PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Lieutenant-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated 5th November 1885, No. 1665.

I have the honor to bring to your notice that the Deputy Assistant Commissioner of Ordnance at this station has declined to comply with the enclosed indent for quantity of gunpowder. Under the Proceedings of Government, Military Department, No. 3337, dated 20th June 1885, communicated in G.O., No. 1 dated 1st July 1885, I beg to state that to carry out this order to the will cause great inconvenience, even if it does not altogether prevent our blasting powder.

2. I fancy vast quantities were required at Aden and on the Hurnai road gave rise to the issue of the prohibitive orders under reference; but the requisition is for a trifling quantity.

3. If the powder cannot be supplied by the Ordnance Department, I request the indent may be forwarded to the General Superintendent, Public Works Department, for compliance by local purchase.

No. 1819 C.

Referred to the Military Department for favor of information whether requisition for small quantities of gunpowder, say within 100 lb., can be complied with Ordnance Department as heretofore.
An early reply is solicited.

(By Order.)

CHEPÁK,
12th November 1885.

(Signed) D. McN. CAMPBELL, Captain,
Under Secy. to Govt.

G.O., dated 19th November 1885, No. 6552, Military.

From the Inspector-General of Ordnance, to the Secretary to Government, Public Works Department, dated 17th November 1885, No. G.-68.

I am of opinion that the instructions contained in letter No. 518-D., dated 1st June 1885, to your address, from the Secretary to the Government of India, are not intended to altogether prohibit the issue of blasting powder from the Public Works Department when it is available and can be spared from the Ordnance Department, and I shall have no objection to pass requisitions for quantities when such are in stock.

2. I think the object of the order issued by the Government of India was to let the Public Works Department understand that they should, as a rule, make their own arrangements for procuring gunpowder for blasting purposes, and not depend on the Ordnance Department, where such gunpowder might not be always available. The Ordnance officer, Bellary, will be directed to comply with the requisition of the Executive Engineer for 50 lb. of gunpowder when the requisition is resubmitted to him.

Order—dated 19th November 1885, No. 6552, Military.

Communicated to the Public Works Department.

(True Extract.)

(Signed) A. R. KENNEY-HERBERT, Lieut.-Col.,
Offg. Secretary to Government.

ORDER—dated 21st November 1885, No. 2792 W., Public Works.

Communicated to the Superintending Engineer, III Circle, who will resubmit the requisition to the Ordnance officer, Bellary.

2. Communicated also to other Superintending Engineers for information and guidance, in continuation of G.O., No. 1534 W., dated 1st July 1885.

SIR,

Enclosures,

I have the honor
to inform you that the
Commissary of Ordnance
has declined to comply
with the indent for a small quantity
of powder, under the order
dated in G.O. No. 1534 W. dated
20.6.85. I beg to point out that
the order to the latter, will cause
inconvenience even if it does
not prevent our getting the
quantity required.
