READ—the following letter from T. D. HARRIS, Esq., Executive Engineer, Vizagapatam Division, to the Superintending Engineer, I Circle, dated Waltair, 6th October 1885, No. 1005 :—

Referring to your No. 263 G.L., dated the 2nd instant, I have the honor to inform you that the following sums are not required for expenditure, and that, therefore, they may be surrendered, viz. :—

Provincial Original Works, Civil Buildings.

Name of work.	Current year's grant.	Amount proposed to be surrendered.
	RS.	RS.
1. Second-class taluk cutcherry at Anakápallo ...	4,401	931
2. Tools and plant ...	2,000	1,700
2. The Collector of Vizagapatam considers the iron strong room provided in the estimate for the Anakápallo taluk cutcherry unnecessary, inasmuch as three iron safes have already been supplied to the treasury. Hence the proposed surrender.		
3. The total grant under the head "Tools and Plant" is not required for expenditure, the construction of the road from Pottinghi to Koraput having been deferred owing to the present financial pressure.		
4. All the other grants I hope to utilise fully, but should there be any further surrenders, I shall at once inform you of the same.		

No. 149 V.Z.

Copy submitted to the Chief Engineer, Public Works Department, with reference to his memorandum, No. 1522 C., of 18th September 1885, and with the request that he will be good enough to resume the grants herein surrendered.
