GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From Colonel W. H. BURTON, R.E., Officiating Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepāk, 29th September 1885, No. 2791.

In reference to a certain disallowance made by Examiner, Public Works Accounts, from a travelling allowance bill from South Arcot, I have the honor to invite your attention to Section 32, Exception 1, of the Civil Travelling Allowance Code. This section requires the "necessity of the journey" in excess of 20 miles, undertaken by ministerial officers, as lascars, clerks and others, "to be certified to" by the Executive Engineer, and Section 67 states "that the amount of mileage claimed by each is not to exceed the actual expenses incurred within the specified class rate." But the Examiner cannot tell whether the amount claimed has been spent unless the Executive Engineer certifies that it has been, and as the Executive Engineer cannot, as a rule, certify as to how a journey by a lascar, &c., has been performed, he cannot certify as to the expenditure incurred. Section 67 does not actually say that a certificate of the amount spent is to be given, and the Executive Engineer, South Arcot, in fact says he has no means of becoming acquainted with the actual expenses incurred by each lascar, peon, &c., in their journeys.

2. I have therefore the honor to request you to inform me what certificates the Executive Engineers should be required to give in respect to the journeys on duty performed by their clerks, lascars, &c.

Office note from the Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 13th October 1885, No. 553.

The accompanying copy of disallowance list gives the disallowance referred to, with Colonel Prendergast's remarks, dated the 11th July 1885.

2. Ministerial officers, including menial servants, can exchange daily allowance for road mileage only on the conditions noted in Exception 1 to Section 32 of the Civil Travelling Allowance Code, when the head of the office has to furnish the certificate prescribed by that rule. The amount admissible, as mileage in the case of ministerial servants, is however limited to actual travelling expenses not exceeding the rate for the class (*vide* Section 67).

3. The invariable practice has been to claim the mileage rate for the class, *i.e.*, the maximum admissible, and a certificate is furnished to the effect that the actual expenses are equivalent to the mileage rate.

4. If Government approve, the accompanying certificate may be adopted to meet Section 32, Exception 1, and Section 67 of the Civil Travelling Allowance Code.

22D OCTOBER 1885, No. 2492 W., PUBLIC WORKS.

ENCLOSURE.

CERTIFICATE under Section 32, Except and Section 67 of the Civil Travelling Allowance Code.

I certify that
than 20 miles a day on the
that the amount claimed Rs.
travelling on the days stated.

was required to travel at a more rapid rate
, and that I have satisfied myself
is the actual cost of locomotion paid by him for

Executive Engineer.

NOTE.—The mileage rate for the class is not, however, to be exceeded.

ORDER—dated 22nd October 1885, No. 2492 W., Public Works.

The certificate suggested by the Examiner, Public Works Accounts, is approved
for adoption.

No. 2791

SUPERINTENDING ENGINEER'S OFFICE,
5TH CIRCLE, MADRAS,
Chepauk, 29th September 1885.

From

THE SUPERINTENDING ENGINEER,

5TH CIRCLE,

To

THE

Chief Engineer,
P.W. Department.

SIR,

Enclosures.

In reference to a certain disallowance made by Examiner P.W. accounts from a Travelling Allowance Bill from South Arcot, I have the honor to invite your attention to Section 32, exception 1 of the Civil Travelling Allowance Code. This section requires the "necessity of the journey" in excess of 20 miles, undertaken by Ministerial Officers, as Lascars, Clerks and others "to be certified to by the Executive Engineer, and Section 67 states that the "amount of mileage claimed by each is not to exceed the actual expenses

"expended incurred within
"the specified class rate." But
the Examiner cannot tell whether
the amount claimed has been
spent unless the Executive
Engineer certifies that it has
been paid and as the Executive
Engineer cannot, as a rule,
certify as to how a journey
by a lascar has been
performed he cannot certify
as to the expenditure incurred.
Section 67 does not actually
say that a certificate of the
amount spent is to be given &
the Executive Engineer South
Arcot in fact says he has no
means of becoming acquaint-
ed with the actual expenses
incurred by each lascar, present
in this journey.

I have therefore the honor to
request you to inform me
what certificates the Exec-
utive Engineer should

be required to give in res-
pect to the journeys on duty
performed by their clerks,
lascars &c.
