Memorandum from the Secretary to Government, Public Works department, dated 15th September 1885, No. 600 E.
From the Master Attendant, Madras, dated 1st October 1885, No. 8180.
Office Note from the Secretary to Government, Public Works department, dated 10th October 1885, No. 734 E.
Endorsement of the Military department, dated 7th October 1885, No. 5528.

ORDER—dated 2nd November 1885, No. 459, Marine.

The timber trade is a very important item in the commerce of Madras, and it is absolutely necessary that a place should be provided for landing and storing it until it is conveyed inland. It used formerly to be stacked north of the harbour, but, owing to the erosion of the foreshore there, this is now impracticable. The Superintending Engineer is anxious to plant casuarina trees so as to mask the Light-house battery, and therefore asks that a certain space in the vicinity of that battery may be kept clear of timber-stacks. High timber-stacks which would be in the line of fire from the battery guns cannot, of course, be allowed, but there are none such now on the foreshore, and were it not for the complication of the casuarina plantation, there seems to be no reason why, under proper restrictions, the timber should not continue to be landed where it now is. Before final orders are passed, Colonel Burton and the Master Attendant will consult together and see whether a *modus vivendi* cannot be arranged between the Marine and Military departments. A report will be submitted in which the necessity of the casuarina plantation which Colonel Burton considers desirable should be clearly explained.

From W. LOGAN, Esq., President of the District Board, Malabar, to the Chief Secretary to Government, dated Calicut, 26th September 1885, No. 895.

Referring to G.O., dated 25th June 1885, No. 364 L.F., Miscellaneous, communicating G.O., dated 10th idem, No. 1356 W.A., Public Works, I have the honor to submit herewith an extract from the Proceedings of the District Board at a meeting held on the 23rd instant.

2. As observed by the Board, an expenditure of Rs. 6,307 was incurred by them in the up-keep of the road from Calicut to Vayitri prior to its transfer to the Public Works department, and I have the honor to request that orders may be issued for the refund of this sum to the Board.

3. I beg to point out further that this amount does not include the sum of Rs. 1,170 paid to the Calicut Municipality, which gets a fixed contribution of Rs. 2,120 on account of the following tolls:—

| | RS. |
|---|---|
| Meenchanda toll .. .. .. .. .. .. .. | 950 |
| Karapparamba and Malaparamba tolls .. .. .. .. | 1,170 |
| Total .. | 2,120 |

ENCLOSURE.

EXTRACT from the Proceedings of the District Board, Malabar, at a meeting held at Calicut on Wednesday, the 23rd September 1885.

* * * * *

6. Read office note, No. 115, dated the 19th August 1885, from the District Board District Engineer, Malabar, stating that Rs. 6,307 have been spent on the road from Calicut to Vayitri, and statement showing the collection from tolls on the road from April to August 1885.

---

*Resolution*.—The Board observe that, prior to the transfer of the road, Rs. 6,307 had been spent on the road in collection of materials and in other ways. Colonel Beatty's assertion (paragraph 2 of letter in G.O., No. 1356 W. A., dated 10th June 1885, Public Works,) that "repairs were stopped some months ago by the Local Fund Board, in anticipation of the transfer of the road to this department" is incorrect.

2. The Board also observe that the Government have ordered "the tolls collections, including those from 1st April to end of June 1885," to be paid to the credit of Provincial revenues.

3. Under these circumstances, the Board consider that they are equitably entitled to a refund of the Rs. 6,307 spent on the road in the current year.

4. Resolved that the President do address the Government in this sense.

* * * * *

---

G.O., dated 3rd October 1885, No. 2301 W., Public Works.

*Read*—the following letter from the Officiating Superintending Engineer, IV Circle, No. 388 E.W., dated 24th September 1885 :—

With reference to your endorsement, No. 634 E., of 22nd instant, I have the honor to report that arrangements cannot be made for the direct management of the tolls by this department from 1st October 1885 ; I could not procure and appoint trustworthy men as toll-collectors and obtain security from them by that date.

2. If Colonel Beatty's recommendation, as approved of in paragraph 4 of your note, No. 45 E., of 29th April 1885, embodied in the G.O., No. 180 L.F., of 18th May 1885 (Financial department), cannot be carried out under the management of the Revenue department, I can make the necessary arrangements for the collection of the tolls from 1st November 1885, if orders to that effect are received by the first week in the next month.

---

*Order*—dated 3rd October 1885, No. 2301 W., Public Works.

Communicated to the Financial department, with advertence to G.O., in that department, No. 721 L.F., dated 11th September 1885.

2. Special attention is invited to the concluding sentence of the Superintending Engineer's letter.

ENCLOSURE.

EXTRACT from the Proceedings of the District Board, Malabar, at a meeting held at Calicut on Wednesday, the 23rd September 1885.

* * * * *

6. Read office note, No. 115, dated the 19th August 1885, from the District Board District Engineer, Malabar, stating that Rs. 6,307 have been spent on the road from Calicut to Vayitri, and statement showing the collection from tolls on the road from April to August 1885.

---

*Resolution*.—The Board observe that, prior to the transfer of the road, Rs. 6,307 had been spent on the road in collection of materials and in other ways. Colonel Beatty's assertion (paragraph 2 of letter in G.O., No. 1356 W. A., dated 10th June 1885, Public Works,) that "repairs were stopped some months ago by the Local Fund Board, in anticipation of the transfer of the road to this department" is incorrect.

2. The Board also observe that the Government have ordered "the tolls collections, including those from 1st April to end of June 1885," to be paid to the credit of Provincial revenues.

3. Under these circumstances, the Board consider that they are equitably entitled to a refund of the Rs. 6,307 spent on the road in the current year.

4. Resolved that the President do address the Government in this sense.

* * * * *

---

G.O., dated 3rd October 1885, No. 2301 W., Public Works.

*Read*—the following letter from the Officiating Superintending Engineer, IV Circle, No. 388 E.W., dated 24th September 1885:—

With reference to your endorsement, No. 634 E., of 22nd instant, I have the honor to report that arrangements cannot be made for the direct management of the tolls by this department from 1st October 1885; I could not procure and appoint trustworthy men as toll-collectors and obtain security from them by that date.

2. If Colonel Beatty's recommendation, as approved of in paragraph 4 of your note, No. 45 E., of 29th April 1885, embodied in the G.O., No. 180 L.F., of 18th May 1885 (Financial department), cannot be carried out under the management of the Revenue department, I can make the necessary arrangements for the collection of the tolls from 1st November 1885, if orders to that effect are received by the first week in the next month.

---

*Order*—dated 3rd October 1885, No. 2301 W., Public Works.

Communicated to the Financial department, with advertence to G.O., in that department, No. 721 L.F., dated 11th September 1885.

2. Special attention is invited to the concluding sentence of the Superintending Engineer's letter.

(True Extract.)

(Signed) A. T. FRASER, Lt.-Col., R.E.,

To the Financial department.

---

ORDER—dated 20th October 1885, No. 906 L.F., Financial.

The Public Works department will make the necessary arrangements for the direct collection of the tolls on the road in question from the 1st April next. Mean-

while, the road will continue in charge of that department, and the net collections of the tolls levied will be placed at their disposal after deducting the expenditure of Rs. 6,307 already incurred by the District Board on the said road.

5TH CIRCLE, MADRAS,
Chepauk, 21st May 1885.

From

THE SUPERINTENDING ENGINEER,
5TH CIRCLE,

To

THE Chief Engineer
P.W. Department.

SIR,

Enclosures.

The Executive Engineer Chingleput Division made arrangements in January 1885, under the sanction given in G. O. No. 30942 dated the 16th December 1884, to have the plans drawn by appointing his 2nd Draughtsman to the special duty and to have the Draughtsmans work looked after by an acting man. It was thought that the plans would have been completed in one month, but they were not actually completed till March 1885, without however exceeding the sanction given in the G.O.

G.O. and the charges were included in the Salary Bill for March to be paid in April 1885.

But the Examiner of P.W. Accounts has disallowed their pay pending the Sanction of Government to meet the charges during 1885/86, as the G.O. sanctioning the entertainment refers only to 1884/85.

I have the honor to request that sanction may be given to meet the charges during 1885/86.

I have the honorable Sir Your Most Obedt Servt

SIR,

Enclosures.

In my letter No. 758 dated 21st May 1885, I explained that the preparation of the Plans for which a Special Draughtsman on Rs. 40 was sanctioned for one month in G. O. No. 3094 W dated 16th December 1884 extended over more than one month.

The Executive Engineer of Chingleput now brings to notice that the period taken to complete the Plans was one month and twelve days. The work as already reported was given to the 2nd Draughtsman of the Executive Engineer's Office and

and the Executive Engineer promised to pay the man who was appointed to act for the 2d Draughtsman and accordingly paid him Rupees 28 - the amount of one months pay of the 2d Draughtsman.

The Examiner has allowed pay for the acting man at Rupees 20 only that being the minimum pay of the appointment and for one month corresponding to the period of sanction given for the Special Work. The differnce Rupees 8 is shown as outstanding in the Schedule of Miscellaneous Advances, I have the honor to request that authority may be given to the Examiner to pass the acting man's pay for the twelve days he worked in excess

excess of one month - which is Rupees 8 at Rupees 20 per mensem - in order that the Sum standing in the Schedule of Miscellaneous Advances may be adjusted.

I have the honor to be

READ the following

Translation of a letter from His Excellency Mons. Richaud, Governor of the French Settlements in India, dated Pondicherry, the 5th November, 1885 No. 41.

The General Council of the French Settlements in India at the last Session expressed the desire that there should be constructed at Pondicherry a Harbour in deep water. Before giving effect to this desire, the Minister for Marine and the Colonies has sent out on the spot an Engineer, Mons. Charron, of great distinction in the Department of Public Works (Corps des Ponts et chaussées) to consider

the manner by which the work
could be carried out. This Engineer
has also been directed to survey
the Harbours of Colombo and
Madras as also the works which
have been carried out there to
enquire about the difficulties
which have been encountered
when constructing these Harbours
and the way in which these
difficulties have been overcome.

Mons: Charron proceeds
to day to Madras after having
remained sometime in Pondicherry.

Permit me to request
you to receive him kindly and
to hope that you will be pleased
to enable him to have every
facility for carrying out his
mission.

Order thereon. 11 November 1885 No 794.

A translation of the

foregoing letter is forwarded to the Master Attendant, and the Public Works Department, who will afford Mons. Charron every facility for the inspection of the Harbour Works and give him any information regarding them that he may require.
