Enclosures.

SIR,

With reference to para 2 of G.O. No. 2850W dated 30th November 1885, I have the honor to explain that an Estimate for a Sub Registrar's Office at Tindevanam was forwarded to the Inspector General of Registration in December 1884 for disposal under G.O. No. 4838 dated 21st February 1884 – but was returned by the Inspector General with his letter No. 2378 dated 16th December 1884 – in which it was stated that representation had been made to Government

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

from the Inspector General of Registration, Madras, dated 16th April 1885 No. 2303 (a), submitting copy of a report from the Registrar of South Arcot and requesting that the sanction of the Government may be obtained for building a new office at Gingee in South Arcot District on the standard terraced design for the use of the special Sub Registrar.

Order thereon 29th April 1885 No. 1126 Mis.

The transfer of the Sub Registrar's office at Gingee to a Special Sub Registrar was sanctioned for a year only as a tentative measure. Government are therefore not at present prepared to sanction the building of a separate office. The Sub Registrar must be accommodated in the Dy. Tahsildar's Cutchery.

READ—the following paper :—

G.O., dated 19th November 1885, Mis. No. 3144, Judicial.

Read—the following letter from the Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 2nd November 1885, No. 4747.

I have the honor to submit extracts from my notes of inspection of the sub-registry offices at Vanur, Merkanam and Utramallur, and to recommend, for the reasons mentioned therein, that the sanction of the Government may be obtained for the preparation of estimates for the construction of offices on the standard terraced design.

2. I submit also an extract from my notes of inspection of the sub-registry office at Tindivanam for which the Superintending Engineer, V Circle, was called upon to submit an estimate in G.O., dated 7th December 1883, No. 3524 W., Public Works.

3. With reference to G.O., dated 29th April 1885, Mis. No. 1126, Judicial, I enclose, for the information of Government, an extract from my notes on the inspection of the sub-registry office at Gingee, and to state that, until a suitable office is provided for the sub-registrar, there is not much prospect of registration advancing as well as it should do.

ENCLOSURES.

EXTRACT from the notes on Vanur, dated 24th October 1885.

" The late Mr. Ratnavelu Chetti, while acting as Inspector-General, inspected this office on the 26th October 1880, when it was under an ex-officio sub-registrar. In April 1881 I had the office transferred to a special officer, but my other engagements precluded me from inspecting the office until now. It is held in a room, in the deputy tahsildar's cutcherry, measuring 20 feet by 12 feet. The accommodation is not only insufficient but wholly unsuitable to meet the needs of the Registration Department. The room contains three almirahs, two large almirahs and one small almirah, the sub-registrar's table and two chairs, the clerk's desk and two benches for parties to sit upon. There is absolutely no room for parties, and the wonder is that registration has made any progress at all."

Extract from the notes on Merkanam, dated 22nd October 1885.

" The office was opened on the 1st April 1882 and placed under the deputy tahsildar. On the 1st January 1885 a special officer was appointed, as registrations had advanced sufficiently to warrant such an appointment.

2. A private building has been rented for the office. It is of course not adapted for the purpose and is, moreover, in an out-of-the-way place. A more central position would attract more people to the office. The office will more than pay its way ere long, and it is desirable that a new office should be built on the standard design."

Extract from the note of Utramallur, dated 27th October 1885.

" This office was inspected by me on the 20th January 1881, when it was in charge of the ex-officio sub-registrar. It was transferred to a special officer on the 11th June 1881. It is at present held in a rented building on the road to Wandiwash. The site is bad, close to a bandy-stand and a place which is used at night as a latrine. During the rains the office is said to be very damp. There are two rooms. The records are kept in one, and the office is held in the other. Both rooms were dark and stuffy on the occasion of my visit from want of proper ventilation, and I had to sit out in the verandah for more than three hours and do my inspection work. A new office is very much required here."

Extract from the notes on Tindivanam, dated 21st October 1885.

"The office is still held in the old Cutwal choultry in the Bazar street, where the noise is so great that the sub-registrar must find it difficult to do his work smoothly. A new office is urgently needed as it is certain to lead to an increase of registration, while the registration records will be protected from the damp from which they suffer in the old choultry."

Order—dated 19th November 1885, Mis. No. 3144, Judicial.

Read—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Ootacamund, 7th August 1885, No. 0/24 :—

In continuation of my letter, No. 3059, of the 28th April, recorded in G.O., dated 11th May 1885, Mis. No. 325, Educational, I have the honor to submit, duly countersigned, a plan and estimate, amounting to Rs. 3,155, for rebuilding the dissecting house belonging to the Medical College, Madras. The work was commenced as emergent at my special request in May last in anticipation of sanction, and it is expected to be completed about the 15th instant. I beg to request that the plan and estimate be approved and transferred to the Public Works Department for sanction.

No. 1461, Educational.

Approved and transferred to the Public Works Department.

(By Order.)

Ootacamund,
14th August 1885.

(Signed) M. HAMMICK,
Acting Under Secretary.

Order—dated 31st August 1885, No. 2014 W., Public Works.

The estimate, amounting to Rs. 3,155, for rebuilding the dissecting house attached to the Medical College, Madras, is sanctioned.

2. The balance of the Provincial reserve with Government being small, the Superintending Engineer, V Circle, will propose reappropriation of funds from the grants for other works in the circle, in order to cover the expenditure already incurred on the work.

3. This sanction has been registered as Provincial No. 115 W. of 1885-86, and classified as Civil Buildings, Original Works.

QUARTERMASTER-GENERAL'S OFFICE,
Ootacamund,
9th June 1885.

No. 1873.A.

From

THE QUARTERMASTER-GENERAL,

To

THE SECRETARY TO GOVERNMENT,
MILITARY DEPARTMENT.

SIR,

In returning as requested Reference Order No. 2119 dated 22nd April 1885, and papers therewith received, I have the honor, by order, to state that, for the reasons detailed below, His Excellency the Commander-in-Chief is of opinion that the several works therein mentioned may be regarded as finally abandoned:—

I. New Pavilion, Agram Hospitals Bangalore.— The existing Pavilions afford ample accommodation for the South Station Hospital.—

II Protecting Magazines in Fort Saint George by traverses.— The proposal now under His Excellency's consideration to remove all ammunition from Fort Saint George, except that required for the Armament of the Fort and Beach Batteries disposes of the question of protection to the magazines

III (1) Plunge Bath for the Cavalry at Bangalore.— This is a work for which His Excellency does not think

think there is any very great necessity, and he is consequently dubious whether funds would ever be found available for carrying it out.

(2) Lining Drains European Infantry Barracks Bangalore with stone. His Excellency thinks that until the necessity for this work is again urged upon Government by the local Military and Medical Authorities, nothing need be done regarding it.–

VI. Adding 3rd Story to Quarters for the Officer Commanding Royal Artillery Fort Saint George.– The question of providing accommodation for a Field Officer is being dealt with in the general scheme for redistribution of accommodation in the Fort when the Account Departments vacate the buildings now occupied by them.

I have the honor to be,

Sir,

Your obedient Servant,

N Stewart Brigadier General,

Quarter Master General.

With order

17 DEC

21st February 1884, No. 483 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil and Military Works.

Order—dated 21st February 1884, No. 483 W., Public Works.

In modification of the practice at present followed with regard to the submission of plans and estimates for buildings required by other departments, the Government direct that the following procedure be invariably adopted in future.

2. Plans and estimates for buildings required by the Revenue Department should be submitted by the Executive Engineer to the Superintending Engineer, who, after scrutiny, will forward them to the Collector of the district for approval and countersignature. If the Collector be satisfied as to the suitableness of the proposed accommodation, &c., he will transmit the papers through the Board of Revenue to Government in the Revenue Department, by whom, if approved, they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

3. In the case of plans and estimates for court-houses, the documents will be forwarded by the Superintending Engineer to the District Judge for transmission, through the High Court, to Government in the Judicial Department, and the same principle will be followed with regard to estimates for Registration, Police, Jail, and other Civil Departments. The Superintending Engineer will forward the documents to the Head of the Department concerned, who will submit them to Government in the Department of the Secretariat from which he receives his orders.

4. The course at present adopted with regard to estimates for Military buildings is laid down in G.O. No. 1381 W., dated 14th June 1880, but here also a modification of practice appears desirable. In future such plans and estimates will be forwarded by Superintending Engineers for approval to the General Officer Commanding the District or Division. The General Officer will transmit the papers to the Quartermaster-General, who,* after obtaining the approval of His Excellency the Commander-in-Chief, will submit them direct to Government in the Military Department. After approval in the Military Department they will be transferred to the Public Works Department for disposal, after final scrutiny by the Chief Engineer.

* Note.—In the case of Ordnance, Commissariat or other departmental buildings, the approval of the head of the department should be obtained before the plans and estimates are submitted to His Excellency the Commander-in-Chief.

5. It must be understood that these orders apply only to works which are beyond the power of sanction of local authorities, and are not intended to alter the procedure laid down in G.O., No. 3211 W., dated 6th December 1882, with regard to the submission of Local Fund projects.

7th December 1883, No. 3524 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following paper:—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 29th November 1883, No. 2751 G.

I have the honor to transmit an extract from my notes of inspection of the sub-registrar's office, Tindivanam, on the 28th March 1883, together with a copy of a letter from the registrar of South Arcot, No. 160, dated the 17th November, instant, and to request that you will be pleased to obtain the sanction of the Government for the construction of a sub-registrar's office at Tindivanam on the standard terraced design.

Enclosures.

Extract from notes of inspection of the sub-registrar's office, Tindivanam, South Arcot District, on 28th November 1883.

"The office is held in an old cutwal choultry quite close to the taluk cutcherry. The place answers its purpose fairly well in the absence of a better one, but I do think that a new office should be provided on the standard design. I am not aware whether there is any intention, in the Revenue Department, to remove the cutcherry, or rather build a new one elsewhere. If, however, there should be such intention, I recommend that a new office be built for the sub-registrar."

From the Registrar of South Arcot, to the Inspector-General of Registration, dated Cuddalore, 17th November 1883, No. 160.

The sub-registrar of Tindivanam reports, in his letter, No. 67, dated 15th instant, herein enclosed, that the construction of a new taluk cutcherry in Tindivanam on the standard design has been sanctioned, and the site for the same is being selected by the authorities concerned. In accordance with the remarks passed by you on the inspection of his office (quoted in the sub-registrar's letter) I have the honor to request that you will be good enough to obtain sanction of Government for the construction of an office (a terraced building) for the sub-registrar, according to the standard design, in the compound of the new taluk cutcherry about to be built.

No. 2377, Judicial.

Approved and transferred to the Public Works Department.
(By Order.)

(Signed) M. HAMMICK,
Acting Assistant Secretary.

5th December 1883.

Order—dated 7th December 1883, No. 3524 W., Public Works.

Communicated to the Superintending Engineer, Fifth Circle, for submission of the requisite estimate.

(True Extract.)

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Superintending Engineer, Fifth Circle.
