GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 16th January 1885, No. 14 E.W.:—

I have the honor to submit, herewith, for sanction and allotment of funds, an estimate for the following work:

|                     |                                                                                                                                                                                                                                                                                          |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2 Plans.            | estimate for taking off the roof of Chin-<br>chona Villa at Ootacamund, and re-roofing with new wood-<br>work and corrugated iron under the<br>present tiles. The roof has leaked a good<br>deal, and the Executive Engineer finds<br>demolition and reconstruction will cost Rs. 2,250. |
| 3 Estimates.        |                                                                                                                                                                                                                                                                                          |
| 1 General abstract. |                                                                                                                                                                                                                                                                                          |
| 1 Report.           |                                                                                                                                                                                                                                                                                          |

2. The estimate also provides for building a latrine at a cost of Rs. 200, also a stable of four stalls and four horsekeeper godowns, which is estimated at Rs. 1,750 and is to take the place of the existing stable which is in a dilapidated state.

3. As it is understood you have approved the re-roofing of the main building, the Executive Engineer has, in anticipation of sanction to the estimate, commenced the collection of materials.

ORDER—dated 29th January 1885, No. 238 W., Public Works.

The estimate, amounting to Rs. 4,240, for additions and improvements to Chin-  
chona Villa at Ootacamund, is sanctioned for immediate execution.

2. The Superintending Engineer, IV Circle, will report the amount which can be spent on the work during the current official year.

3. This sanction has been registered as Provincial No. 237 W. of 1884-85, and classified as Civil Buildings, Original Works.

To,

The Chief Engineer  
P. W. Department.

Sir,

I have the honor to  
submit herewith, for  
sanction and allotment  
of funds, an estimate for  
taking off the roof of Civ-  
-chona Villa and re-roofing  
with new wood-work and  
corrugated iron, under the  
present tiles. The roof  
has leaked a good deal  
and the Executive Engineer  
finds that the wood work  
is in some parts rotten  
and is also very slight  
throughout.

throughout. This demolition and reconstruction will cost Rs. 2250.

2. The estimate also provides for building a latrine at a cost of Rs. 200, also a stable of 4 stalls and 4 horse-keeper godowns, which is estimated at Rs. 1790, and is to take the place of the existing stable which is in a dilapidated state.

3. As it is understood you have approved the re-roofing of the main building, the Executive Engineer has in anticipation of sanction to the estimate commenced the collection of materials.

S.E. IV Circle

NOTE OF REMARKS.

1. The accompanying plan and estimate provide for improvements and additions to the Cinchona Villa, Otacamund. The estimate amounts to Rs. 4240.
2. It is proposed to remove the roofing of the main building as it is in a very unsatisfactory state, and to replace it with one of good materials and workmanship. The new roof is to be of tiles resting on corrugated iron sheeting supported on trusses. Ceiling cloth is to cover the under surface of the roof. The cost of improving the main

building is Rs. 2250.

3. The additions to be provided are a shed to contain 4 stalls and 4 horsekeepers' godowns, and a latrine.

The walls of both shed and latrine are to be of brick in mud; and the roofing is to be of corrugated iron sheets.

4. S.E.N. states that as it is understood that E.W. approves the re-roofing of the main building E.E. has commenced the collection of materials for that work in anticipation of the sanction of the estimate.
