GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From Lieutenant-Colonel P. MONTGOMERIE, R.E., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 21st September 1885, No. 264 G.N.

With reference to G.O., No. 907 W., dated 16th April 1885, I have the honor to submit, herewith, for the sanction of Government, a statement showing the establishment required on account of the amalgamation of the Rushikulya with the Ganjam division.

2. A statement received from Captain Langley, Executive Engineer, showing the limits of sub-divisions, which is concurred in by me, is also submitted.

---

From the same officer, dated 30th September 1885, No. 273 G.N.

---

From the same officer, dated Dowlaishweram, 29th October 1885, No. 333 G.N.

With reference to my letter, No. 267 G.N., dated 23rd September 1885, and in continuation of my letter, No. 264 G.N., dated 21st September 1885, I have the honor to inform you that the Collector of Ganjam declines to hand over any of the roads in the Kimedi Estate to the Local Fund Board. I therefore submit the Executive Engineer's letter, No. 244 G., dated 4th October 1885, with its accompaniments showing the supplemental establishment that will be required to supervise these roads.

2. I would draw your special attention to the last paragraph of the Executive Engineer's letter in the hope that some other arrangements may be made for the supervision of the Estate roads, as I am much afraid that the officer in charge of the lately amalgamated Rushikulya and Ganjam divisions will hardly be able to efficiently supervise the further extended operations required of him.

---

Proceedings of the Court of Wards, dated 4th November 1885, No. 244.

*Read*—letter from the Acting Collector of Ganjam, dated 2th October 1885, No. 3807, and a telegram, dated 22nd October 1885, to the Secretary to the Court of Wards, Madras.

---

*Resolution*—dated 4th November 1885, No. 244.

Submitted for the early orders of Government.

2. The Court of Wards are decidedly of opinion that the Executive Engineer should take charge of all the Estate roads not at present kept in repair by the Local Fund Board. Under G.O., 28th April 1884, No. 1067 W., a contribution of 23 per cent. on the pay was asked for from the Court for *full* professional services, the pay of the Court's subordinate establishments being allowed as a deduction from this contribution. This arrangement applies to Parlákimedi.

Statement of proposition for revision of Establishment in amalgamating the Rushikulya with the Ganjam Division.

Sir, Dowlaishweram 30th Sept 1885.
Desp'd 3rd Octr

I have the honor to bring to your notice that Mr H. W. Taylor Sub Engineer has been put in charge of Kimedi Sub Division in the Ganjam Division - Kimedi has not yet been formally sanctioned by Government as a Sub Division, but has been dealt with as such from the time the Estate Works have been transferred to this Dept. Office Establishment for this Sub Division has been sanctioned in G.O. No 2659 W. dated the 28th October 1884 - In the Scheme for the amalgamation of the Rushikulya and Ganjam

Ganjam Divisions, Kimedi has
been proposed as a separate Sub Division
see my letter No. 2649. A dated 21st Sept. 95 ×
2. I request therefore that you
will be good enough to obtain the
sanction of Government to the Sub Divi:
sional allowances being passed to the
Sub Engineer under para 564 of the
P. W. Code from the time × he held
the charge of the Sub Division.

DOWLAISHWERAM, 29th October 1885

SIR,

Desd 30th Octr/85

With reference to my letter No 267 G.N. dated 23rd September/85 and in Continuation of my letter No 261 G.N. dated 21st September/85 I have the honor to inform you that the Collector of Ganjam declines to hand over any of the Roads in the Kemidi Estate to the Local Fund Board, I therefore submit the Executive Engineers letter No C/244, dated 4th October/85 with its accompanyments showing the supplemental Establishment that will be required to supervise these Roads.

I would draw upon special

24

attention to the last para of
the Executive Engineers letter
in the hope that some other
arrangements may be made
for the supervision of the Estate
Roads. As I am much afraid
that the Officer in charge of
the lately amalgamated Ru-
-shikulya and Gangam Di-
-visions, will hardly be able

Roads in the Kimidi Estate of Ganjam Division — Submits a supplemental statement for Establishment that will be required to supervise—

P. W. Dept.
To be returned with reply.

No/5[illegible]

No 3807

BOARD'S GEN. REG. N° 5821 OF 1885

From E. J. Scarll Esquire
Ag. Collector of Ganjam

To The Secretary to the
Court of Wards
Madras.

Dated Chittapur 12th October 1885.

Sir,

I have the honor to enclose, for Court's information, an extract from the Executive Engineer's letter dated 6 instant No. 76 regarding the Parlakimedi Estate roads. The Engineer says that the existing establishment being utterly insufficient to look after the roads as well as the other works, he will not attempt to supervise the roads sithout orders from Government.

2. The question of insufficiency of the Establishment is one with which we are not concerned. We simply pay 23 per cent Commission to the Department of Public Works on

on the expenditure incurred but it is highly necessary that the question as to who should have the charge of the roads (excluding Malabar roads which the Court in their Proceedings dated 20th August last No. 7700 Miscellaneous have ordered the Manager to Continue to be in charge of) should be decided at an early date as the roads are becoming quite impassible.

3. In July last the Executive Engineer stated that the Superintending Engineer requested that road works might be carried out by the Local Fund department and that steps be taken to transfer the roads accordingly.

4. Mr. Horsfall replied that the roads are purely Estate roads and not Local Fund roads, all of which are at present under the Control of the District Board; that if the Superintending Engineer is prepared to place the Budget grants for the roads in question plus 23 per cent for management at the disposal of the District Board, he would have the proposal put before the District Board, but that at the same time he could not recommend this arrangement.

5. In August, the Superintending Engineer wrote to the Executive Engineer saying, "I decidedly approve that all roads in the Kimedi and other Estates should at once be handed over to the Local Fund Board in whose jurisdiction the roads are situated on precisely the same terms as all other Local Fund works are carried out all over the Presidency. If the Collector is particularly desirous that this department should look after the roads as well as other works in the Estates in his District, the Establishment proposed by me will be quite insufficient. But I see no reason whatever

whatever why the very enlightened policy of Government as expressed in their Order No. 2428 W dated 26th Sept. temper 1879 and referred to in the Court of Wards' Proceedings No. 3103 dated 3rd. November 1879 should not be carried out in the Ganjam District as it has been in every other District in the Presidency."

6. At the request of the Executive Engineer, I have addressed the Superintending Engineer direct stating amongst other things that the roads in question were constructed solely in the interests of the Estate and for the purpose of opening up markets to previously inaccessible tracts of country and so by promoting cultivation to increase the rental of the Estate; that they would never have been made from the Local Funds that the District Board will certainly not undertake to repair them unless the existing maintenance grant to and 23 per cent supervision fee were paid to them annually, and that it appeared to me that the orders of Government handing over to the Department of Public Works all the Estate Works did not permit the department to choose which they would undertake and which they would not.

7. A copy of my letter to the Superintending Engineer dated 9th instant No. 3760 is enclosed for Court's perusal and I bring the matter to notice at once, however, because I gather from the correspondence that travelling over some of the Estate roads has convinced me of as a fact that nothing is being done to them. They are in fact several of them impassable for wheeled traffic and difficult to ride along at all fast.

I have the honorable
Sir
your most obedt Servt
Eglinton
Esq. Collector

Enclosure to letter No 3807/85

From

The Executive Engineer
Guyana Division

To

The Collector
Guyana District.

x x x

Para 2. In the first place this department has not taken charge of any roads in the Estate, either maintained or otherwise. In accordance with telegraphic orders from the Superintending Engineer I submitted on 4th instant a supplemental statement of establishment that would be required if this Department took charge of the Estate roads, as it was found that the Establishment sanctioned by Government in Govt. Order No 2659 W dated 28th October 1884 would not be sufficient if the roads as well as the Irrigation Works were placed under this

Department

Department. On submitting the state-
-ment, I expressed a hope that the
roads might not be handed over to
this department, and as regards the
Mahiah roads I remarked that I
supposed that the Manager would con-
-tinue to remain in charge of them.

× × ×

Para 4. As regards my statement
in para 2 that this department had
not taken over charge of any of the Estate
roads, it is immaterial whether Mr.
Taylor is considered as in charge of
the roads or not; as having no money,
he has not been able to make any
payments or get any work done. When
Credit is received all arrears on the
Estate roads will be paid but I shall
instruct Mr. Taylor to do nothing more
as regards the roads pending further
orders. The existing Establishment
(one Sub Engineer and one Overseer)

being utterly insufficient to look after
the roads as well as the other works
I shall not attempt to supervise
the roads without orders from Government.

From

E. J. Lowell Esquire
Ag. Collector of Gayaam

To

The Superintending Engineer
First Circle
Dowlesheoraum

Dated Chatrapur 9th October 1885

Sir,

I have the honor at the request of the Executive Engineer to reply direct to your letter No. 214 G.S. D. P.S. dated 21st ultimo addressed to the Executive Engineer.

2. The case of the roads in question in the Khiredi Estate is quite distinct from that of other roads of which the District Board have assumed charge. All the roads in this Estate were originally made from Estate Funds but more than ten years ago the then existing Chicacole Circle took over through certain roads which might be considered of sufficient importance to justify expenditure on maintaining them from District

31

district funds. These roads are now maintained by the District Board.

3. The remaining lines of road were constructed solely in the interests of the Estate and for the purpose of opening up markets to previously inaccessible tracts of country and so by promoting cultivation to increase the revenue of the Estate. This purpose they used to fulfil and would again if they are repayable for Country Carts.

4. They would not remain if were made from Local Funds and the Board will certainly not undertake to repair them unless as stated already the existing maintenance grants and 25 per cent for Supervision be paid to them annually from Estate Funds. In that case I should recommend the Board to refuse to accept the transfer.

5. The maintenance of these roads is a part of the Public Works of the Estate and it appears to me [illegible] that

## Resolution

Submitted for the early orders of Government.

The Court of Wards are decidedly of opinion that the Engineer should take charge of all the estate roads not at present kept in repair by the Local Funds Boards under G.O. 28th April 1884 No. 106 P. a [illegible] of 23 per cent on outlay

was asked for from the Court for full professional services, the pay of the Court's subordinate establish-ments being allowed as a deduction from this contribution. This arrange-ment applies to Parlakemidy.

3. The Court request therefore that the Executive Engineer may be ordered to take charge of the Estate roads without further delay.

Dowlaishweram.

Enclosures 5.

Sir,

In reply to your telegram of 23rd ultimo, I have the honour to submit herewith a supplemental Statement showing extra establishment required for Estate roads in the Parlakimidi Estate. I also enclose a statement showing extra establishment required for irrigation works. The Sub-Divisional officer's letter No. 328 / 156 is enclosed in original, with its enclosures.

2. A perusal of these documents will show that the amount to be spent on roads is about equal to the amount to be spent on irrigation works and embankments, the former being for the current year about Rs 73,000 purposing that all unexpended funds are to be spent in this year.

3. Having made an inspection tour in a fortnight in the Parlakimidi Estate & having inspected several works

was asked for from the Court for full professional services, the pay of the Court' subordinate establishments being allowed as a deduction from this contribution. This arrangement applies to Parlakemidy.

3. The Court request therefore that the Executive Engineer may be ordered to take charge of the State roads without further delay.

Enclosures 5

Sir,

In reply to your telegram of 23rd ultimo, I have the honour to submit herewith a supplemental Statement showing extra establishment required for Estate roads in the Parlakemidi Estate. I also enclose a statement showing extra establishment required for irrigation works. The Sub-Divisional Officer's letter No. 328, dated 156 original, with its enclosures.

2. A perusal of these documents will show that the amount to be spent on roads is about equal to the amount to be spent on irrigation works and Embankments excluding for the current year about Rs 73,000 supposing that all unexpended balances had to be spent in that year.

3. Having more spent more than a fortnight in the Kesingdi Estate & having inspected several works

works. I can fully endorse all that Mr Taylor's concerning the very backward state of works here generally at pg.

4. You will see from the extracts from Proceedings of Court of Wards No: 2562 dated 30 August 1883 that there is ample work in the estate for an Assistant Engineer and 2 Overseers in looking after buildings & irrigation works alone.

5. The roads in the Maliahs, for which there is an annual maintenance grant of Rs 2000 have always been looked after by the Manager & it is supposed that he will continue to perform that work.

6. In conclusion I have to express a hope that the Estate roads may not be handed over to this Department, as with the exception of these roads I am in charge of works formerly carried out by three officers, and I find the work quite as much as

I

I can satisfactorily perform.

I have the honorable

No. 328/156

From

The Sub Divisional Officer
Kimedi Sub Div.

To

The Executive Engineer
Ganjam Div.

Sir,

I have the honor to submit for your approval a revised Statement of the Establishment required for Kimedi Estate Works including roads.

I also enclose a few extracts from Court of Wards proceedings No. 2612 dated 30th August 83 which fully explain the nature and extent of the different works in the Estate, under the Engineer, with (2) an abstract of Expenditure up to 30th June last, and (3) a statement of Establishment employed when State Works were

Enclosures 4
x Statement Sep. x Statement of the Establishment
x Statement of Estate Establishment required for road cost. Also Statement of Estate Establishment 2 required for irrigation works. L.L. 5.10.

were formerly under the Department Public Works.

3. As will be seen from Statement 2. the unexpended balance from last years allotments is Rs 95.685, and the difference of the first and last Columns i.e. "Amount of Estimate" and Expenditure up to date Rs. 1,55,011, deducting from the former the balances of road maintenance grants which lapsed with the close of last official year, i.e. Rs. 5373. and bills already prepared by me but not paid i'e about Rs 15000 we have a balance of Rs 75355 (Original works) from last years budget allotments to work off in addition to Current years road grants including reserve - Rs. 11067 (Maintenance) and further allotments from Estimates already Sanctioned.

I put down the full balance ... Rs 59323

making a grand total of Rs. 145746 (To be spent).

There are 238 Sanctioned Works in the Estate, divided as follows;

| | | Balance of Estimate |
|---|---|---|
| Irrigation Works | No 11. | Rs. 43.263 |
| Do Reserve | | Rs 9.000 |
| Buildings | No 33. | Rs 31.805 |
| Do Reserve | | Rs 1000 |
| Roads maintenance | No 29. | Rs 10.067 |
| Special Estimate | No 14 | Rs 61.111 |
| Do Reserve | | Rs 1.000 |
| Total | No 8. | Rs 145.746 |

If the matiah roads now under the manager are added, we will have 52 1/4 miles more to include at about Rs 40 per mile and Special Estimates Rs - nil.

I have provided for 4 overseers, one for each of the divisions, shewn on accompanying map. This will give each man about 60 Works to push to Completion, and Considering their very backward state, the inaccuracies both in designs and Estimates of Sanctioned Works - the late laxity in Supervision, and the neglected Condition of the roads, you will I feel Confident agree that you have visited the Estate and seen for yourself how much there is to be done. Approve of the Appointments of 4 men.

to follow today

37

The

The Special road Estimates alone are sufficient to Keep two or three overseers well occupied for 18 months.

I have provided for a Surveyor on Rs 30 per mensem.

It has always been found necessary to have one in Kimedi. You will see by the enclosed Statement of Establishments when the Estate was formerly under this Department, that there was a Surveyor at Rs 60/-, and a permanent Staff of Six Lascars - There is abundance of Work for one, but I shall only give a few of the more important Works for which Surveys & levels are now required.

1 Gumma Ghat Road Estimate 25,000 Rs - new trace required.

2 Jeerangy Ghat Road Estimate Rs 13,647, to be revised.

3 Copalada Kunchilingi road Estimate 8,390 to be revised.

4 Narayana Gedda Project to be revised

I have not provided for Lascars as they can always be engaged when wanted, and charged to the different Works for which they are employed.

You will also see by the former P. W. Establishment list, that for the Conservancy Establishments alone there were;

3 Gumastahs on Rs 25/- 20/- & 15/-
1 Head Lascar
12 Conservancy Lascars
3 Gumastahs Lascars

at present there are only

1 Head Lascar
12 Conservancy lascars.

It is necessary there should be a gumastah on Rs 20/ to attend to this branch of the Work. There are very frequent Complaints of illicit irrigation, and disputes about distribution of Waters, in disposing which ignorant Lascars are of little use.

The proposed office Establishment is, I think, as small as it can be. I have only provided for one additional clerk on Rs 15/- for [illegible] Work. I have provided 4 peons, two to accompany the Divisional Officers on inspections and two to guard the Office.

I

Statement showing proposed Subdivisions on amalgamation of the Rushikulya with the Ganjam

(Page 2) 12. The information called for in paragraph 4 is given below.

Irrigation works as roughly given by the Engineer.

| | No |
|---|---|
| Anicut | 1 |
| Weir | 6 |
| Channels | 49 |
| Tanks including Weirs and Sluices | 1074 |
| Head Sluices | 4 |
| Weirs and Streams | 38 |
| Springs | 333 |
| Total | 1505 |

| Number and extent of Roads maintained from Estate Funds | |
|---|---|
| Number | Extent in miles |
| 28 | 127 |

x x x x

(Page 8) 12. The number of Estate roads given above is exclusive of the Malial Roads, which are three in number, but includes the town

roads of Kurlakinidi, for which a discretionary allowance of Rs 600 is allowed in the Estate Budget

× × × × ×

(Page 12) Paragraph 3. (27.) The area of the Estate under the charge of the Engineer is only 615 square miles, the difference between 972 as stated and the 615 is no doubt the area of the Maliahs. The Maliah roads, 52½ miles, are supervised by the Manager for the Principal Assistant Collector. The Engineer submits that the Supervision of these roads, which are Continuations and Connections of the Estate roads, should be added to those already in charge of the Engineer, thus utilizing to the utmost the Capabilities of the Engineer's Staff on work, which technically speaking, strictly belongs to his department

× × × ×

(Page 2) 13. The Engineer ought to know given the largest irrigation works in the Estate and the number of all works denoted under his heads: (1) Number of works irrigating less than 200 acres. (2) Number of works irrigating more than 200 acres, with the revenue under each head. He promises Correct information but I presume the information now given is enough for the present purpose. I have however given below the largest of the works, as far as I could find from my Office register of Estimates received and sanctioned during the last three years.

| | | Ayacut | Revenue |
|---|---|---|---|
| 1 | Kurlakinidi Tank of Sembroo | 1456. | 4,846 |
| 2 | Purushagram Irrigation Channel of Kravacottah | 2255. | 8,008 |
| 3 | Broondavanasagram of Chinsapilly | 3399. | 19,963. |
| 4 | Kotavoor Krishnasagram Tank | 1803. | 28504 |
| 5 | Lakala Pedda of Guraday | 650. | 3830 |
| 6 | Peddacheruvo of — or | 650 | 3830 |
| 7 | Mudasagram Tank of Polavaram | 528. | 1,627 |
| 8 | Devulla Gedda | 2323. | 12,491. |
| 9. | Buttisiripuram Channel | 6743. | 37,056 |
| 10 | Broondavanasagram Tank of Kinidi | 3524. | 20,880 |
| 11 | Boreagam Doroo of Sakipilly &c | 777. | 3,881 |
| 12 | Mahendra Tanaya River of Korasavasala &c | 3228. | 12,883 |
| 13. | Ramasagram Tank of Kinidi | 3316. | 17,147. |
| 14. | Bethiseng Gajapatisagram high level channel | 904. | 4,097 |
| 15 | Supply channel of Radhasagram | 1040. | 4935. |
| 16. | Gajapatisagram Tank of Korasavasala | 912. | 4,337 |
| 17. | Gattipilly Geeda of Dasali &c | 636. | 3769 |

was formerly three, but seeing the quantity and ...bility of the work to be done by these, it has been found necessary to raise the number to four in raised scheme, and I think that number is should be retained.

(3) The Office Establishment of the 2 Sub Divisions of the Rushikulya Division is temporary and not permanent vide G.O.No. 2635 W. dated 27th. October 1884.

(4) In the column average or fixed pay the financial value as defined in Section 43a of the Acting Allowance Code should have been given.

(5) It is to be noticed that no claims are submitted to this Office for audit on behalf of Perlakimidi Estate Establishment shown in "Present Scale" and sanctioned in G.O.No. 2659 W. dated 28th. October 1884.

(6) The Supg. Engineer with his letter No. 333 G.N. dated 29th. October 1885, refers to Supplemental Establishment, decided by the Executive Engineer, as required to supervise Roads in the Kimidy Estate. It is for Govt. to decide whether the Establishment need be included in the Proposition Statement now returned checked.

READ the following

From the Supdg. Engineer I Circle. H.E.No: 264 G.N. d/ 21st September 1885.
——— Do ——— Do ——— H.E. No: 273 G.N. d/ 30th September 1885.
——— Do ——— Do ——— H.E. No: 333 G.N. d/ 29th October 1885.
Proceedings of the Court of Wards. H.E. No: 244 d/ 4th November 1885.
Endorsement by the Revenue Deptt. H.E. No: 1231 Mis: d/ 11th November 1885.
Office Note from the Examiner P.W. Accts. H.E. No: 182 d/ 25th November 1885.

The proposition statement of establishment (permanent and temporary) required for carrying out the amalgamation of the Rushikulya with the Ganjam Division, is sanctioned but the provision therein made for Engineer, Upper Subordinate, and Accounts Establishments has been struck out, as they have been separately provided for.

2. The Supdg. Engineer will arrange for taking over all the roads on the Kimedi Estate, as proposed by the Court of Wards, the additional establishment required to supervise these roads being provided in the statement sanctioned above.

By

3. The responsible of the Supdtg. Engineer to form a separate Sub-Division called Kimedi Sub Division is approved and Sub-Engineer Mr. Taylor will draw Sub Divisional allowances while in charge of the Sub-Division.

4. Under Section 43 A of the Acting Allowance Code, financial value, not mean value, should have been given in the column average or fixed pay. The necessary correction has been made in the staff of the Secretariat.

5. The sanction accorded in para 1 of these proceedings has been registered as Provincial No: 51 W of 1885-8 and classified as Establishment.
