dah of the cells, as its present
state will not admit of ordinary
simple repair being effected;
to refloor the main cells and
the adjoining verandah with
a 'Tar composition' 1/2 inch thick,
to renew the teakwood coverings
and lifts of wells which are
in a dangerous state; to repair
the different gates; and to
settle, introducing new flat
and pan tiles, the roofs of
such buildings of the block
as stand in need of it. - The
details of the proposed work

as fully given.
 The estimate has been
 prepared with care. The
 rates appear fair.
