GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From F. C. DAUKES, Esq., Under Secretary to the Government of India, Home department (Public), to the Chief Secretary to the Government of Madras, dated Simla, 21st October 1885, No. 49—1765.

In the Home Department Resolution, No. 37-A—1392-1406, of the 12th August, report was called for upon certain proposals of the Punjab Government for reducing the number and bulk of annual reports. In connection with this subject, attention has since been drawn to the increase of late years in the amount of printing done for the various Local Governments and Administrations. The figures for a series of years in the case of Madras are shown in the margin. I am to request that the causes of this increase may be examined, and explanation afforded at an early date. I am further to inquire whether, by any change in system, greater economy could be secured without detriment to official efficiency and convenience.

ORDER—dated 26th November 1885, No. 2754, Public.

The Government of India will be addressed and the attention of departments of the Secretariat invited and that of all heads of departments under the Chief Secretary directed to G.O., 15th April 1885, No. 900, the instructions contained in which should be most carefully attended to. Notwithstanding the various orders passed in this behalf, the appendices annexed to reports are in almost all cases far more voluminous than is necessary, while reports and appendices alike contain in very many cases much matter that is not required by Government.
