GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

General
Account.

READ—the following papers —

Letter from the Superintending Engineer, V Circle, dated 3rd September 1884, No. 2139
Endorsement thereon by the Examiner, Public Works Accounts, dated 6th September 1884,
No 563 S E V.
G O, dated 17th September 1884, No. 4108, Revenue

G O, dated 18th October 1884, No 4575, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 8th October 1884,
No 3483:—

Read—the following letter from H W BLISS, Esq, Commissioner of Salt and
Abkari Revenue, to the Secretary to the Board of Revenue, dated Madras,
30th September 1884, No. 7839:—

With reference to G O, dated 27th August 1883, Mis No 3518, Revenue, com-
municated in the Board's Proceedings
No 2608, dated 4th September 1883 marginally noted, I have the honor to
state that the provision of a rest-house at Ennore for the use of the officers of this
department is not necessary, as they are all supplied with tents at the expense of
Government, and may be required to use them. The situation, moreover, of Messrs.
Binny and Company's bungalow is the least convenient of all the houses at Ennore
for use by officers employed in the inspection of the salt-pans

2 I beg therefore very respectfully to deprecate the charge to this department
of any portion of the cost of purchasing that building, and to state that I believe that,
if desired, I can show that the Government Order in question is in error in stating
that the necessity for the purchase has arisen in consequence of operations undertaken
on behalf of the Salt Department. So far as I can see, the most that can be said
against those operations, on whatever behalf undertaken, is that they have necessitated
some repairs and some simple protective works.

3. I regret the delay which has occurred in the reply to this reference. I
unfortunately did not dispose of it before I proceeded to Calcutta early in the year.
It was then left to await my return from special duty and leave, since when my time
has been very fully occupied with other important matters.

Resolution—dated 8th October 1884, No. 3483.

Submitted to Government, with reference to G.O., dated 27th August 1883, Mis.
No 3518, Revenue.

2 The Commissioner ought not to have delayed, for more than a year, his reply
to a call from Government regarding an adjustment of accounts.

From Colonel H. L. PRINDLECAST, R.E., Superintending Engineer, V Circle,
to the Chief Engineer, Public Works Department, dated Chembambakam,
23rd December 1884, No. 3645.—

In returning the enclosure of your memorandum, No. 1740 C, dated 29th October 1884, I have the honor to observe that, in pursuance of paragraph 6 of G.O., No. 1297 W, of 4th May 1883, the bungalow at Eunore was purchased, and the Government thus settled the matter, so that they became liable to no one for damages in the event of the property being destroyed.

2 It was supposed that the Salt Department would be glad to make use of the bungalow as a rest-house; but there had not been any proposition in the Salt Department that there should be a rest house at Eunore, while also there was an estimate provided in the Public Works Department for a second-class rest house there. The Commissioner of Salt and Abkari Revenue now says that the building is inconvenient and not required for his officers, and I am of opinion that it may be treated as a Public Works rest-house and paid for accordingly.

ORDER—dated 7th January 1885, No. 31 W, Public Works

The cost of the building at Eunore, referred to in G.O., No. 2228 W, dated 11th August 1883, will be finally charged off against the completion estimate of the Buckingham canal

SIR,

Enclosures /

Per B. No.
No 45757/1884

In returning the enclosure
of your Memorandum No. 17400
dated 29th October 1884, I have
the honor to observe, that in
pursuance of para 6 of G.O. No. 1974
of 18th May 1883, the bungalow at Lunero
was purchased, and the Government
thus settled the matter, so that they
were not liable to incur any expenditure
in the event of the property being
destroyed.

2. It was suggested that the
Salt Department would be glad
to make use of the bungalow at

31/8
a post house, but then had not
been any suspension in the Salt
Department; that there should
be a post house at Eminence, while
also there was an estimate provided
in the P. H. Department, for a
second stage post house, then the
Commissioners of Salt and Abolition
Revenue, now say that the building
is unnecessary, and not required
for his Office; and I am of opinion
that it may be treated as a Public
Works post house, and paid for
accordingly.
