2. The increased rate of pay and promotions consequent upon the recent reorganization of the engineering staff of the department do not seem to have been taken into account in preparing the details in part III of the budget estimates relating to Bombay, Madras, Assam and Central Provinces. In the final issue of the budget estimates for these provinces, the figures should be recast so as to include the necessary alterations on the above account.

3. In the case of Assam, the alterations will probably result in an addition of Rs. 600 to "Direction" on account of the Assistant to the Superintending Engineer, and an addition of Rs. 17,000 under "Construction." The latter amount includes Rs. 1,200 on account of the extra rate of pay to a Superintendent of Works, which has been recommended for sanction to the Secretary of State.

4. In the Central Provinces, the charges for "Direction" should be increased by Rs. 2,900 owing to the substitution of a 2nd for a 3rd-class Chief Engineer, and a further sum of Rs. 1,800 should be added on account of increased pay and promotion to his Assistant. Under "Construction" the increased rates of pay and promotion result in an addition of Rs. 14,350 to the charges for engineering establishment, the allowance to the Superintendent of Works being taken at Rs. 100, instead of Rs. 150 as shown in the budget estimate.

5. The reduction of Rs. 60,000 intimated under Provincial Services in the revised estimate of the current year in Madras Government telegram of the 7th March 1885 could not be carried out in consequence of the telegram having been received too late.

Order—

Ordered that the foregoing be forwarded to the Local Governments and Administrations noted in the margin, for information and guidance, with the request that 35 * printed copies of the budget estimates for Provincial Services and Incorporated Local Funds, prepared for the precise amounts adopted by the Government of India, may be forwarded so as to reach the Government of India not later than the 1st May 1885.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, British Burmah, Assam, and Coorg.
The Agents to the Governor-General for Central India, and Rajputana.

* Ten copies to Simla office and 25 to Calcutta.

Ordered, also, that a copy be forwarded to the Government of India in the Department of Finance, and to the Accountant-General, Public Works Department, for information.

2. Alterations have been made in the revised estimates for 1884-85, in conformity with the total figure shown in the statement embodied in paragraph 1 of the resolution of the Government of India recorded above; and the additional grants referred to in G.Os. Nos. 445 W. and 220 R., dated 25th and 27th February 1885,

respectively, have not been included in the revised estimate, as those additions were assigned late in the year. They will, however, be treated as modified grants, and explained in the year's finance accounts.

3. The grants provided for items Nos. 7, 14, 43, 44, 55, 57, 86, 103, 109, 111, 114, 117, 118, 119, and 123, in the preliminary issue of the budget, have been reduced by the amount of the allotments subsequently made for those works during 1884-85.

4. The grants provided for items 9, 66, and 69 have been reduced to the amounts of estimates since sanctioned for them; and the grant allotted for item No. 82 has been transferred to "completing the upper story of the Agricultural College," in accordance with G.O. No. 795 W., dated 31st March 1885. At the suggestion of the High Court, the grant provided for the munsif's court at Paramakudi has been transferred to improving the district court-house at Kokarakulam in the Tinnevelly district (*vide* G.O. No. 506 W., dated 6th March 1885).

5. The grants provided for the Forest office to be attached to the Collector's cutcherry at Trichinopoly, and for the sub-registrar's office at Kúttaparamba, have been omitted in reference to G.Os. Nos. 888 W., dated 11th April 1885, and 610 W., dated 14th March 1885, respectively; and the grants allotted to items Nos. 90 and 91 have been withdrawn (*vide* G.O. No. 960 W., dated 23rd April 1885).

6. The grants provided for items 12, 62, 67, and 79, have been withdrawn, and the grants for items 18, 23, 25, 30, 31, 48, 49 and 92, have been reduced, to admit of provision being made for the marginally-noted works * which are considered of greater importance.

* 1. Improvement of road from Calicut to Vayitri.
2. Completing the continuation line from Potinghy to Korapet.
3. Improvement of west coast canal.

7. The details in part III of the budget estimates in regard to the engineering establishment have been recast, and the necessary alterations in figures have been made as per paragraph 2 of the resolution of the Government of India.

8. With reference to G.O. in the Financial Department, Mis. No. 521, dated 10th March 1885, early steps will be taken in that department to make the necessary provision from Incorporated Local Funds on account of the contribution of Rs. 21,250 to be paid for the scrutiny of Local Fund projects by the Public Works agency.

9. The Superintending Engineers concerned will submit, at the earliest possible date, plans and estimates for the unsanctioned works for which provision has been made in the final issue of the budget.

10. With these remarks the final issue of the Provincial budget estimates for 1885-86 is circulated for the information and guidance of the officers concerned.

2. The following remarks should receive careful attention in the preparation of the final issue of the Budget-Estimates, the Schedules of Establishment (Part III) being amended where possible :—

(*a*).—The Engineer and Upper Subordinate Establishments chargeable to Provincial Services only have been detailed in Part III of the Assam Budget-Estimate for 1884-85. In the final issue of this estimate the entire establishment employed in the Administration should be detailed in the first instance and then the necessary distribution made to the several heads.

(*b*).—In the Central Provinces the provision for Supervisors is much in excess of the number actually employed, and it appears unnecessary to provide for a Sub-Engineer of the 1st grade.

(*c*).—In Burmah the transfers of Engineers and Upper Subordinates should be allowed for. At present, including the provision for supernumary establishment, the estimate is in excess of the actual strength. The excess is in the 4th grade of Exccutive Engineers, in the 1st grade of Supervisors and in Overseers. If any more men are available for transfer their names should be reported at once, in order that the establishment charge, which is at present very heavy, may, if possible, be reduced. The reduction made in minor establishments, considering the great reduction in grant, is small, and it should be considered whether further reductions cannot be made.

(*d*).—In the Punjab only 18 Assistant Engineers of the 2nd and 3rd grades are provided for in 1884-85, while 21 are actually employed; provision should apparently be made for the remainder.

(*e*).—In the North-Western Provinces and Oudh there appear to be too many Upper Subordinates estimated for in the higher grades, and two few in the lower.

(*f*).—The Madras Budget for Engineer and Upper Subordinate Establishments is framed on the principle of estimating for full sanctioned strength, omitting men permanently lent, and then deducting a lump sum of Rs. 50,000 for absentees from the whole establishment. There seems to be a danger of over-estimating by pursuing this method. The Upper Subordinates especially being estimated up to full sanction in the higher grades appear to be in excess of actuals. The lump sum deduction may suffice, but it would be safer to estimate the numbers likely to be present in each grade of Engineer and Upper Subordinate Establishments for the year, and would moreover afford a better idea of what these two classes of establishment are really costing. A lump sum of Rs. 2,00,510 is entered for temporary establishment; this should be distributed over the several classes of establishment so as to show the nature of the temporary establishment.

(*g*).—Part III of the Budget of the Budget-Estimate for 1884-85 has not up to the present been received from the Government of Bengal. If it is found impracticable to submit this Schedule with the preliminary issue of the Budget-Estimate, arrangements should be made to submit it immediately after.

ORDED.—Ordered, that the foregoing be forwarded to the Local Governments and Administrations noted in the margin, for information and guidance, with the request that 35 printed copies of the Budget-Estimate for Provincial Services and Incorporated Local Funds, prepared for the precise amounts adopted by the Government of India, may be forwarded so as to reach the Government of India not later than the 1st May 1884.

The Governments of the Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, British Burma, Assam and Coorg.
The Agents to the Governor General for Central India and Rajputana.

Ordered also, that a copy be forwarded to the Government of India in the Department of Finance, and to the Accountant General, Public Works Department, for information.

W. S. TREVOR, Colonel, R. E.,
Secretary to the Govt. of India.
