GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—again G.O., dated 16th September 1885, Mis. No. 387, Marine.

READ—also the following papers :—

From the Master Attendant, Madras, dated 27th August 1885, No. 7122.
Memorandum from the Secretary to Government, Public Works department, dated 15th September 1885, No. 600 E.
From the Master Attendant, Madras, dated 1st October 1885, No. 8180.
Office Note from the Secretary to Government, Public Works department, dated 10th October 1885, No. 734 E.
Endorsement of the Military department, dated 7th October 1885, No. 5528.

ORDER—dated 2nd November 1885, No. 459, Marine.

The timber trade is a very important item in the commerce of Madras, and it is absolutely necessary that a place should be provided for landing and storing it until it is conveyed inland. It used formerly to be stacked north of the harbour, but, owing to the erosion of the foreshore there, this is now impracticable. The Superintending Engineer is anxious to plant casuarina trees so as to mask the Light-house battery, and therefore asks that a certain space in the vicinity of that battery may be kept clear of timber-stacks. High timber-stacks which would be in the line of fire from the battery guns cannot, of course, be allowed, but there are none such now on the foreshore, and were it not for the complication of the casuarina plantation, there seems to be no reason why, under proper restrictions, the timber should not continue to be landed where it now is. Before final orders are passed, Colonel Burton and the Master Attendant will consult together and see whether a *modus vivendi* cannot be arranged between the Marine and Military departments. A report will be submitted in which the necessity of the casuarina plantation which Colonel Burton considers desirable should be clearly explained.

(True Extract.)

W. Wilson

Acting Chief Secretary.

To the Master Attendant, Madras.
