READ—the following paper :—

From D. C. GORDON, Esq., Examiner, Public Works Accounts, to the Secretary to Government, Public Works department, dated Madras, 4th September 1885, No. 56 W. + B 92

Adverting to the orders contained in G.O., No. 2323 W., dated the 17th August 1883, I have the honor to forward, herewith, for disposal, an application for invalid pension submitted by the Superintending Engineer, V Circle, on behalf of Mr. Murray Rebeiro, metal turner, Presidency Public Works Workshops, supported by the enclosed medical certificate of incapacity for further service.

2. As already reported, no retiring allowance of any kind is admissible to the metal turner under existing rules, his pay, during the entire period of his employment, having been charged to Works. Should Government, however, feel disposed to take a favorable view of the case, he may, with the sanction of the Secretary of State, be granted such retiring allowance as may be considered adequate—*vide* section 138 of the Civil Pension Code. He has rendered a service of upwards of 38 years under Government, 18 of which have been rendered in, and verified from the muster book of the Public Works Workshops.

ENCLOSURE.

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Examiner of Public Works Accounts, dated Chepâk, 22nd August 1885, No. 2223.

With reference to G.O., No. 2323 W., dated 11th August 1883, I have the honor to forward an application from the General Superintendent, Public Works Stores and Workshops, for an invalid pension for Mr. M. Rebeiro, a metal turner in the Public Works Workshops.

One copy of Government order.
One pension application.
One medical certificate.

11th September 1885.

ORDER—dated 1st October 1885, No. 1196, Pension.

The applicant's services prior to 1866 have not been verified as required by section 131, nor are any reasons given on which an application to the Secretary of State could be based. The whole service is shown as inferior, in which case the maximum pension admissible is Rs. 4 *per mensem*, but it is observed that under section 94 Mint artificers are superior servants, "if their occupation is injurious to health." The manner in which the applicant's average emoluments have been calculated is not understood.

SIR,

I have the honor to forward for favorable consideration a petition from J. W. Vanderpoort a metal turner of this Workshop.

The facts stated in the petition are correct, and in the event of my being obliged to dismiss him I would beg to recommend him for a compassionate allowance of Rs 10 a month so long as he is out of work.

There is another metal turner G. Rebeiro whose case I think also merits especial consideration on account of his long service viz from 1846 to 1868 as a turner in the Mint, and from 1868 up to the present time in the Workshop. Should it be necessary to dismiss this man I beg to recommend that he be allowed a compassionate allowance of Rs 10 a month so long as he is out of work.

I have the honor to be
Sir

Your most Obedt. Servant

Wessmüller. Saint R. E.

Genl. Suptt. P. W. Workshops

Charge of the words
out of reference is made to the officer
at his table, which statement can be
proved, so that at times he is made to
too is failing, and the report is much
but as years are passing he finds fighting
of his spirit and vigor in the department
is lost to, as your testimony has spent the
that in his teaching years, he may have been
may be altered to something tangible
now finds fault his claims, that persons
encouraged by the hope given your testimony
to Government, for a small consideration

as in duty bound,
 for which I am your humble servant,
 I am, Sir, your obedient servant,
 J. W. W.

To,

His Excellency the Right Honorable
The Governor in Council
Fort Saint George
Cotacamund.

Through the General Superintendent
P. M. Workshops and Stores
Madras.

The humble Petition of John William
Vanderputt, a mechanic employed
in the P. M. Workshops.

Most humbly Sheweth,

That your Petitioner was entertained
in the P. M. Workshops in the year 1867,
and to Petitioner's great misfortune, while working
one day some years ago, an Iron Girdler acci-
dently fell on his feet and some of the toes
were quite jammed and severed.

The then Superintendent of the Workshops
sent the Petitioner in a Dhooly to the General
Hospital where he was admitted as a patient
for treatment. After the lapse of 12 months
the Petitioner was discharged from Hospital
and resumed work from that date, to
present time.

Your Petitioner is unable to walk any
great distance, or to stand long on his feet
owing to the deformity caused by the injury
as aforesaid. The Present General Superintendent
has personally inspected the injured feet
and promised to recommend the Petitioner

REC'D 30 JUL 83

to Government, for favorable consideration
encouraged by the hope given, your Petitioner
now puts forth his claims, that Government
may be pleased to do something tangible,
that in his declining years, he may have some
to look to, as your Petitioner has spent the
of his youth and vigour in the department
but as years are passing he finds his strength
too is failing, and the injured feet is much
painful, so that at times he is unable to stand
at his Lathe, which statement can be borne
out if reference is made to the officer in
charge of the works

The Petitioner has a Family of wife
and 3 Children and aged Parents, all of whom
are dependent on Petitioner's small income

~~I and in the event of my~~ Your Petitioner therefore throws his
petitable case before the Mercy of the Governor and
Council and grant him a Pension such as may be
deemed proper, and thus save him and family
from falling into the hands of misery & poverty
for which charity your humble Petitioner will
as in duty bound,

Ever pray.
