GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following letter from H. F. CLOGSTOUN, Esq., Accountant-General, to the Secretary to Government, Revenue Department, dated Fort St. George, 13th November 1885, No. 2795:—

I have the honor to forward letter, No. 72, dated 7th November 1885, from the Director of Government Cinchona Plantations, &c., Nilgiris, addressed to Government through this office, and to state that the original arrangement referred to by the Director for the division between the Government Quinologist and Government of the rent of the building occupied in part by the Quinologist as his residence and partly by the laboratory is not, with reference to the correspondence recorded in G.O., No. 1139, Revenue, dated 9th October 1885, in accordance with the terms of paragraph 3, clauses II and III (ii) of the Government of India resolution communicated in Madras G.O., No. 2123, Financial, dated 6th November 1879.

2. Should Government however, in the circumstances now brought to their notice, sanction the Director's proposal, I request that their orders may be submitted to the Government of India for confirmation.

ENCLOSURE.

Letter from M. A. LAWSON, Esq., Director of Government Cinchona Plantations, &c., Nilgiris, to the Secretary to Government, Revenue Department (through the Accountant-General), dated Ootacamund, 7th November 1885, No. 72.

With reference to G.O., No. 1139, dated the 9th October 1885, Revenue, intimating your resolution that Mr. Hooper, the Government Quinologist, should pay Rs. 45 per mensem and Government Rs. 25, I have to apologise for re-opening the question as to whether this is a fair allotment, and to express regret that in my former letters I was not sufficiently explicit.

2. The case stands thus:—In the early part of October of last year, I had a conversation with Mr. Stokes on the subject, and we agreed that it was highly desirable that the Quinologist should reside in close proximity to his laboratory; and Mr. Stokes agreed that the laboratory and residence should be taken as one Government building, one moiety of the rent of which should be paid by Government, and the other moiety by Mr. Hooper.

3. Mr. Hooper at first objected to this arrangement, as the tenement which was provided was not a particularly comfortable one, but upon its being urged upon him by myself, he consented to take it on the above terms.

4. This being the case, it seems to me that it would be a little unfair to Mr. Hooper to ask him to pay the enhanced rent now proposed.

5. I may add that Mr. Hooper is under no contract to reside in his present house, and may, if he pleases, vacate it, in which case the house would be thrown upon the hands of the Government; and should he do this, Government would then have to pay the whole Rs. 70 per mensem, or they would have to sublet it. In the latter case, the objection would arise of having tenants in too close proximity to the laboratory.

6. Under these circumstances, while again apologising for want of clearness in my former letters on the subject, I have the honor to request that Government will be so good as to reconsider their decision, and, if they should see right, allow the first arrangement to stand.

ORDER—dated 26th November 1885, No. 1315, Revenue.

Miscellaneous.

The Government consider that the present is a case of the kind contemplated in clause III (ii) (2) of paragraph 3 of the resolution of the Government of India, dated 17th October 1879, No. 3253. It is necessary that the Government Quinologist should live in close proximity to the laboratory, which no doubt does injure the house as a private residence. The Government will therefore continue to pay a full moiety of the rent charged.

2. A copy of these proceedings will be communicated to the Government of India as requested by the Accountant-General.
