READ—the following letter from Colonel ROSS THOMPSON, R.E., Officiating Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 24th September 1885, No. 387 E.W. :—

I have the honor to forward an estimate, amounting to Rs. 950, for a new lightning conductor for the girls' school, Lawrence Asylum, Lovedale, together with a report in lieu of the one received with your memorandum, No. 1441 C., dated 1st instant. This estimate was prepared on the assumption that, as the conductors on the boys' school had been tested and found to be perfect ones, the thickness of the ropes would be considered sufficient in this case. The estimate now submitted is duly modified with reference to your memorandum above quoted.

2. As the condemned conductors of the girls' school have been dismantled, early sanction to this estimate and provision of funds for the work are requested.

ORDER—dated 2nd November 1885, No. 2551 W., Public Works.

The estimate, amounting to Rs. 950, for providing a new lightning conductor for the girls' school, Lawrence Asylum, Lovedale, Ootacamund, is sanctioned, and a sum of Rs. 899, being the available balance of the reserve with Government under Imperial Military, is appropriated for the work.

2. This sanction has been registered as Imperial, Ordinary, No. 47 W. of 1885- and classified as Military, Original Works.
