No. 8874

MADRAS,
Marine Office,
23 October 1885.

From

J. H. TAYLOR, Esq., LIEUT., R.N.R.,

Master Attendant,
Administrative Department,
Madras,

To

The Honble W. Wilson

Acting Chief Secretary to Government,
Marine Department,
Fort Saint George.

SIR,

With reference to G.O. No. 430
Miscellaneous, dated 8th October 1885, I have
the honor to submit the following remarks,
in order to remove the misunderstanding
that seems to exist on the part of the
General Superintendent Public Works Stores.

2 Referring to his statement that
the 2^d Assistant Master Attendant does
not allow the rails to be removed until
he has counted them, I beg to observe that
in doing so he simply pursues a course in-
-herent in him as the Landing Agent for
Government consignments, who ought to
know all about the landings on account
of Government, in order to discharge the

a position to furnish any information that may be required about them.

3 Mr. O'Connell is under a wrong impression when he says that, rule 3 of G. O. No. 297, dated August 7th 1876, requires that the subordinate shall take charge of stores at the inner end of the pier, and not as they are discharged from the boats. The words at the inner end of the pier are used in rule 3, because Government stores brought by boats to the pier are transferred from the boats to the pier trucks and taken to the inner end of the pier, where they pass into the custody of the subordinate of the Department. But it would be absurd to expect that stores landed on the beach should be brought all the way up to the inner end of the pier, and there delivered to the subordinate. Rules 2 and 5 of the G. O. in question are very clear on the point. By the former the 2^d Assistant Master Attendant is required to give notice to Departments when it

page 6
p. 6. line 78
15-9-76

are likely to reach the pier or shore, in order that a subordinate may be sent to take charge of them; and under the latter, on the boat reaching the pier or shore, the subordinate to receive the stores is required at once to compare them with the boat notes. It is evident therefore that stores landed on the beach are to be taken charge of by the subordinate as they are discharged from the boats.

4 Now is rule 5 obsolete. The boat notes are readily available, and it depends entirely on the subordinate sent to receive stores to act in accordance with the said rule. If the Public Works Department subordinate neglects to do so, it does not follow that the rule is obsolete. The boat notes are not intended to be handed to the subordinate, but filed in the 2^d Assistant Master Attendants' office.

5 It is hoped that, after the

misapprehension as regards the rules in
question.

I have the honor to be

Sir

your most Obedt Servant

W Langton

Master Attendant

Administrative Department
