GOVERNMENT OF MADRAS.

## PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from F. N. THOROWGOOD, Esq., M. INST., C.E., Superintendent, Madras Harbour Works, to the Secretary to Government, Public Works Department, dated Madras, 14th December 1885, No. 47 W.:—

I have the honor to report that the Examiner of Public Works Accounts informs me that the special sanction of Government is necessary for the purchase of some galvanized iron roofing required for store-sheds, awnings of Titan cranes, &c.

2. In October 1885 it was necessary to purchase, for a new store-shed, 123 sheets of such roofing, with rivets to correspond, for a price of Rs. 260-7-9. Since then more has been purchased for the awnings of the Titan cranes. In fact such purchases have constantly to be made, and I was hitherto not aware that special sanction of Government was necessary.

3. The Examiner refers to paragraphs 2 and 3 of appendix I of the Public Works Code, and on reference to these paragraphs it seems that I have to apply for Government sanction for the purchase of every article of European manufacture over the value of Rs. 10. This will involve almost a weekly reference to Government, as articles of European manufacture are very frequently required and are frequently not to be obtained at the Public Works Stores.

4. I have the honor to ask for sanction to the purchase of the galvanized roofing above referred to, and shall be glad to know if I am to adhere to the strict ruling of the code as quoted by the Examiner and apply for separate sanction of Government for every purchase of European stores exceeding Rs. 10 in value.

---

ORDER—dated 16th December 1885, No. 3024 W., Public Works.

The purchases of galvanized roofing already made by the Superintendent are sanctioned.

2. In future, the Superintendent will submit, for the orders of Government, quarterly statements of articles of European stores above the value of Rs. 10 purchased by him in the local market, with explanation of the necessity for doing so.

3. The provisions of appendix I, Public Works Code, should not be lost sight of.
