READ—the following letter from A. J. L. CAPPEL, Esq., Director-General of Telegraphs in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 29th June 1883, No. 797 :—

With reference to the allotments for Minor Works, Telegraph, in the grants annually made by the Government of India in its distributions of the Imperial Public Works Grant for Other Services, I have the honor to submit, for the consideration of the Government of Madras, that the Bengal Government places the whole allotment at my disposal and furnishes me with forms (of which I enclose a copy) for intimating to Superintending or Executive Engineers and the Examiners of Public Works Accounts the manner in which I deal with the balances.

2. This plan not only saves needless correspondence but enables me to economise the grants, and I have therefore the honor to enquire if it may be introduced with regard to "Minor Works, Telegraph," in the Madras Presidency.

ORDER—dated 20th July 1883, No. 2007 W., Public Works.

The Government have no objection to the introduction of the system proposed by the Director-General of Telegraphs in India, and accordingly place the Minor Works Grant for 1883-84 under Telegraphs, amounting to Rs. 6,250, at the disposal of that officer.

2. The same course will be followed in future years with respect to the balance of grant remaining after providing for incomplete works of previous years.

3. To admit of the books of the Public Works Secretariat being properly posted, the Director-General of Telegraphs will be requested to intimate to this Department as well as to Superintending Engineers and the Examiner, Public Works Accounts, all appropriations made by him for Minor Works in the Madras Presidency.

4. The Director-General of the Post Office of India is requested to state whether he would desire the adoption of a similar course with regard to the grant for Minor Works under Postal.
