Read—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Inspector-General of Registration, dated Trichinopoly, 24th October 1883, No. 531 T.N.:—

I have the honor to forward, for your countersignature and submission to Government for sanction, the estimates with site plans for constructing registrar's and sub-registrar's offices at the undermentioned places in the Tinnevelly district :—

	RS.
1. Registrar's office at Kokarakulam	4,380
2. Sub-registrar's office at Tuticorin	2,290
3. Do. do. at Virudupati	2,215

Enclosure.

No. 530 T.N.

Report by the Superintending Engineer, Sixth Circle, on estimate for constructing a registrar's office at Kokarakulam and sub-registrar's offices at Tuticorin and Virudupati in Tinnevelly District. Estimate, Rs. 4,380, 2,290 and 2,215, respectively.

The estimates for the two former works are called for in G.O., No. 263 W., of 31st January 1881, and for the latter in G.O., No. 2368 W., of 14th September 1882.

2 Abstract estimates for Kokarakulam office.
1 Site plan.
1 Level section.
1 Abstract estimate for Tuticorin office.
1 Site plan.
1 Abstract estimate for Virudupati office.
1 Site plan.

2. The plans are based on the standard design sheet Nos. 19 and 21 that accompanied G.O., No. 120 W., of 14th January 1882.

3. The sites selected for the construction of the buildings have been approved of both by the Collector and the registrar of the district. As the lands are Government waste no compensation need be paid for them.

4. The soil of several sites were examined by digging trial pits and the different foundations allowed are considered sufficient.

5. Weather-boards have been provided to side windows of the office rooms.

6. The work can probably be completed in nine months after sanction and allotment of funds.

Trichinopoly,
24th October 1883.

(Signed) H. R. MEAD, Lieut.-Col., R.E.,
Superintending Engineer, Sixth Circle.

To the Chief Engineer, Public Works Department.

No. 2386.

Endorsement on the above.

Submitted for the sanction of Government.

Madras,
27th October 1883.

(Signed) G. HAMNETT,

Read—the following letter from Lieutenant-Colonel T. K. GUTHRIE, Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 8th October 1884, No. 5628:—

Adverting to G.O., Mis. No. 1687, dated 8th July 1884, Judicial Department (No. 1534 W., dated 19th June 1884), I have the honor to forward, for sanction, the Public Works Department plans and estimates, amounting to Rs. 3,950, for the conversion of the police hospital at Ramnad into a bungalow for the use of the Assistant Superintendent of Police, Madura.

2. The remarks of the Deputy Inspector-General (on copy of Superintending Engineer's report, No. 274 M.D., dated 26th August 1884) are to the point; I myself know the building well. Without the proposed upper room it would be exceedingly hot and uncomfortable in the hot season for an European officer, and I therefore request that Government may be pleased to sanction the outlay of Rs. 3,950.

No. 2339, Judicial.

Approved and transferred to the Public Works Department.

(By Order.)

Ootacamund,

READ—the following papers :—

From Lieut.-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Inspector-General of Registration, Madras, dated Kumbakónam, 21st November 1883, No. 565, T.N.

I have the honor to forward, for your countersignature and submission to Government for sanction, an estimate, amounting to Rs. 2,705, for constructing a sub-registrar's office at Srívilliputur, Tinnevelly district, called for in G.O., No. 2424 W., of 19th September 1882.

ENCLOSURE.

No. 564, T.N.

Report by the Superintending Engineer, Sixth Circle, on estimate for constructing a sub-registrar's office at Srívilliputur, in Tinnevelly district. Estimate Rs. 2,705.

1 Detailed estimate, &c.
1 Abstract. do.

The estimate is called for in G.O., No. 2424 W., of 19th September 1882, and prepared in accordance with the standard design sheet No. 21 that accompanied the G.O., No. 120 W., of 14th January 1882.

2. The site selected for the building is approved of by the Collector. A compensation of Rs. 245 is entered in the estimate; the land statement is not signed by the Collector but it is understood from the Executive Engineer's report that the compensation has been settled by the Collector. The land belongs to three parties and the Collector states that the consent of two of them is obtained and whereabouts of the third party is not known, and therefore the land may be taken under the Land Acquisition Act.

3. The soil of the site was examined and the depth of the foundation (two feet concrete and five feet masonry) allowed in the estimate is considered necessary.

4. The only deviation from the standard estimate is the substitution of concrete flooring with Portland cement instead of square bricks, as the former is considered better than the latter.

5. Weather boards have been provided to side windows of the sub-registrar's and clerk' room.

6. The work can probably be completed in nine months after sanction and allotment c funds.

Read—the following papers:—

G O., dated 29th June 1885, Mis. No. 391 L.F., Financial.

Read—the following letter from the President, District Board, Madura, dated 15th June 1885, No. 14:—

With reference to Revenue Board's proceedings, Mis. No. 3066, dated 31st March 1885, I have the honor to forward, herewith, copy of the district board's proceedings No. 126 of 1885, and to state that the construction of the Cumbum-Gúdalúr road and the repair of the Gúdalúr-Peermade ghât were not completed, as supposed by the Secretary to Public Works Department, when the damages, for the repair of which the estimates in question were sanctioned, were caused by the heavy rains and floods. The Government orders quoted in paragraph 2 of the Public Works Department Secretary's memorandum embodied in the Board's proceedings under reply clearly show that the Local fund board is not responsible for the maintenance of the roads prior to their completion.

3. In these circumstances, I request that necessary funds for the estimates noted in the margin may be allotted from Provincial funds.

	RS.
1. Estimate for repairing the damages on the Gúdalúr-Peermade ghât ...	1,380
2. Do. for repairing the damages done to masonry works on the Cumbum-Gúdalúr road	950

Order—dated 29th June 1885, Mis. No. 391 L.F., Financial.

Communicated to the Public Works Department, with reference to its memorandum to the Board of Revenue, dated 21st March 1885, No. 600 C.

(True Extract.)

(Signed) C. BOWEN, Major, R.E.,
for Chief Secretary to Government.

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 17th July 1885, No. 217 M.D.

With reference to your memorandum, No. 1204 C., dated 15th instant, inquiring whether the estimate of Rs. 11,460, sanctioned from Provincial funds for the Gúdalúr

Peermade ghât, was fully and satisfactorily completed before the flood damages occurred, and whether the emergent repairs now brought forward should also be met from Provincial funds, I have the honor to report that, as the execution of the work alluded to was entrusted to the President, Local fund board, I am unable to say whether it was fully and satisfactorily completed.

2. A grant of Rs. 1,600 was sanctioned for the above work during 1884-85. The expenditure on the work that was begun in 1882-83 was as follows :—

	RS.
1882-83	2,058
1883-84	7,767
1884-85	2,016
Total up to March 1885 ...	11,841
Estimate	11,460
Excess	381

Up to February 1885 a sum of Rs. 856 was shown as outlay on it. In the progress report E form for March 1885 Rs. 2,016 was shown as expenditure to end of that month in 1884-85.

3. The President's letter, No. 169, dated 12th March 1885, states that the damages to the road occurred during the rains of October 1884, that is, when the work was in progress. The total expenditure up to the end of that month was Rs. 10,020, or Rs. 1,440 less than the original estimate.

4. I consider therefore that the rains caused damage to the road before it was thoroughly completed.

5. With regard to the question whether this work should be paid for by Provincial funds, it is for Government to decide whether the maintenance of the road is to be paid by Local fund board or from Provincial funds. The road was three years under repair, and I believe, but do not know as a fact, that the Local fund board have spent little or nothing in maintenance on this road.

From the President, District Board, Madura, to the Secretary to Government, Public Works Department, dated Madura, 30th July 1885, No. 22.

With reference to endorsement, No. 230, dated 23rd instant, on your letter to Government, dated 15th idem, No. 1606, I have the honor to forward, herewith, the estimates, &c., therein referred to, for repairing the Gúdalúr-Peermade ghât road.

Order—dated 3rd August 1885, No. 1801 W., Public Works.

The undermentioned estimates are sanctioned for immediate execution, and classified as Communications, Repairs :—

1. Repairing the flood damages on the Gúdalúr-Peermade ghât.	Rs. 1,380.	Provincial, No. 92 W. of 1885-86.
2. Repairing the flood damages on the Cumbum-Gúdalúr road.	„ 950.	Provincial, No. 93 W. of 1885-86.

2. The Superintending Engineer, VI Circle, will apply for the necessary provision of funds for these two works later in the year, as funds are not now available with Government.

3. Steps should be taken for the early completion of the estimate sanctioned in G.O., No. 3014 W., dated 24th October 1883.

4. Government have accepted the two estimates now sanctioned as fairly chargeable to the Public Works grant, inasmuch as the damages, for the repair of which they provide, occurred before the completion of the sanctioned work referred to

8/2490

in paragraph 3, but it is to be understood that, after the completion of the estimates now current, the maintenance of the roads in question will entirely fall on the Local funds.
