No 125

Dead Contractor
for immediate explanation

fter some reference, I was ordered to measure and settle the Cantractor Arealundra Pillai's Claim xt once, Consequently the works have been measured by me on the 15th, 16th and 17th May 1878 when Contractor Kistnasaumy Moodaly did not begin to work.

As soon as I received Overseer Pannoosaumy Pillai's letter No 5 of 25-4-78 regarding the transfer of the work to Contractor Kistnasaumy Moodaly, I have had applied on two occasions as per my letters No 12 and 19 Dated 30th April and 15th May 1878 respectively to be informed of the description of order and to sent to me copy of the Estimate or Takwarree, but up to date there is no reply from the Overseer, neither the Overseer write to me about the work of Arealundra Pillai on the miles, nor shown the work done on the Takwarree given by him to Kistnasaumy Moodaly, but whatever the Case may be, I have drawn a Bond for the fulfilment of the work in question, I have also remarked on the schedule and the copy of the Takwarree given by me to the Contractor for execution, that the work, will be, minus the Contractor Arealundra Pillai's, to be done, and after receiving all these informations from me I found that the Contractor Kistnasaumy Moodaly has made tricks in the earth work, and which the same has been brought to your notice in my previous letter under reference.

I therefore in Conclusion beg to state that it is quite impossible to recognize any of the pits alluded to on the two measurement sheets that accompany the Bill, owing to the ab reason.

I beg to remain

on the roads appears to be irregular and the same
had been informed to the agents & of the General
Contractor. Again the agents do irregular works
and instead of screened gravel, the agents are
supplying unscreened gravel which in fact should
not at all be brought to site, and has had been
forbidden by the respective section maistries; and
even then, the agents are not listening to, and
at one time, the fact has been brought to your notice
and no heed has been taken to the warnings, and
unless the whole heaps have thoroughly and pro-
perly screened as per Schedule, no bills will
be issued, and this should be distinctly understood

Although the Tahmaree or schedule
was given for supplying unscreened gravel for the
road No 25 from Kulithalai to Kavilputti via
Manapparai, it is not proper to put earth and
on which gravel is covered over in the heaps, and
this was also shown to the agents employed there
