30TH OCTOBER 1885, Nos. 229, 230, ECCLESIASTICAL.

GOVERNMENT OF MADRAS.

ECCLESIASTICAL DEPARTMENT.

READ—the following paper :—

From R. F. CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Roads and Buildings Branch, dated Chepâk, 9th October 1885, No. 1005.

I have the honor to acknowledge the receipt of G.O., No. 1887 W., dated the 14th August 1885. I respectfully beg leave to point out that the word "masonry" has been used throughout apparently to denote "brickwork." Stone is, as you are aware, dressed and laid by a "mason," "brickwork" by a "bricklayer." Unless a monument happens to be sculptured, a fine work of cutstone moulded would be rightly called a "masonry monument." Rule XVI states no monument of "masonry" shall stand higher than 3 feet from the ground level, and again rule XXIV (4) lays down the additional fee when a cutstone monument, that is, a "masonry monument" exceeds 3 feet.

No. 2352.

Transferred to the Ecclesiastical department, with advertence to G.O., No. 141, dated 17th July 1885, and subsequent orders.

(By Order.)

18TH NOVEMBER 1884, No. 2882 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Sankaridrug, 28th October 1884, T. No. 4632 :—

I have the honor to submit, for the sanction of Government, the accompanying letter, No. 599 N.L., dated 8th October 1884, from the Superintending Engineer, II Circle, giving cover to plans and estimates for the sub-registry offices to be constructed at Gúdúr, Addanki and Atmakúr, in the Nellore district.

2. The plans and estimates for the first two stations I have countersigned. Those for the latter station, I have not signed, as the record-room arrangement does not, for reasons stated in my letter, G. No. 2982, dated 10th December 1883, suit the needs of the Registration Department, while it affords greater facilities for forgeries than the tiled roof standard design plan.

3. The estimates do not appear to provide for weather-boards over the windows on the sides of the office rooms.

No. 2478, Judicial.

Forwarded, with connected papers, to the Public Works Department, for the issue of the requisite orders.

(By Order.)

7th November 1884.

(Signed) M. HAMMICK,
Acting Assistant Secretary.

ORDER—dated 18th November 1884, No. 2882 W., Public Works.

The undermentioned estimates are sanctioned for execution when funds are available :—

	Amount of Estimate.	Classification.	Register No.
Sub-registrar's office at Gúdúr, Nellore district.	RS. 3,000	Civil Buildings, Original Works.	Provincial No. 201 W. of 1884-85.
Sub-registrar's office at Addanki, Nellore district.	2,970	Do. do. ...	Provincial No. 202 W. of 1884-85.

2. The plan and estimate for a sub-registrar's office at Atmakúr will be returned, through the Judicial Department, to the Inspector-General of Registration, who will be called upon to state definitely his objections to the proposed design. The Inspector-General will be reminded that, after perusal of Public Works Department memorandum, No. 2585 C., dated 20th December 1883, and the papers forwarded therewith, he apparently waived the objections previously raised by him to the type design, inasmuch as he countersigned the latter in token of approval, and resubmitted it to Government with his endorsement, No. 17, of the 6th January 1884. The design was then lithographed and circulated to officers of the Public Works Department with proceedings, No. 100 W., dated 14th January 1884, "for use when Registration offices are to be built in the same compound with cutcherries on the standard plan."

(True Extract.)

To

The Chief Engineer,
Public Works Department,
Madras.

Sir,

With reference to para 1 of Public Works G. O. No. 2,882 w. dated 18th November 1884, I have the honor to inform you, that the Acting Sub Collector of Kellore (Mr. W. J. Lister) reports, that there is ample room in the Addanki Cachere (which is similar in size and make to that at Ougole) for the Sub Registrar's Office, and that there is no necessity at all for a new office.

2. It would, therefore, probably be advisable, in these times of financial pressure, to cancel that portion of the above quoted order sanctioning an Estimate for the Addanki Sub Registrar's

Office.

I have the honor to be,

Sir,

Your most Obedt. Servant.

Wm. Morant.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

Endorsement of the O. W. Department,
N^o. 438 E, dated 12th August 1885.

Letter from the Inspector General of Registration
G. N^o. 3588 dated 25th August 1885.

With reference to Judicial endorsement
N^o. 1485, dated the 19th August 1885, on a letter
from the Superintending Engineer, 2nd Circle,
I have the honour to state that I do not
agree with Mr. Tate in considering that
there is no necessity at all for a new (Sub-
-registry) office, at Addanki.

2. When I inspected this office on the 9th
February 1883, I made the following remarks:

"The office is held in a portion of the
Deputy Tahsildar's Cutcherry screened off
by bamboo mats. The accommodation
is pretty fair, but it is not sufficient for
parties if more than 3 or 4 happen to come
in at the same time. Another objection
is

is that parties have to get to the office through the main entrance into the Cutcherry, and there is no privacy, for every word spoken can be heard by the clerks who sit on the other side of the screen. A new office is desirable. It might be built on the ground facing the Cutcherry?"

3. It will be apparent from these remarks that a separate office is indis-
= pensably necessary if registration is to be promoted in Nellore, one of the backward districts in this respect. I may state that registration offices combined with Taluk Cutcherries do not answer so well as separate offices, and that in every case hereafter in which a new office is to be erected, I shall propose a separate building for which suitable designs have been prepared by the Consulting Architect and sanctioned by the Government.

4. The Registration Department pays for buildings from the revenue which

which it realizes. In this connection I
beg to invite attention to paragraphs
2 and 30 of my Administration
report for the year 1884-85.

5. The Superintending Engineer's
letter is returned herewith.

Letter from the Inspector General of Registration
G. N. 4548, dated 18th October 1885.

Order thereon, 20 November 1885 No. 2958 has

Copy of the Inspector General's
letter of the 25th August will be commu-
nicated to the P. W. Department,
with the remark that the Government
in this Department consider a separate
office should be built for the Sub Registrar
at Addanki.

*Proceedings of the Revenue Department
Madras Government
Read the following:-*

BOARD OF REVENUE, 28TH SEPTEMBER 1885, No. 2750.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from J. F. PRICE, Esq., Acting Director of Revenue Settlement and Agriculture, Madras, to the Acting Secretary to Government, Revenue Department (through the Board of Revenue), dated 15th September 1885, No. 1720-A. :—

I have the honor to submit, for the consideration and orders of Government, the question of the provision of office accommodation for the Government Mineralogist.

2. I have asked Mr. Bosworth-Smith, who is now here, to put on paper what he wants, and I beg to enclose his letter (to be returned).

3. I agree with him in considering that he should be located within easy reach of the Government Museum.

4. There is no room for him in that building, and even, if there was, I doubt the expediency of putting Mr. Bosworth-Smith's laboratory in it, as he would frequently have to use fires.

5. I can think of nothing near the Museum which Government might rent. Every house, to the best of my belief, is occupied and rent, even for a bungalow, would be high—so high as to render it in all probability cheaper in the long run to build.

6. If a combined office and laboratory for the Government Mineralogist is erected, it should, I think, be in the compound of the Museum, in which it appears to me that there is sufficient space.

7. I would suggest that the Consulting Architect to Government might, after conferring with the Government Mineralogist, prepare plans and estimates for the building referred to above. It will then be possible to determine whether it would be cheaper for Government to attempt to purchase one of the bungalows not far from the Museum and to alter it to Mr. Bosworth-Smith's requirements, or to build.

ENCLOSURE No. 1.

From P. BOSWORTH-SMITH, Esq., Government Mineralogist, to the Acting Director of Revenue Settlement and Agriculture, dated Madras, 12th September 1885, No. 52.

I have the honor to request that I may be allowed the use of some building or part of a building close to the Central Museum, Madras, in which I can do my chemical, microscopical and other work as specified below.

2. I have with me several cases containing standard specimens of minerals and ores which I am constantly requiring to refer to, but which I find it impossible to do, having no place where I could arrange the specimens when unpacked. In cutting rock sections I shall require a laboratory in which I could also do what chemical analysis and assaying I found necessary in my work.

3. I have also a private collection of scientific works which I find very hard to refer to as I cannot travel with them, and they have to be carefully packed when I leave Madras and then unpacked again to refer to.

4. For these purposes I should require three rooms (1) a weighing room and library in which I could also do my microscopical examinations of minerals; (2) an office; (3) a laboratory in which benches and re-agents, a fusion and cupellation furnace and a draught cupboard were arranged and in which I could cut, grind and polish my sections.

5. I learnt from Dr. Bidie that there is no room for such in the Museum itself, and indeed it would not be advisable from risk of fire to have laboratories, &c., in this building.

6. There are other laboratories I believe in Madras, one in the Presidency College, but they are all remote from the Museum and consequently from my work. Besides this, there would probably be great objection in these to my arranging any collection of minerals or rocks.

RESOLUTION—dated 28th September 1885, No. 2750.

Submitted for the orders of Government.

2. The Board are of opinion that an office and laboratory in the Museum compound would be the most suitable arrangement.

(A true Copy and Extract.)

READ—the following paper :—

Proceedings of the Board of Revenue, dated 27th October 1885, Mis. No. 9694.

Read—G.O., dated 10th October 1885, Mis. No. 1399, Financial department.

Resolution—dated 27th October 1885, Mis. No. 9694.

As all ordinary service, inferior as well as superior, is pensionable (section 92, Civil Pension Code), the Board request the further orders of Government on the question dealt with in the foregoing order.

2. Government being called upon, under rule 1, section 110, to pass orders only in the case of superior servants, it seems to the Board that the G.O., of 13th June 1885, No. 947, Financial, applies only to such servants.
