Explanatory Note.

Work of this kind can be better
and more economically carried
out in England than in any Factory
in India hence the necessity for
obtaining the iron works from
England.

12 Plans.

With reference to your Memorandum No. 363 E dated 14th July 1885, I have the honor to forward a Special Indent in triplicate on the Home Government and the Plans, Specifications and Estimates together with the Indents as drawn up by the Superintending Engineer, Fourth Circle for Wrought Iron Girder Bridges, which it is proposed to construct on the Calicut Vayittri road

2. The Home Indent is merely an Abstract of the Indent in detail prepared by the Superintending Engineer. These detailed Indents with the Drawings, Specifications and Estimates give full particulars for the guidance of the India-

Store Office and contain all the informa-
tion necessary to enable the Manufacturers
in England to carry out the work. I would
request therefore that all the papers
may be forwarded to England with
the Special Home Indent.
