GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

27th November 1885, No. 6752.

Miscellaneous.

Read the following papers :—

No. 391. From Brigadier-General W. K. ELLES, C.B., I.D.C., Adjutant-General, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Ootacamund, 24th October 1885, No. 2289-B.A. (Unattached List).

I have the honor, by desire of the Provincial Commander-in-Chief, to forward herewith the correspondence noted in the margin, having reference to the employment of qualified soldiers in the Revenue Survey Department.

Letter, No. 381-C., dated 20th July 1885, from the Principal, Civil Engineering College, to the Adjutant-General.

Copy of letter, No. 1710-B.A. (Unattached List), dated 6th August 1885, from the Adjutant-General, to the Superintendent, Revenue Survey.

Letter, No. 714-M., dated 10th August 1885, from the Superintendent, Madras Survey, to the Adjutant-General.

2. Major-General Rowlands recommends, for the favorable consideration of Government, that soldier students of good character, who have passed the qualifying examination for admission to the Public Works Department in the Civil Engineering College, but for whom there are no vacancies in that department, may be permitted to enter the Revenue Survey Department, and that their promotion to Warrant rank be governed by the rules affecting departments having no fixed establishment.

3. With reference to para. 3 of Colonel Rogers' letter, the Provincial Commander-in-Chief recommends that an outfit allowance similar to that given in the Public Works Department be granted to the men on their appointment to the Revenue Survey.

From Captain H. D. LOVE, R.E., Principal, Civil Engineering College, to the Adjutant-General, Madras Army; dated 20th July 1885, No. 381-C.

It will doubtless be within your recollection that the five appointments per annum in the Public Works Department upper subordinate establishment hitherto guaranteed to the soldier students of the Civil Engineering College on their passing the requisite examination have recently been reduced to three, although the maximum number of non-commissioned officers and men annually admissible to the College still stands at five.

2. In accordance with the new regulations, the Public Works Department has this year appointed only three out of the four soldier students who were successful in the May examination; and I now have the honor to request that orders may be issued for the reversion of the fourth student, No. 36-B—1061, Corporal W. J. Moore, 2nd Battalion, Somersetshire Light Infantry, to his Regiment.

3. Corporal Moore holds a certificate as Overseer, Public Works Department, having satisfied the examiners in mathematics and hydraulics, in the construction of buildings, bridges and irrigation works, in earthwork and road-making, in surveying and levelling, in plan-drawing and estimating, and in Vernacular language (Telugu). He bears an excellent character. I trust that it may be found possible to appoint him to the Commissariat or other Department, where his superior attainments may prove of value.

4. I take this opportunity of inquiring whether arrangements could not be made for the entertainment of passed soldier students in the Revenue Survey as in the Public Works Department. I have reason to believe that the Survey would be glad to employ such men, and an arrangement of this nature would provide suitably for such successful college students as cannot be received by the Public Works Department.

Copy of a letter from the Adjutant-General, to the Superintendent, Revenue Survey, Madras; dated 6th August 1885, No. 1710-B.A. (Unattached List).

I have the honor to forward herewith a copy of a letter from the Principal, Civil Engineering College, and, with reference to para. 4 thereof,

No. 331-C., dated 20th July 1885.

to request you will be good enough to inform me whether employment could be found in the Revenue Survey Department for soldier students who have successfully passed the final examination in the Civil Engineering College but who cannot be provided for in the Public Works Department, and if so what pay, allowances, etc., the men would receive.

From Colonel H. T. ROGERS, R.E., Superintendent, Madras Survey, to the Adjutant-General, Madras Army; dated 10th August 1885, No. 714-M.

In reply to your letter, No. 1710-B.A. (Unattached List), dated 6th August 1885, I have the honor to inform you that I could probably find employment for one European student of the Civil Engineering College or occasionally two per annum, provided that they were men of high character, of good ability and thoroughly trustworthy.

2. I should be prepared to appoint them Probationary Head Surveyors on a total salary of Rs. 100 per mensem. They would draw no travelling or other allowance while employed in the ordinary revenue survey, but they would draw allowances when working on special surveys in difficult country. The highest pay which they could eventually draw would be Rs. 250, or Rs. 300 if the proposed augmentation of salaries is sanctioned.

3. In the event of these men being employed, some assistance must be given them in the supply of camp equipage on first joining the department, similar to what I presume is customary in the Public Works Department.

No. 392. With report from Controller of Military Accounts; 19th Nov. 1885, D.

No. 393. ORDER THEREON, 27th November 1885, No. 6752.

Sanctioned, as recommended by the Provincial Commander-in-Chief in paras. 2 and 3 of the Adjutant-General's letter, on the understanding that the number of Military students (five) admitted to the Civil Engineering College is not exceeded.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

27th November 1885, No. 6752.

Miscellaneous.

Read the following papers:—

No. 391. From Brigadier-General W. K. ELLES, C.B., J.D.C., Adjutant-General, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Ootacamund, 24th October 1885, No. 2289-B.A. (Unattached List).

I have the honor, by desire of the Provincial Commander-in-Chief, to forward herewith the correspondence noted in the margin, having reference to the employment of qualified soldiers in the Revenue Survey Department.

Letter, No. 381-C., dated 20th July 1885, from the Principal, Civil Engineering College, to the Adjutant-General.
Copy of letter, No. 1710-B.A. (Unattached List), dated 6th August 1885, from the Adjutant-General, to the Superintendent, Revenue Survey.

Letter, No. 714-M., dated 10th August 1885, from the Superintendent, Madras Survey, to the Adjutant-General.

2. Major-General Rowlands recommends, for the favorable consideration of Government, that soldier students of good character, who have passed the qualifying examination for admission to the Public Works Department in the Civil Engineering College, but for whom

there are no vacancies in that department, may be permitted to enter the Revenue Survey Department, and that their promotion to Warrant rank be governed by the rules affecting departments having no fixed establishment.

3. With reference to para. 3 of Colonel Rogers' letter, the Provincial Commander-in-Chief recommends that an outfit allowance similar to that given in the Public Works Department be granted to the men on their appointment to the Revenue Survey.

From Captain H. D. LOVE, R.E., Principal, Civil Engineering College, to the Adjutant-General, Madras Army; dated 20th July 1885, No. 381-C.

It will doubtless be within your recollection that the five appointments per annum in the Public Works Department upper subordinate establishment hitherto guaranteed to the soldier students of the Civil Engineering College on their passing the requisite examination have recently been reduced to three, although the maximum number of non-commissioned officers and men annually admissible to the College still stands at five.

2. In accordance with the new regulations, the Public Works Department has this year appointed only three out of the four soldier students who were successful in the May examination; and I now have the honor to request that orders may be issued for the reversion of the fourth student, No. 36-B—1061, Corporal W. J. Moore, 2nd Battalion, Somersetshire Light Infantry, to his Regiment.

3. Corporal Moore holds a certificate as Overseer, Public Works Department, having satisfied the examiners in mathematics and hydraulics, in the construction of buildings, bridges and irrigation works, in earthwork and road-making, in surveying and levelling, in plan-drawing and estimating, and in Vernacular language (Telugu). He bears an excellent character. I trust that it may be found possible to appoint him to the Commissariat or other Department, where his superior attainments may prove of value.

4. I take this opportunity of inquiring whether arrangements could not be made for the entertainment of passed soldier students in the Revenue Survey as in the Public Works Department. I have reason to believe that the Survey would be glad to employ such men, and an arrangement of this nature would provide suitably for such successful college students as cannot be received by the Public Works Department.

Copy of a letter from the Adjutant-General, to the Superintendent, Revenue Survey, Madras; dated 6th August 1885, No. 1710-B.A. (Unattached List).

I have the honor to forward herewith a copy of a letter from the Principal, Civil Engineering College, and, with reference to para. 4 thereof, to request you will be good enough to inform me whether employment could be found in the

Revenue Survey Department for soldier students who have successfully passed the final examination in the Civil Engineering College but who cannot be provided for in the Public Works Department, and if so what pay, allowances, etc., the men would receive.

From Colonel H. T. ROGERS, R.E., Superintendent, Madras Survey, to the Adjutant-General, Madras Army; dated 10th August 1885, No. 714-M.

In reply to your letter, No. 1710-B.A. (Unattached List), dated 6th August 1885, I have the honor to inform you that I could probably find employment for one European student of the Civil Engineering College or occasionally two per annum, provided that they were men of high character, of good ability and thoroughly trustworthy.

2. I should be prepared to appoint them Probationary Head Surveyors on a total salary of Rs. 100 per mensem. They would draw no travelling or other allowance while employed in the ordinary revenue survey, but they would draw allowances when working on special surveys in difficult country. The highest pay which they could eventually draw would be Rs. 250, or Rs. 300 if the proposed augmentation of salaries is sanctioned.

3. In the event of these men being employed, some assistance must be given them in the supply of camp equipage on first joining the department, similar to what I presume is customary in the Public Works Department.

No. 392. *With report from Controller of Military Accounts; 19th Nov. 1885, D.*

No. 393. ORDER THEREON, 27th November 1885, No. 6752.

Sanctioned, as recommended by the Provincial Commander-in-Chief in paras. 2 and 3 of the Adjutant-General's letter, on the understanding that the number of Military students (five) admitted to the Civil Engineering College is not exceeded.

(True Extract.)

A. H. Kenney Lt.-Col.,
Offg. Secretary to Government.

To the Adjutant-General.
