From Major S. C. CLARKE, R.E., Officiating Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 11th December 1883, No. 2576:—

I have the honor to submit, for sanction of Government, a plan and estimate, amounting to Rs. 3,030, for constructing a school-house at Bellary, for the 27th regiment, native infantry, after the design sanctioned in G.O., No. 50, dated 6th January 1875, with certain modifications.

Proceedings of Government, No. 3536 W., dated 10th December 1883.

From Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Head Quarters Camp, Camp of Exercise, 13th January 1884, No. 576.

In returning, as requested, the papers received under Military Department, No. 6868, dated 21st December 1883, I have the honor, by order, to state, for the information of Government, that the school-house it is proposed to erect at Berhampore is for the head-quarters and wing only of a native infantry regiment, while that at Bellary, for which a plan and estimate have been approved by the Commander-in-Chief, is for a full regiment, and therefore a larger one is wanted there.

2. Originally a school-house for 100 pupils was found sufficient for a full native infantry regiment, but experience has shown that it is necessary in a full regiment to provide accommodation for a larger number of scholars.

ORDER—dated 17th January 1884, No. 149 W., Public Works.

The estimate, amounting to Rs. 3,030, for constructing a school-house at Bellary, for a native infantry regiment, is sanctioned for execution when funds are available.

2. This sanction has been registered as Imperial Ordinary No. 58 W. of 1883-84, and classfied as Military Original Works.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 15th December 1883, No. 573.

1 Estimate. 1 Abstract estimate. 1 Specification.	1 Site plan. 1 Plan.

I have the honor to forward, for sanction, a plan and an estimate, amounting to Rs. 2,150, for constructing a regimental school for 120 boys at Vellore.

2. This estimate has been prepared at the request of the Military authorities, and the plan and estimate have been approved and countersigned by the Deputy Quartermaster-General.

3. A site plan is also herewith enclosed.

No. 96 C., Public Works.

Memorandum by the Chief Engineer, Public Works Department.

Submitted for the orders of Government in the Military Department.

2. The present estimate, like the one for a regimental school-house at Bellary, forwarded under this office endorsement, No. 2542 C., dated 18th December 1883, is based on a standard design which was cancelled by Proceedings of Government, No. 1241, Public Works, dated 10th April 1877. If an open thatched pandal and accessories, as prescribed in those Proceedings, do not now meet the requirements of native regimental schools generally, it would appear desirable, to prevent misunderstanding, to formally cancel the order of April 1877, and re-affirm Proceedings of Government, No. 2087, Public Works, dated 23rd July 1875. An expression of opinion in the Military Department on this point is requested.

G.O., dated 31st January 1884, No. 494, Military.

Memorandum from the Public Works Department, dated 14th January 1884, No. 96 C.

From the Quartermaster-General, to the Secretary to Government, Military Department, dated 24th January 1884, No. 810-435.

In returning, as requested, the papers referred under Military Department, No. 262, dated 17th January 1884, I have the honor, by order, to state, for the information of Government, that the "thatched pandal" prescribed in Proceedings of Madras Government, No. 1241, Public Works, dated 10th April 1877 (Military Department No. 2627, dated 2nd May 1877), for school purposes was, in fact, abandoned under G.O., No. 409 W., dated 12th July 1877 (Military Department

No. 4200, dated 21st July 1877), and since then, though the old standard plan has generally been followed, the requirements of each station have been considered specially in each case, and the plan modified.

2. To prevent misunderstanding, however, His Excellency the Commander-in-Chief thinks it desirable that the Proceedings of Government first above quoted should be formally cancelled.

Order—dated 31st January 1884, No. 494, Military.

The plan and estimate are approved.

2. The reply of the Quartermaster-General will be communicated to the Public Works Department with an expression of the concurrence of Government in the Military Department in the opinion of His Excellency the Commander-in-Chief recorded in paragraph 2.

The estimate, amounting to Rs. 2,150, for constructing a native regimental school-house at Vellore, is sanctioned, for execution when funds are available.

2. Paragraphs 1 and 2 of G.O., No. 1241, dated 10th April 1877, are hereby cancelled; and, with reference to paragraph 3 of G.O., No. 409 W., dated 12th July 1877, the standard plan circulated with Proceedings of Government, No. 2087, dated 23rd July 1875, will in future be adopted, with necessary modifications to suit local requirements.

Sir,

In reply to memorandum No. 1339 C. dated 21st. Instant, I have the honor to state that it was in my opinion doubtful whether the cost of construction of a Schoolroom for the native children in the Servants' lines near Government House at Ooty could be considered as disbursement of public money bonâ fidè for a public object.

2. If required as a public object in educational interests, I presumed that the necessity would have been considered by the Educational Department, and independent of any provision for "unforeseen contingencies" or possible savings under other items in the General Estimate for Government House.

Letter from the Ex^r. P.W. Accts. (No. No. 34 W d/ July 17th 1885)
-D^o- from the —— do —— (" " 37 W d/ " 24th ")
-D^o from the —— do —— (" " 43 W d/ August 3rd ")

It is observed that, in G^O. N^o. 1534 W/A dated 1st July 1885, the estimate for constructing a school-room in the servants lines at Government House Ootacamund, was sanctioned on the understanding that the general estimate for the project, which has already* received the sanction of the Gov^t. of India, should on no account be exceeded.

2. His Excellency the Governor directed the estimate to be called for on the ground that the proposed school

will be a most excellent and valuable addition to the servants quarters, and to the internal economy of Government House. The room will be merely an adjunct to the block of lines provided for the ~~exceptional~~ body of servants maintained at Govt House, and the ground on which the Examiner bases his objection would be equally applicable to the entire block of quarters.

3. The rules relating to Expenditure on buildings occupied by Heads of Local Governments are moreover quite exceptional, and the Govt are surprised that, in the face of the Financial Resolution of the Govt of India * No. 666 dated 24th May 1878, which was issued expressly to prevent misunderstanding of the nature ~~which~~ that has now arisen, the Examiner P.W. Accts should raise objections to outlay to be incurred within an amount already sanctioned by the Govt of India.

4. In the opinion of the Govt, the reference to the Govt of India suggested by the Examiner is altogether unnecessary; but, with advertence to paragraph 361 of the Madras P.W. Code, the Government are constrained to submit for the confirmation of the Govt of India a copy of Proceedings No. $\frac{1534\,W}{A}$ dated 1st July 1885.

Sir,

I am directed to acknowledge the receipt of your docket No. 1899 W., dated 17th August 1885, submitting for the consideration and orders of the Govt. of India, copy of the proceedings of the Govt. of Madras, sanctioning the construction of a School room in the Servants' lines at Govt. House, Ootacamund, at a cost of Rs 1856/-, on the understanding that the General Estimate will on no account be exceeded.

2. In reply, I am to state that the Examiner was right in raising

But the way in which the School has been looked upon by the Local Govt. may be considered legitimate and on full consideration of the special circumstances of the case, the Governor General in Council is pleased to authorize the School room being treated as one of the subsidiary buildings to Govt House, and its cost admitted against the sanctioned estimate.
